Among the pigs that he is trying to get for next fall's butchering, is one runt Berkshire that weighs 800 pounds now. If you think you

Daniel B. Mock.

Daniel B. Mock was born in Tod township, this county, May 27, 1855. He was all his life a tiller of the soil—being first on the Bowman farm, the present residence of Stanley Snyder, from which place he moved to the farm he owned at the time of his death.

In November, 1874, he was married to Agnes W. Bowman. This union was blessed with five children, two of whom are dead—Charles W. and William U. Those living are Elsie, wife of John Reed of Mercersburg; Harry C., of Altoona, and Sadie, of Philadelphia. His first wife died in June 1882.

In the year 1885 he was married to Florence A. Bowman, and nine children were born to bless this union. The living are Charles of Altoona; and Effie, Scott, Alice, Mary and Murnie, at home.

Mr. Mock was a man highly respected in the community in which he lived. There was much that was commendable in his character. He was of a rather quiet unassuming disposition. A man of industry, faithfully following the occupation to which he felt himself called. He was a member of St. Paul's Reformed church, in which communion he died. After a lingering illness, dating from last fall he, last Sunday afternoon, quietly passed away, aged 51 years, 1 month, and 27 days.

The deceased is also survived by two brothers, George in Path Valley, and James in Morris Cove.

Henry Peck Graveyard.

Notice is hereby given to persons having friends buried in the Henry Peck graveyard, two miles south of Needmore, that there will be a meeting at that graveyard on Tuesday, July 31st, to clean up the yard, and to take necessary steps for placing a fence around the yard. Come in good time, and bring shovels, axes, and hoes, that a good day's work may be done. This is an old burying ground, and at present shows a neglect that is not altogether creditable to those having friends sleeping there. It is hoped that, at least, one representative from each family will be present.

THE GEISER MANUFACTURING COMPANY.
BURNT CABINS, PA.
for the sale of Traction and Portable Engines, Gasoline Separators, Clover Hullers, Sawmills, &c. Engines on hand all the time.

Hurrah! For The I. H. C.

Thanking those who have so liberally patronized me, and kindly soliciting the continuance of the same, I am Yours respectfully,

Geo. B. Mellott,
McConnellsburg, Pa.

The Gasoline Engine is one of the most useful things a farmer can own. With one of these useful machines he can saw wood, grind feed, shell corn, pump water, and many other things. They are being used in some places for electric light plants. I have sold two since Jan. 1, 1906, and expect to sell several more before the year is up.

The demand for Pittsburg fence is still growing. This is a positive proof that it is all right. I have it on hand, and am selling it right along at the lowest price possible.

The time for fodder twine is coming on, and I have just bought one and a half ton of it. I expect to sell it at a very close margin. See me before you buy.

My space in the paper does not give room to mention all the different kinds of goods I sell; but will name a few, such as:

- Machine oil, 18 to 37 per gal.; Lined oil, 50c a gallon; Harness oil, 60c a gallon; Cylinder oil, 50c gallon; Axle grease, 10 lb., 65c; Collars, Collar pads, Wires, Wire nails, Buggy tires, Horse shoes, White lead, 7 and 7 1/2 c.; Ready-mixed paint, \$1.15 a gallon; Shovels, Hoes, Picks, Trace chains, Halter chains, Fork handles, Pick handles, Hand saws from 40c. to \$2.50; Hay forks, rope and pulleys; Cross-cut saws, from \$1.10 to \$4.00; Single and Double Axes.

THE ROUSS RACKET STORE

A couple weeks ago we made mention of our machine oil, and we are glad we did, for it has saved the farmers some, and made us a little money. We know we are selling just as good (and better) oil a 25c than others are asking 40 and 50c for. If you have not tried this try it and be convinced. And this is not the only thing we save you money on.

We have added to our increasing trade White Lead and Kellor's pure Lined Oil. The lead is the Dutchess, and is made by the old process, and guaranteed to be as good, and better, than most white lead. It comes in 12, 25 and 50 pound buckets at 7c lb. Every one knows what Kellor's Lined Oil is. We sell it at 50c gal. We also have turpentine, Japan dryer, shellac varnishes, and all colors ground in oil to mix paint.

We were fortunate in getting 4 dozen of those good double bladed axes at 75c.

Surely we have sold a nice lot of granite ware this season, and got a new lot last week. Kettles 10, 12, 18, 24, 30, 35, 38, to 50c. Coffee pots 23 to 35. Milk strainers 12 to 24c. Tin coffee pots 9 to 16c. Tin water buckets 10, 15 to 24c. Covered buckets 2, 3 and 4 qt., 5, 8 and 10. 4 double sheets fly paper 5c. Express wagons 95c, \$1.10 and \$1.35. Table oil cloth 12c.

Shoes! Shoes! Shoes! Shoes!

We have lots of shoes but the one we wish to talk about this week is the Walk-Over. Do you know that this is the greatest shoe that is sold in the United States to-day? And, also, do you know that there is more of them sold than any other shoe made? This is the best evidence we, or any one else, can give that these goods are all right. In the past year Walkover has manufactured over one million five hundred thousand dollars worth more shoes than ever before in one year. We have sold twice as many as last year. It pays to buy Walk-Over. Try them, \$3.50 and \$4. See our line of children's, misses' and ladies shoes, we have them at old prices, 10c to \$1.25.
