**FACTS ABOUT DOPED WHISKEY.**  
The Eight Year Old Kind is Made Between Sunrise and Sunset.  
Some interesting facts were brought out in the congressional pure food debate, regarding the making of whiskey. Doped whiskey, according to Representative Richardson of Alabama, runs as high as 105,000,000 gallons a year in the country's total output, leaving 2,000,000 for the real article.

Eight-year-old whiskey is made between sunrise and sunset, at which rate it would take less than forty-eight hours to produce a twenty-year-old brand. Mr. Richardson's statistics were powerfully illustrated by Mr. Shirley, who comes from the state where, according to tradition, "there is no bad whiskey."  
The gentleman from Kentucky took a quart of Alcohol, 100 proof, added a little coloring matter and some essence of bourbon to the white liquid, and then defied "any connoisseur in the house" to tell the real from the imitation article. "This hellish mixture," said Mr. Shirley, with some feeling, "will eat the intestines out of a coyote. It will make a howling dervish out of an anchorite. It will make a rabbit spit in a bull-dog's face."

**All That Belonged.**  
An old, rich bachelor, who never could keep his servants, asked one recently employed, to bring him his pipe. It was brought.  
"Bring me the ash tray and matches also. Whenever I ask for anything, bring all that goes with it, too."  
Soon after the old man became ill. He sent the servant for the doctor. To the great astonishment of the patient, he came back not only with the doctor, but with the undertaker, the grave digger and two or three other men.  
"Who in the world are all those people?" shrieked the sick man.  
"You told me," he explained, "that when I was ordered to get you anything I should bring all that belonged to it—and all that."

**Resolutions of Respect.**

Whereas, It hath pleased almighty God in his infinite wisdom to remove from our midst our beloved sister, Margaret Greenleaf, be it resolved—That a bereaved and faithful and earnest member of our Epworth League—

That we extend to the family and friends our heartfelt sympathy, and trust that in this time of deep bereavement, they may be able to see God's hand working in and through all; and may His sweet peace and contentment abide in their hearts, causing them to feel that this trial would never have come unless it pleased God; and to feel that "our light affliction which is but for a moment, worketh for us a far more exceeding and eternal weight of glory."  
That two copies of these resolutions be written: one of which shall be sent to the family, and the other be published in the county paper.

**THE ROUSS RACKET STORE**

A couple weeks ago we made mention of our machine oil, and we are glad we did, for it has saved the farmers some, and made us a little money. We know we are selling just as good (and better) oil at 25c. than others are asking 40 and 50c for. If you have not tried this try it and be convinced. And this is not the only thing we save you money on.

We have added to our increasing trade White Lead and Kellogg's pure Linseed Oil. The lead is the Dutchess, and is made by the oil process, and guaranteed to be as good, and better, than most white lead. It comes in 12, 25 and 50 pound buckets at 7c. lb. Every one knows what Kellogg's Linseed Oil is. We sell it at 50c gal. We also have turpentine, Japan dryer, shellac varnishes, and all colors ground in oil to mix paint.

We were fortunate in getting 4 dozen of those good double blitted axes at 55c.  
Surely we have sold a nice lot of granite ware this season, and got a new lot last week. Kettles 10, 12, 18, 24, 30, 35, 38, to 50c. Coffee pots 23 to 35. Milk strainers 12 to 24c. Tin coffee pots 9 to 16c. Tin water buckets 10, 15 to 24c. Covered buckets 2, 3 and 4 qt., 5, 8 and 10. 4 double sheets fly paper 5c. Express wagons 98c, \$1.10 and \$1.35. Table oil cloth 12c.

**Shoes! Shoes! Shoes! Shoes!**

We have lots of shoes but the one we wish to talk about this week is the Walk-Over. Do you know that this is the greatest shoe that is sold in the United States to-day? And, also, do you know that there is more of them sold than any other shoe made? This is the best evidence we, or any one else, can give that these goods are all right. In the past year Walkover has manufactured over one million five hundred thousand dollars worth more shoes than ever before in one year. We have sold twice as many as last year. It pays to buy Walk-Over. Try them, \$3.50 and \$4. See our line of children's, misses' and ladies' shoes, we have them at old prices, 10c to \$1.25.

**Flickerville's Bargain Store!**

I am now ready to open my New Store at the little village called Flickerville, which is near the Loudon Grove postoffice, in Whips Cove. I will give you a little sketch of the line which I expect to handle and the produce I expect to take in exchange.

Butter, 20c cash, and 22c trade; Eggs 12c cash, and 14c trade; Potatoes, Meat, Lard, Beans, Dried Apples, all taken in exchange for goods. Maslin bleached and unbleached, percales, lawns and all kinds of fancy dress goods. Ladies' and Misses Dress Skirts from \$1.50 up. Under Skirts 75c, calico 4 to 7c a yard.

Men's all-ready-made work and dress pants, 50c to \$2 per pair. Men's and boys' dress hats from 50c to \$1 each; Ladies', Misses and Children's trimmed hats from 50c to \$3.25 each, children's caps 25c each. Table oil cloth 15c yard, or 14c by the roll, why pay 18 to 20 cents elsewhere. Straw matting 12c yard; Ingrain carpet 25c yard; Window curtains at 7c pair; Curtain Poles 10c a piece; Bed spreads 90c up.

5 gallon oil cans at 75c each, also will fill them at 10c per gallon, single gallon 12c. Granulated sugar at 5c; Scrap Hinges, door knobs, rakes, hoes, single trees, and all kinds of hardware.

Come one come all now, no trouble to show good sell or not. Upholstered couches \$5, why pay \$8 or \$7 when you can get them cheaper. Large Mirrors, nice frames for 10c to \$1.25. Ladies' handkerchiefs, ribbons, laces, embroideries, and collars for both men and women.

**D. C. MELLOTT.**

**Hurrah! For The I. H. C.**

The Gasoline Engine is one of the most useful things a farmer can own. With one of these useful machines he can saw wood, grind feed, shell corn, pump water, and many other things. They are being used in some places for electric light plants. I have sold two since Jan. 1, 1906, and expect to sell several more in the next year or so.

The demand for Pittsburg fence is still growing. This is a positive proof that it is all right. I have it on hand, and am selling it right along at the lowest price possible.

The time for fodder twine is coming on, and I have just bought one and a half ton of it. I expect to sell it at a very close margin. See me before you buy.

My space in the paper does not give room to mention all the different kinds of goods I sell; but will name a very few such as:

Machine oil, 18 to 37 per gal.; Linseed oil, 50c a gallon; Harness oil, 60c a gallon; Cylinder oil, 35c a gallon; Axle grease, 10 lb. 95c; Collars, Collar pads, Wire, Wire nails, Buggy tire, Horse shoes, White lead, 7 and 7 1/2; Ready-mixed paint, \$1.15 a gallon; Shovels, Hoes, Picks, Trace chains, Halter chains, Fork handles, Pick handles, Hand saws from 40c. to \$2.50; Hay forks, rope and pulleys; Cross-cut saws, from \$1.10 to \$4.00; Single and Double Axes.

Thanking those who have so liberally patronized me, and kindly soliciting the continuance of the same, I am  
Yours respectfully,
