LEE KEYSER M'GAW.

Visiting the Home of His Childhood. Now a Prominent Citizen of Omaha, Neb.

Mr. and Mrs. L. K. McGaw and their daughters, Misses Nelle and Opal, are registered at the Fulton House. Mr. McGaw's father, William McGaw, was one of McConnellsburg's enterprising merchants seventy-five years ago, and kept store in what is better known as the old coach shop torn down a few years ago to make room for the present residence of John Sheets.

Lee was born in the house in which Dr. Dalbey now lives, in 1837, and left McConnellsburg when he was six years of age. His wife is a native of Caswell, Huntingdon county, and removed from that place when she was 1 year old. Mr. and Mrs. McGaw and daughters expect to go from here to Cassville, to see the old home of Mrs. McGaw.

Letter to Christ Shimer, McConnellsburg, Pa.

Dear Sir: We shall feel obliged if you write us how you came out on your first few jobs Devoe, as to gallons expected and used.

Take Job A. You made your price, expecting to use 25 gallons Devoe, and used 15. Job B. You expected to use 15 and used 10. And tell us what paint you had used before. Of course, you judge Devoe by what you have used before.

Here's how a few came out. M. A. Thomas, painter, Lynchburg, Va., writes: My first job with Devoe, I estimated 37 gallons; it took 25. Since then I have used nothing else.

C. B. Edwards, Raleigh, N. C., had used 30 gallons paste paint on his house, and bought 30 gallons Devoe; A. E. Glenn, his painter, said it wouldn't be enough. Had 16 gallons left.

Mayor W. W. Carroll, Monticello, Florida, writes: Painter estimated 35 gallons for my house took 20 gallons Devoe.

Gilmore & Davis Co., contractors and painters, Tallahassee, Florida, say 2 gallons Devoe spreads as far as 3 of any other paint they know, and covers better.

S. A. Bullard, painter, Sanford, Florida, estimated 50 gallons for Odd Fellows and Masonic Halls; they took 29 Devoe.

Jones & Rogers, Merick, Texas, estimated 10 gallons Devoe for Mr. Pratt's house and bought 2 gallons for first coat; it painted two coats.

Erb-Springall Co., San Antonio, Texas, painted two houses same size for D. J. Woodward, one lead and oil, the other Devoe. Devoe cost \$12 less for paint and labor.

Tom Masey's painter, Walnut Springs, Texas, estimated for his house 10 gallons Devoe; he had 4 left.

You see how it goes. Even the best painters can't guess little enough at first.

Yours truly F. W. DEVOE & Co., New York. P. S.—F. C. Bare, Fort Littleton, sells our paint.

INCENDIARISM. House Burned on Timber Ridge, and Lumber Pile near Covalt, in Thompson Township.

Thompson township is hardly ripe for the millennium, either, if one may judge from some of the things that have taken place down there recently. They don't steal meat, but there is some one who does not hesitate to apply the midnight torch to his neighbor's property.

In these days of rush and hurry courtesy is often forgotten. In the mad, pell mell rush of our life little things are done to offend that we rather remained undone. A nastily eaten meal and its resultant headache may cause us social or financial loss.

Hurrah! For The I. H. C.

The Gasoline Engine is one of the most useful things a farmer can own. With one of these useful machines he can saw wood, grind feed, shell corn, pump water, and many other things. They are being used in some places for electric light plants. I have sold two since Jan. 1, 1906, and expect to sell several more before the year is up.

The demand for Pittsburg fence is still growing. This is a positive proof that it is all right. I have it on hand, and am selling it right along at the lowest price possible.

The time for fodder twine is coming on, and I have just bought one and a half ton of it. I expect to sell it at a very close margin. See me before you buy.

My space in the paper does not give room to mention all the different kinds of goods I sell; but will name a very few: such as:
