H. E. Huston, Saltito's bustling merchant, spent a day or two in McConnellsburg last week. While Harry has been at Saltito less than two years, he has built up a business in that town of which he may justly be proud, and it is increasing in volume every day. This is largely due to the fact that he handles good goods, and stands ready to make good any representations he may make in a business deal.

Rev. E. R. Simons and family, spent ten days recently as the guests of Mrs. H. K. Markley at Warfordsburg. Mr. Simons was located there a few years ago as pastor of the Presbyterian congregation at that place and Back Valley. His old friends and neighbors extended a warm welcome to himself and his estimable wife. While there he preached an able sermon to a large and appreciative audience in the Presbyterian church.

Among the machines invented for labor saving, none have risen to the height of popularity in so short a time as has the gasoline engine. So great is the demand for them that it requires the many factories now turning them out to run almost day and night to keep in sight of their orders. The engine sold by our townsman Geo. B. Mellott, is all right, and if you are at all interested, it will pay you to see one, and learn about its capabilities, and get prices.

A sweet breath adds to the joy of a kiss. You wouldn't want to kiss your wife, mother or sweetheart with a bad breath. You can't have a sweet breath without a healthy stomach. You can't have a healthy stomach without perfect digestion. There is only one remedy that digests what you eat and makes the breath as sweet as a rose—and that remedy is Kodol for Dyspepsia. It is a relief for sour stomach, palpitation of the heart, and other ailments arising from disorder of the stomach and digestion. Take a little Kodol after your meals and see what it will do for you. Sold by Stouteagle & Bro.

We heard one of our young men making sport of religion in front of our office the other day. His moustache had just begun to sprout and judging from his talk his mental faculties were not as well developed as his moustache. During our brief stay upon earth we have seen many just such young men cold in death. We have seen the atheist at rest in his casket, but before consigned to their last resting place, they have all been carried through the doors of a church and had prayers said over them. This young man could scoff at religion in his strength and beauty of health, but if the dark angel should get after him he would instinctively regret what he said and look into the future with fear and trembling. When one stands before the open door of eternity his desire to scoff at religion vanishes. We admit there are bad men in the church, but even these black sheep in the flock might be blacker if they were outside. No young man, or old one either, should condemn the noble efforts the army of Christian men and women are making towards bettering the conditions of things, and whether we attend church or not, but few of us would desire to live in a community where there was no church. Young man, in the future, if you must scoff at religion, please get a little further from our office if you do not want to see your name in print.—Lewisburg Chronicle.

Not Gained Nor Lost.

SIPES MILL,
July 9, 1906.

As a taxpayer of Belfast township, I would say in regard to the discrepancy that Mr. J. T. Laley thinks he has discovered, that if he would take the trouble to add up the figures correctly, he would find that the taxpayers of Belfast have not gained nor lost a penny at the settlement; and if there were any mistakes made, they were publicly corrected. It is, therefore, not manly for any one to try to make it appear that there has been a wrong committed when none exists.

REUBEN S. MELLOTT,
