FAST EXPRESS TRAIN WRECKED

Two Trainmen Killed and 15 Passengers Killed.

THE ENGINE RAN INTO LANDSLIDE.

Wreck of the Pacific Express on the New York Central and Hudson River Railroad Not Far From Poughkeepale One of the Fastest Trains on the Line Jumps the Track at Chelsen.

Fishkill Landing (Special), - Pacific express train No. 37, of the New York Central and Hudson River Railroad, which left the Grand Central Station, in New York, at 9.32 o'clock P. M. was wrecked shortly before midnight a short distance above Chelsea and 11 miles below Poughkeepsie by running into a landslide, which had been swept down from a high em-

The engine of the flyer was thrown from the rails and plunged into the river. Fireman Mills was killed outright, and Engineer Edward Wells, whose home is At the fourteenth annual meeting of in the Bronx, N. Y., was so hadly injured the United States League of Local Loan

Fifteen passengers were seriously injured and a score of others received The injured were taken to Highland

Hospital, at Matteawan.
All the doctors at Poughkeepsic and this place were called to the scene. During the afternoon and night heavy

the east side of the tracks and shortly before the arrival of train 37, tons of earth and rock slid out on the roadbed, covering the northbound track.

The express train was going swiftly when the engine plunged into the mass of earth and stone. The locomotive turned turtle and rolled over into the river. The heavy trucks of the baggage car and the first coach sank into the pile of earth and brought the remainder of the train to a sudden stop,

The passengers were thrown violently about the cars. The wrecked train was made up of four Pullman cars, six day coaches, one baggage car, one mail car and one combination baggage and mail car. Four of the day coaches were

Superintendent McCoy, of the Harlem Division, was in charge of the relief train that came from New York. On the train were 50 or more trained nurses and a number of physicians.

NEW PREMIER

Calls the Constitutional Democrats "Cadets."

SAYS THEY ARE THE AGITATORS.

He Says Nothing Is Purther From the Czar's Mind Than a Policy of Reaction, but Declares That the Revolutionists Must Be Crushed Before a Definite Constructive Policy Can Be Put Into Action.

St. Petersburg, (By Cable).-"Strong handed reform" is laid down by M Stolypin as the keynote of his administration, in an interview, in which the new Premier expressed his confidence that this policy, with the aid of the "in-nate patriotism of the masses" and the army, which, "in spite of all reports, is still loyal and reliable," will tide the country over until the convocation of the next parliament. He emphasized, as did Controller of the Empire Schwaue back, on Sunday, the belief that the out lawed parliament was neither representative nor canable of constructive work He spoke with special scorn of the lead ers of the Constitutional Democrats, no attempting to conceal his impression that the quasi-respectability of the party was but a gover for insincerity and truckling with the worst elements of the revolu-They did not honestly believe in either a general expropriation of land or in complete amnesty. Their advocacy of these features was merely a campaign cry. The Premier stated that the mem-

bers of parliament were not arrested for signing the Viborg manifesto, because that merely would have conferred a mild lars and state militia will take part in and much desired martyrdom on them, but they would be promptly held respon sible for the slightest attempt to preach to their constituents seditions doctrines uch as refusal to pay taxes or furnish

recruits to the army Premier Stolypin said, speaking feel-

"There has been no coup d'etat, and nothing has been done which was not stitutional methods. The Emperor was empowered by the fundamental law to Ambassador Leishmman reported his dissolve the Douma, and there was no arrival at Pera, the diplomatic suburb of other course open to His Majesty. The Douma as a whole was a dying body, The Guatemalan Government has re-turned to Salvador the prisoners taken prompt dispatch, terminating its unprofi-

Continuing, M. Stolypin said the Emperor's recent words had shown that parliament's agrarian manifesto was the last straw which caused the "cadets" (Constitutional Democrats) bubble to burst; but the whole proceedings parliament during the last few weeks had rendered its closing inevitable if

In reply to a question as to the role f the "cadets" M. Stolypin answered and doctrinaires, without policy or po litical substance. He differentiated between the really serious, patriotic members of the party and those whose sole aim was to oust the government and the Emperor, and whose inherent weakss was so patent even to themselves that they daily made greater concessions to the revolutionists both inside and outside of parliament. He considered that the tendencies displayed by the "cadets' as a body were highly dangerous, to use

no stronger word. Asked as to the extent the counteraction was likely to go, M. Stolypin re-

'At the present moment three policies are open to the Emperor and his advisers:

Reaction. Impassivity towards the threaten-

SOLVING MYSTERY OF CANCER.

English Experimenters Have Rendered Mice Immune.

London, (By Cable) .- As the result of experiments with mice, the superin-Fund laboratory announced at a meeting of the subscribers to the fund that the prospects of discovering the origin of cancer are more hopeful than ever her, but lost his wooden leg.

of cancer are more hopeful than ever Experts, he said, are now able to reproduce in mice all the features of spontane ous cancer and to protect healthy mice

from the consequences by inoculation the disease 90 developed tumors, but it the protected animals no tumors of curred. It had also been found that the body fluids of protected mice in-jected into mice with experimental cancer retarded the growth of well-estabished tumors. The superintendent said that the experiments must be carried further before it can be ascertained whether they will have a bearing on the treatment of the disease in mankind.

Lightning Melted Bells. Chambery, France, (By Cable) .-- A cloudburst, accompanied by lightning, about 35 miles from here. The lightning melted the church bells into a solid mas damage along the Franco-Italian border.

Old Maids and Bachelors.

Des Moines, Ia., (Special).-To marry or not to marry was the question which dominated the convention of the Bache lors and Old Maids at Forest City. The convention closed with the question undecided. Race suicide entered largely into its discussion, and the prevailing sentiment seemed to be that it were bet ter to have fewer marriages in the face of the records of the divorce courts. President Roosevelt was not indorsed because of his position on race suicide.

Blown Against Celling. Shelby, O. (Special) .- A terrific ex-

losion, followed by fire, wrecked the big Schwab & Clark grocery, and one mem ber of the firm and two children were pontaneously. Albert Clark, who was itting directly over the furnace, was blown to the ceiling and his life is de-spaired of. The two children were in cries brought the firemen to their rescue. | countries.

MR. SAGE BURIED IN STEEL VAULT DEFINES HIS PLAN Robbery of His Grave By Ghouls Mad:

Impossible. New York (Special).-The body of Russell Sage was taken to Troy and suried in Oakwood Cemetery in a steel empartment specially constructed to reist any attack that might be made apon it and to prevent the possibility of another robbery by ghouls like that of A. T. Stewart's remains. It was Mrs. Sage's idea to take every precaution to prevent the despoilation of her husband's

ast resting place.
The steel vault cost \$22,000 and was east in Albany. It is 7 feet 11 inches ong, 42 inches wide and 32 inches in depth, and is said to be absolutely burgar proof. On each side of the vaul here are four self-locking clasps. On each end are two clasps of the same ype. It is said that once locked they

cannot be opened. Between the clasps are heavy rivets, It weighs three tons and is said to be such fine-tempered metal as to be trong enough to withstand any number of charges of dynamite. As a matter of recaution, however, it is equipped with ectrical appliances that will give an darm in the event of the vault being ampered with. It is said that for the rst year a guard will be stationed near the vault at night to further insure it

cainst burglars The body of Mr. Sage was taken from his Fifth Avenue home and put on a special car attached to the Montreal express from the Grand Central Station at 0.45 o'clock A. M. Mrs. Sage, Col. J. I. Slocum, Mrs. Munn, the wife of Dr. John P. Munn; Mr. and Mrs. Charles E. Chapin and the Rev. Mr. Hageman, assistant rector of the Collegiate Church of St. Nicholas, went with the body to When the train arrived at the Troy station about 4,000 persons were waiting. The funeral car was detached and run over to the Oakwood Cemetery.

There was another crowd at the ceme tery; but a tent had been raised over the grave, which prevented these on the outside from seeing the burial services. Dr. Hageman read a short burial service. Mrs. Sage wept while the prayer was being read. The services were brief and then Mrs. Sage, with those companied her, returned to the special car which had brought them to Troy. They had to wait nearly three hours in the car before they started back again for New York, which they reached at 9 clock P. M.

A monument will be raised over the gave and on it will be this epitaph:
"I have done the best I could by the light of day."

Americans in Cuban Jell.

Havana (Special).-Senor O'Farrill, secretary of justice, was surprised to hear that Miss Brown, one of the three Americans arrested at Nueva Gerona, Isle of Pines, for building a private telegraph line, is still in jail there. He sagain ordered that she be removed to the house of the moyor. It is claimed that the judge who disposed of the case acted beyond his power in fining the three Americans \$100 between the the minimum fine provided for is \$100

Frisco Public Schools Reopen. San Francisco (Special).-The public schools of San Francisco opened Monday for the first time since the fire and were well attended. As nearly 30 school buildings were destroyed, the schools in some of the districts were badly over-crowded and will be ordered on the half-day plan until more facilities are provided The conditions, however, were more favorable than had been expected ducational authorities. School Director Oliver estimated that the registration is about 60 per cent, of the children regis-

tered before April 18,

aged 91 years. He was largely intereste in the borough's business interests. Mrs. Thomas Manion, of Pottsville widow of the Philadelphia & Readin conductor who was killed in the wree near Harrisburg on September 21, de to the maccuracy of the train dispatcher watch, was awarded the full amount a her claim for damages. She brough suit against the Pennsylvania Casualn Company, of Sranton, for \$1000, the amount of the face of her husband's poli cy in that company. The latter would not pay the money because the first and only premium was not paid by the in-

sured himself. The Smith Coal Company, of Wilimmsport, which some time ago leased the abandoned Evans colliery, at Beaver Meadow, began the work of installing a steam plant. Resumption of work at this colliery means employment for a east 500 men and boys,

Lebanon Police are mystified over the finding of a dead man in a wheat field just outside of the southern limits of the city. One hand clutched a loade revolver and a four-ounce bottle which near. The man had carried emblems the Patriotic Sons of America, Loy Americans and the Brotherhood of Rai and Trainmen. His watch and fingering contained the initials "T. H. F." Hereafter prisoners in the North

ampton County Jali will not be allowed o smoke cigarettes. Warden Collins has used an edict to that effect, and no igarettes, cigarrette papers or tobacco r using the same will be given the prisoners. There are five boys in jail at resent who were habitual cigarette mokers. Although the warden tried to prevent them from getting the weed hey always managed to have a supply t was found upon investigation that tobacco and papers. When the warden found that he could not regulate the garette smoking he ordered it be cut ut altogether, prohibiting their use by the older as well as the juvenile prison-Most of the smokers have taken

vere roused early the other morning by he falling of chimneys. It was found to be a settling of the earth from mining operations conducted by the Eric the cave-in is slight, much alarm is felt for fear further settling of the urface will follow. Coroner A. L. Gillars, of Schuylkill County, was held up by a robber on a lonely highway just beyond Pottsville's western suburb. The highwayman seized the horse by the horse

revolver, demanded the Coroner's valu ables. The plucky doctor, pretending to comply, reached for his whip and dealt robber a blow on the head which felled him, and drove away. The police are working on the case.

Lieutenant William M. Swarm and First Sergeant Harry C. Dimon, of the State Constabulary, Troop B, stationed at Wyoming, resigned. Their resignations were accepted by Captain Page and forwarded to Supt. Groome. They have been members of the troop sizes it.

the horse by the bridle and, drawing a

have been members of the troop since it was organized. While suffering from temporary mental abergation, brought about by illness and worriment over the death of her sister last week, Mrz. Elizabeth Short, wife of John Short, of Lancaster, made an unsuccessful attempt to end her life by cutting her throat. The woman went to the kitchen, where she procured a knife, and, going to her bedroom, gash-

ed her throat. Her groans attracted the attention of other members of the family, who found her covered with She may recover Deputy Secretary of Agriculture Martin made the prediction that this would be a banner year for crops of all sorts in Pennsylvania. Mr. Martin has spent the past three weeks in a tour of the

agricultural districts of the State.

State Zoologist Zerfass is about to send to each county in Pennsylvania for the use of its public schools a collection of scakes found in this State with a chart showing the food of these reptiles, the ramineations of the snake family, and the geographical distribution of the various species. The snakes will be used for educational purposes so that the teachers and pupils may be able to recognize the varieties from their appearance whether they are poisonous or not.

A swarm of hornets held up J. R. Mallery, proprietor of the Mallery Hotel, Junita, on his way to his farm, in Sinking Valley. Their nest had been disturbed and they were out looking for the vandals, when Mallery drove up-Settling on the horse and driver, they instantly got busy, with serious results. Stung in numerous places, the horse ran away, throwing the driver out. Mallery was also plentifully stung, and the pain

almost drove him crazy A movement is on foot among the banks of Stewartstown, New Freedom and Shrewsbury, in York County, to close Saturdays at noon.

G. E. Potteroff, contractor at North York, has been awarded the contract to erect the Masonic Temple at Havre de Grace, Md. A petition will be presented to the York County court requesting the public

opening of Leeder's Lane, near Paradise. This lane has been used for over 100 years, but was never declared a public James R. Marray, one of the oldest residents of northern Chester County,

died at his home in Nantmeal Village, aged 71 years. For fifty years he was in the undertaking business Three brothers, Authony, Thomas and John Marchiditis, were severely burned by an explosion of gas in the Notting-

Barre Coal Company, at Plymouth. They were working together and it is

beved that their naked lights ignited a body of gas, While apparently in the best of health, John R. Shellenberger, of Duncannon, aged 52 years, was engaged in removing a tree from along the sidewalk within a few feet of his home, when he was stricken with apoplexy and died in a few minutes.
