Birthday Party.

On Monday evening, July 9th, at the request of Mr. and Mrs. V. D. Schenck, quite a number of young people assembled at the home of Earl Schenck, much to his surprise, for the purpose of celebrating the passing of his 21st milestone on life's journey.

Of course, as is usual on such occasions, the young folks came prepared for a good time; but that there were other good things in waiting for them was only proven when at the proper moment, Mrs. Schenck invited them to the dining room, where they found a large table sumptuously laden with ice cream, cake, bananas, and lemonade.

While all present enjoyed the feast of good things, one young man, especially, was so taken with it that they found it more convenient to serve his ice cream in a medium sized fruit dish. It is said that he was killed.

After the young people had become quite tired out at their worth making, all returned, some to their own homes, and some to some other fellow's sister's home, bearing the wish for Earl.

THE ROUSS RACKET STORE

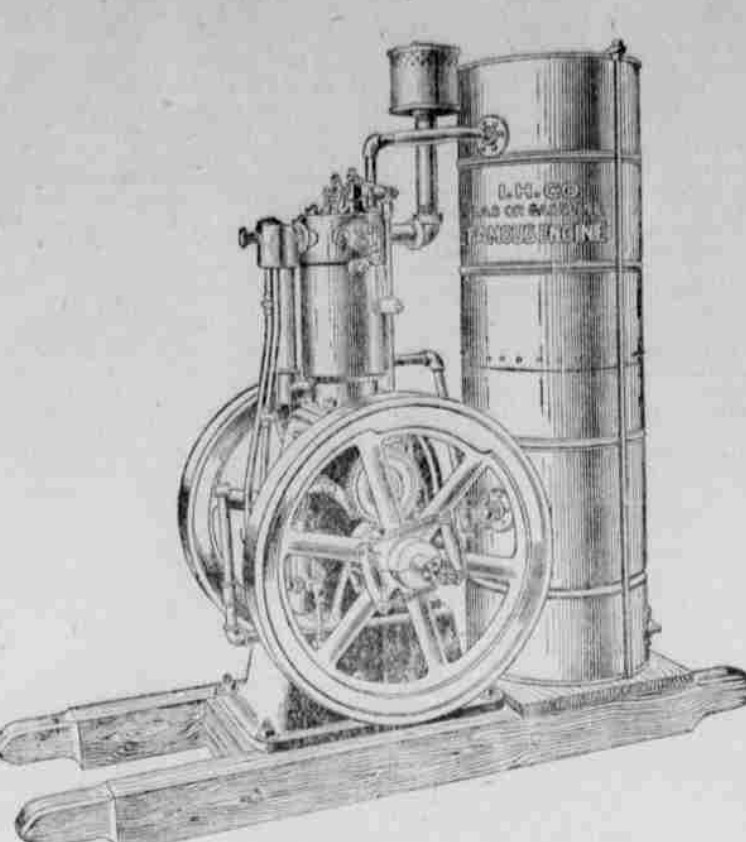

A couple weeks ago we made mention of our machine oil, and we are glad we did, for it has saved the farmers some, and made us a little money. We know we are selling just as good (and better) oil a 25c, than others are asking 40 and 50c for. If you have not tried this try it and be convinced. And this is not the only thing we save you money on. We have added to our increasing trade White Lead and Kellops pure Linseed Oil. The lead is the Dutchess, and is made by the oil process, and guaranteed to be as good, and better, than most white lead. It comes in 12, 25 and 50 pound buckets at 7c lb. Every one knows what Kellops' Linseed Oil is. We sell it at 50c gal. We also have turpentine, Japan dryer, shellac varnishes, and all colors ground in oil to mix paint. We were fortunate in getting 4 dozen of those good double bitted axes at 55c. Surely we have sold a nice lot of granite ware this season, and got a new lot last week. Kettles 10, 12, 18, 24, 30, 35, 38, to 50c. Coffee pots 23 to 35. Milk strainers 12 to 24c. Tin coffee pots 9 to 10c. Tin water buckets 10, 15 to 24c. Covered buckets 2, 3 and 4 qt., 5, 8 and 10. 4 double sheets fly paper 5c. Express wagons 98c, \$1.10 and \$1.35. Table oil cloth 12c.

Shoes! Shoes! Shoes! Shoes! We have lots of shoes but the one we wish to talk about this week is the Walk-Over. Do you know that this is the greatest shoe that is sold in the United States to-day? And, also, do you know that there is more of them sold than any other shoe made? This is the best evidence we, or any one else, can give that these goods are all right. In the past year Walkover has manufactured over one million five hundred thousand dollars worth more shoes than ever before in one year. We have sold twice as many as last year. It pays to buy Walk-Over. Try them, \$3.50 and \$4. See our line of children's, misses' and ladies shoes, we have them at old prices, 10c to \$1.25. HULL & BENDER, Proprietors.

Hurrah! For The I. H. C.

The Gasoline Engine is one of the most useful things a farmer can own. With one of these useful machines he can saw wood, grind feed, shell corn, pump water, and many other things. They are being used in some places for electric light plants. I have sold two since Jan. 1, 1906, and expect to sell several more before the year is up.

The demand for Pittsburg fence is still growing. This is a positive proof that it is all right. I have it on hand, and am selling it right along at the lowest price possible.
