DIED PLAYING CARDS.

Other Gamblers Fled when Death Overtook One of Their Number.

While playing cards with at least a score of other colored men near Pond Bank, Franklin county, on Sunday, Isaac Wright fell dead. All of his companions, with the exception of one or two who remained with the body, fled in terror, believing the death of Wright a visitation of providence. Wright was 40 years old and the father of six children. It is said the colored men of that vicinity were in the habit of congregating in the vicinity of Pond Bank each Sunday to gamble. They were in the midst of an exciting game when Wright was suddenly stricken with illness and before a physician could be summoned he had fallen over dead.

Daniel Black, son of John R. Black, near Three Springs, a victim of the explosion at Woodvale, died last week and was buried on Wednesday at Saltillo.

Harvey McQuait, of Dublin Mills, met with an accident on last Friday, while sawing shingles on the mill of his father-in-law, C. C. Keelia, his left hand coming in contact with a buzz saw, sawing off part of three fingers and lacerating the other two, leaving the thumb and little finger. Dr. R. B. Campbell was called and amputated three fingers above where they were sawed off, and dressed the other two. This is very unfortunate for Harvey, and was his first day on the mill for years.

On last Friday, A. D. Keith, Thos. Ramsey and Amon Keith went up on Rays Hill mountain, above the Camp ground, passing the famous Snake den, to look for huckleberries, and ran into a home of snakes. They succeeded in killing 15 copperheads and five rattlesnakes, all large ones, and was only up against the work when a storm arose, or, no doubt, could have dispatched many more. If any reader doubts this story, come and visit this snake den some hot day and get a little experience along that line. First get your nerves in order with plenty of "snake bite compound", then go and tell the editor your experience or bring him along as witness, but keep the compound out of his reach.

In Memoriam.

The joint committees appointed by Waterfall Lodge, No. 773, I. O. O. F., and Washington Camp, No. 479, P. O. S. of A., of New Grenada, Pa., on memorial resolutions respecting the death of Edward A. Alloway, Past Grand and Past President, confess an unusual embarrassment in the discharge of their duties. This has arisen in part from the intimate relations we have personally sustained to the brother, and on account of his sudden untimely death in the explosion at Woodvale mines, on the morning of July 23d, we feel a desire that our report should voice if possible the treasured sympathies and memories which have been hallowed by our Fraternal orders. The desire to do something for mankind is the noblest ambition of man; it is the ambition of a true odd fellow and P. O. S. of A. It is the fate and noblest destiny, with rare exceptions, of the great and good, to work and let others reap the harvest of their labors, to be repaid for services with, at best, indifference or cold ingratitude. His influence lives, and the great future will obey, we linger lovingly over his virtues. No man, no matter how indifferent or how careless he may be, can stand beside the body of his friend and brother with out feelings of sadness and thoughtful reflections upon the changes so suddenly made when life escapes from the body. Thus do we mourn the absence of the familiar face, and we sorrow, but they are only reminders of our desolation, not that of our dead. When we too have solved the mystery of life, may we be able to say, "farewell, dear brothers, we hope to meet you in that eternal home."

Edward A. Alloway was born in Wells Valley, September 3, 1873, died July 23, 1906, aged 32 years, 10 months and 7 days; was admitted to membership in Waterfall Lodge, I. O. O. F., July 21, 1901; was a Past Grand and Past Representative; was a charter member of the Washington Camp P. O. S. of A., instituted on February 15, 1895, of which he was P. Pres.; was in good standing in both orders at time of his death. The Lodge and Camp have lost a faithful and zealous brother; the community a good and useful citizen; the home a loving husband and father. We extend our sympathy and helping hand to the bereaved family, pointing them to the giver of all good and precious gifts for succor, in this the dark hour of trouble and grief.

A widow and four children are left to struggle alone through life. Brothers don't forget the motto: "Visit the sick, bury the dead, relieve the distressed and educate the orphans." By resolution we drupe our charter in mourning for 30 days, have them published in Fulton County News; record them in minute books of both orders, and send a copy to the bereaved family.

HEAVY ELECTRIC STORM.

Mrs. B. R. Simpson, of Thompson Township Badly Shocked

During an unusually heavy Electric Storm which passed over the lower end of the Cove on Monday, the lightning struck the telephone wires running into the house of Mr. B. R. Simpson, at Dickey's Mountain, post office, in Thompson township. In putting in the wire it appears that the lightning arrester was put on the wrong wire and the lightning entered the house instead of going down the ground wire. Mrs. Simpson was sitting in the room at the time, and the shock was so great that it knocked her off the chair, rendering her unconscious. It happened that Dr. Sappington was in the neighborhood at the time and he was quickly summoned. He found Mrs. Simpson in a precarious condition, her left side being effected, but by the use of restoratives she was revived and at last accounts was doing well. The storm was an unusually heavy one and was accompanied by hail. No damage was done the building except a part of a screen door was torn out. Mrs. Simpson made a very narrow escape. Had Dr. Sappington not been in the vicinity it is more than likely she would not have survived the stroke.

EVERYBODY HAD FISH.

More than 2500 Taken from Dam Near Greencastle with Wire Nets.

More than 2500 carp were taken from a dam near Greencastle on Saturday afternoon. The exact number was 2591 and the catch weighed 1127 pounds. Nearly everybody in town had fish to eat Saturday evening and Sunday. Employees of the Geiser Co., headed by Wilham Geesaman, William Bricker, and Ira Funk, had been invited by George Long to assist in capturing the carp. Long conducts a chopping mill at what is known as the second dam, a mile west of town. Some time ago he announced his intention of draining the pond and made arrangements with Fish Commissioner Meehan to take the carp from the dam. Large wire nets were used. The banks were lined with several hundred people. The work was not quite finished and Mr. Long said he would complete the work of draining Monday, at which time more carp will be taken out.—Spirit.

Farmer Brown had apples green hanging on a tree. Jonny spied them—"I'll take two—one for you and me." When 'twas over mother said, "Now run out and play—Lucky for you that Casca sweet was in the house to-day." Just what is in Casca sweet is on the bottle in plain English. 50 doses 25 cents. Sold by Trout's Drug store.

Mr. and Mrs. M. W. Nace entertained a large number of friends last Friday evening.

THE ROUSS RACKET STORE

A couple weeks ago we made mention of our machine oil, and we are glad we did, for it has saved the farmers some, and made us a little money. We know we are selling just as good (and better) oil as 25c, than others are asking 40 and 50c for. If you have not tried this try it and be convinced. And this is not the only thing we save you money on.

Shoes! Shoes! Shoes! Shoes!

We have lots of shoes but the one we wish to talk about this week is the Walk-Over. Do you know that this is the greatest shoe that is sold in the United States to-day? And, also, do you know that there is more of them sold than any other shoe made? This is the best evidence we, or any one else, can give that these goods are all right. In the past year Walkover has manufactured over one million five hundred thousand dollars worth more shoes than ever before in one year. We have sold twice as many as last year. It pays to buy Walk-Over. Try them, \$3.50 and \$4. See our line of children's, misses' and ladies shoes, we have them at old prices, 10c to \$1.25.

Look! Read! Buy! Flickerville's Bargain Store!

I am now ready to open my New Store at the little village called Flickerville, which is near the Loonst Grove postoffice, in Whips Cove. I will give you a little sketch of the line which I expect to handle and the produce I expect to take in exchange.

D. C. MELLOTT.

Hurrah! For The I. H. C.

Thanking those who have so liberally patronized me, and kindly soliciting the continuance of the same, I am Yours respectfully,

Geo. B. Mellott, McConnellsburg, Pa.

The Gasoline Engine is one of the most useful things a farmer can own. With one of these useful machines he can saw wood, grind feed, shell corn, pump water, and many other things. They are being used in some places for electric light plants. I have sold two since Jan. 1, 1906, and expect to sell several more before the year is up.

The demand for Pittsburg fence is still growing. This is a positive proof that it is all right. I have it on hand, and am selling it right along at the lowest price possible.
