Saw!Snakes

Our good Methodist brother, J. H. Covalt, of Covalt Postoffice, this county went up to Maddeusville and attended campmeeting. There was not anything in his conduct while at that place to attract unfavorable comment from any one who saw him there; in fact, Mr. Covalt believes that people who do not go to religious gatherings to get good for themselves, and lend encouragement to others who may be trying to do right, had better stay at home. There is, perhaps, no sadder thought than to learn that those in whom we have always had the most implicit confidence for rectitude should disappoint our expectations, and here comes the sordid part of our story. We are reliably informed by one of Mr.

Covalt's neighbors—no that wouldn't be if he could, and couldn't lie if he would, that however surprising it may be to Mr. Covalt's friends, that after returning from campmeeting, Mr. Covalt, although a temperance man, saw snakes last Sunday, and plenty of them too.

The explanation of the matter, as given by our informant, is about as follows: It seems that on last Sunday, Mr. Covalt's attention was attracted to the some what excited conduct of his faithful dog, "Bounce," and upon investigation, Mr. Covalt found that Bounce had located a colony of copperhead snakes, and was doing his best to get his master's assistance. When Mr. Covalt arrived on the scene, he and Bounce gave battle to their venomous foes, and when the dust and smoke had cleared away, thirty copperheads, some younger, some older, were counted among the slain.

That's all.

A System for Keeping Young.

"Here is a summary," writes Harriet Martin in the New Idea Woman's Magazine for September, "of a number of rules that can keep the busiest, the most beautiful, the plainest, the cleverest, the stupidest woman young all her life: Have a conscious determination to keep sweet mentally; a determination to use your brain, few or many as the case may be, to develop them in every possible way in order that your increasing mentality as the years pass may show to your countenance; have a determination, having developed your brains, so to use them that your words and actions may be sensible and therefore suitable to your time of life, and that your dress may evidence a fineness of taste in keeping with your general good judgment. Having thus attended to the only part of your life over which you really have the responsibility, await events, never attempt to hurry them, remembering that 'thy fate is hurrying after thee.'"

The reason that so many jokes are made about woman's age lies mainly in her strong dependence on her looks. Men, vain as they are, are vain more of their strength than anything else. Strength does not fade as do women's charms, such as delicate beauty and slenderness of form. So the men getting on in years have the advantage. Just as soon as women in their looks—face, figure and dress—learn how to become more rather than less, attractive, the joking will cease."

Don't drag along with a dull, bilious, heavy feeling. You need a pill. Use DeWitt's Little Early Risers, the famous little pills. Do not sicken or gripe, but results are sure. Sold by Trout's Drug Store.

SHOOTING AFFRAY.

John Husler, of Dublin Township, receives bullet wound in head at Fort Littleton last Saturday Evening.

HEARING BEFORE JUSTICE WIBLE.

A fracas occurred at the hotel in Fort Littleton last Saturday evening, in which Adolphus S. Jones was pretty badly slashed with knives, and John Husler was wounded in the head with a shot from a revolver in the hands of Miller S. Jones, the proprietor of the hotel.

There are so many stories afloat as to the cause of the trouble, that the News does not deem it wise to say anything at this time that would influence public sentiment in favor of one or the other of the parties concerned.

It seems that a party of Robertsdale miners were staying at the hotel, and that they had returned for the night Thomas Husler and his son John went up stairs in the hotel, and the proprietor hearing a racket, went up and asked the Huslers to leave. This they declined to do, and a free fight ensued. When it was over, John Husler had a bullet wound in his head, and the Joneses—Adolphus and Miller—were pretty badly cut with knives.

Thomas Husler came to town yesterday and made information before Jus ice of the Peace Wible charging Adolphus Jones with assault, and Miller Jones, with aggravated assault—shooting his son John. Adolphus and Miller were both in town and at once entered bail—Adolphus in the sum of \$300, and Miller, in the sum of \$1000 for their appearance at the hearing before Justice Wible which is set for August 30th.

Hurrah! For The I. H. C.

The Gasoline Engine is one of the most useful things a farmer can own. With one of these useful machines he can saw wood, grind feed, shell corn, pump water, and many other things. They are being used in some places for electric light plants. I have sold two since Jan. 1, 1906, and expect to sell several more before the year is up.

The demand for Pittsburg fence is still growing. This is a positive proof that it is all right. I have it on hand, and am selling it right along at the lowest price possible.

The time for fodder twine is coming on, and I have just bought one and a half ton of it. I expect to sell it at a very close margin. See me before you buy.

THE ROUSS RACKET STORE

A couple weeks ago we made mention of our machine oil, and we are glad we did, for it has saved the farmers some, and made us a little money. We know we are selling just as good (and better) oil a 2c. than others are asking 40 and 50c for. If you have not tried this try it and be convinced. And this is not the only thing we save you money on.

We have added to our increasing trade White Lead and Kellogg's pure Linseed Oil. The lead is the Dutchess, and is made by the oil process, and guaranteed to be as good, and better, than most white lead. It comes in 12, 25 and 50 pound buckets at 7c lb. Every one knows what Kellogg's Linseed Oil is. We sell it at 50c gal. We also have turpentine, Japan dryer, shellac varnishes, and all colors ground in oil to mix paint.

We were fortunate in getting 4 dozen of those good double bit ax heads at 55c.

Surely we have sold a nice lot of granite ware this season, and got a new lot last week. Kettles 10, 12, 15, 24, 31, 35, 38, to 50c. Coffee pots 23 to 35. Milk strainers 12 to 24c. Tin coffee pots 9 to 10c. Tin water buckets 10, 15 to 24c. Covered buckets 2, 3 and 4 qt., 5, 8 and 10. 4 double sheets by paper 5c. Express wagons 98c, \$1.10 and \$1.35. Table oil cloth 12c.

Shoes! Shoes! Shoes! Shoes!

We have lots of shoes but the one we wish to talk about this week is the Walk-Over. Do you know that this is the greatest shoe that is sold in the United States to-day? And, also, do you know that there is more of them sold than any other shoe made? This is the best evidence we, or any one else, can give that these goods are all right. In the past year Walkover has manufactured over one million five hundred thousand dollars worth more shoes than ever before in one year. We have sold twice as many as last year. It pays to buy Walk-Over. Try them, \$3.50 and \$4. See our line of children's, misses' and ladies shoes, we have them at old prices, 10c to \$1.25.
