"Our baby had that dreadful complaint, Infantile Eczema, which afflicted him for several months, commencing at the top of his head, and at last covering his whole body. His sufferings were untold and constant misery, in fact, there was nothing we would not have done to have given him relief. We finally procured a full set of the Cuticura Remedies, and in about three or four days he began to show a brighter spirit and really laughed, for the first time in a year. In about ninety days he was fully recovered. Praise for the Cuticura fully recovered. Praise for the Cuticura Remedies has always been our greatest pleasure, and there is nothing too good that we could say in their favor, for they certainly saved our baby's life, for he was the most awful sight that I ever beheld prior to the treatment of the Cuticura Remedies. Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to insist upon such knowledge. This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curally virtual

The brilliant diamond has had its day. Uncle Sam, upon seeing the same, threw up his hands at the Custom House and demanded \$120,000. Now all Newport is wild to see the pearls, which are safely guarded in the big burglar-proof safe at the Leeds cottage. The necklace is more than passing fair. Never were pearls of Cleopatra more perfeetly matched. The arrangement is Oriental, consisting of 60 pearls ranging in size from 25 to 40 grains, white spheres and perfectly graduated.
