

HAD TO USE A CANE.

Weakened Kidneys Made an Ewood, Ind., Man's Back Give Out.

R. A. Pugh, transfer business, 2023 North B Street, Ewood, Ind., says: "Kidney trouble laid me up for a long time, and when I was able to be up I had to use a cane. I had terrible back-aches and pain in the shoulders. The kidney secretions were dark colored. After doctoring in vain I began using Doan's Kidney Pills. Three boxes cured me entirely, and I am glad to recommend them."

The Girl Of Nineteen-Seven. A typical girl of 1907 stood inside a drawing-room the other day. Her hair was parted and allowed to ripple over her temples. Around her head were bound two great flat Dutch braids so heavy that they made a great halo around her brow.

A great, beautiful bow of ribbon crowned her head. The effect was simple and too sweet for anything.

The girl of 1907 will be very tall. She may have to resort to Cuban heels and to stretching exercises, and she may want to pile braids on top of her head and to wave her hair high. She will be tall and she will be slender.

Living skeletons were the fashion last summer in London. They looked healthy and they acted as if happy, and while they were lean, yet they were not angular. To attain this means art was combined with science.

The best professional models are now taking a double set of lessons in massage. There are two kinds of massage. One kind develops and the other kind reduces. Women who are wide awake are practicing both kinds.

It costs a professional model something to live and keep her figure these days. She must have two sets of massage operators. She must have one masseuse who understands the art of pounding away the flesh and another one who understands the art of putting it on.

A Cure For It. Hicks—He doesn't spend much time at home, you say? Wicks—No, she has become so crabbed of list that she has joined a club and puts in her time there. Hicks—Why, he used to dote on her. Wicks—Yes, but now he is using the cures as an anti-dote.—Philadelphia Ledger.

The Farmer's Wife

is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every taintful or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad food.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best agents known to medical science for the cure of the above symptoms are the ingredients of the medicine of Dr. Pierce's Golden Medical Discovery. This medicine is made from all the several schools of medical practice, have been skillfully and harmoniously combined in Dr. Pierce's Golden Medical Discovery. This is absolutely true and will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a free copy of his booklet, "Extra from the standard medical authorities, giving the names of all the ingredients entering into his world-famous medicines and showing what the most eminent medical men of the age say of them."

Our Millionaires Are Our Greatest Failures.

William Allen White, in the American Magazine.

The greatest failures in our modern life are our millionaires. As a rule they have accumulated money without giving society a just and equitable return for that money; they have acquired what seems to them a vast amount of power, without intelligence to use it, and they are going through life looking for joy and happiness, but finding only pleasure that burns out their souls and does not satisfy their hearts. To get their money they have developed their cunning and stunted their candor; they have deceived and bullied and sometimes killed the man in their own hearts, and have let a demon lust for gain reign in their souls. Often the man who was killed himself in an empty heart—a pious show, full of nice saws and good intentions, and the crackling laughter of the fool, but the good man is only a ghost; he has no real part in the rich man's life. Supposing the pious ghost that haunts the richest man in the world desired to get aside half of his millions to promote the cause of the Christian religion. His money would accomplish but little. The worst blow the organized Christian religion might have would be that money. For the man's life is so well known, his character is so thoroughly despised, that all the preaching of the paid preachers would be futile against the influence of that one life. "How can I hear what you say," says Emerson, "when what you are keeps thundering in my ears?"

THE SILENT OPINION.

What Men Think of Women and Women of Men.

Most men have some silent opinions about women and most women about men. There are certain types of face, certain kinds of manner, certain methods of expression even, which many men and women are atterly condemned in the minds of some of their brothers and sisters. A disposition to dislike certain types of face is at times so strong as to suggest a previous existence.

Blind Poodle, Historical Marvel.

There was a man in our town and he was a historical marvel. He jumped into a bramble bush and scratched out both his eyes; and when he saw his eyes were out, with all his might and main, he jumped into another bush and scratched them in again.

Lizzie Went To Jail.

Because Lizzie Quelette is a good servant during her periods of sobriety Magistrate Smith of Long Island City has been somewhat indulgent with her in the past. His knowledge of the girl's good qualities is complete, and she is employed in his household. Magistrate Smith, however, realized Friday that there must be an end to all things, even to extending clemency to tipping servant girls, and had the unusual experience of sending his own servant to jail.

Remarkable Rentals.

Strange rents were being discussed—how this church paid one red rose annually and that convent paid two doves. A real estate man said: "We have some remarkable rentals, but England beats us here, for she is the older country, and she delights in maintaining the quaint customs of the past."

Out of Danger.

Doctor Whipple, long Bishop of Minnesota, was about to hold religious services near an Indian village in one of the Western States, and before going to the place of meeting asked the chief, who was his host, whether it was safe for him to leave his effects unguarded in the lodge.

Too Much Sympathy.

"Does your rheumatism bother you much?" "I would say it did. Every idiot I meet asks questions about it."—Cleveland Leader.

NEW YORK DAY BY DAY.

Some of the Things Done Daily in the Metropolis.

"Needs A Mother's Care."

There is a child in St. Joseph's Orphan Asylum which, like Smee, the wicked pirate in "Peter Pan," "needs a mother's care." Any one who wants to adopt a child of spirit could not do better than try this. He (the child) is about 2 years old, wears a white coat, a red dress and black shoes and stockings, and up to date he has this record:

Found by a policeman pulling up grass by the roots in Corlears Hook Park. When taken in the policeman's arms continued his agricultural practice on the policeman's moustache.

When taken on Justice McAvoy's desk in the Children's Court he deliberately turned over the inkwell. When snatched up by the Justice to save his little frock from getting stained he tried to abstract the Justice's gold watch from his pocket.

Placed back on the desk, he playfully threw the inkwell at the bridge officer who came to refill it. Taken to the Gerry Society rooms, he looked over the other babies and began to pummel them.

Spanked and put to bed, he had to be rearranged (by proxy) in court.

Swung Cop By Coat Tails.

Mrs. Riela Silverman, "mother of the push-cart man," fought to free one of her sons and gave Policeman Hannon a very unhappy 10 minutes.

Swung Cop By Coat Tails. An admiring East-Side crowd of 3000 persons saw Mother Silverman snatch the policeman by the coat tails and swing him around twice in the air almost as easily as a child swings a toy balloon. Mrs. Silverman, who owns many push-carts, it is said, is 60 years old, weighs nearly 300 pounds and is very muscular.

COMMERCIAL COLUMN.

Weekly Review of Trade and Latest Market Reports.

New York.—R. G. Dun & Co.'s Weekly Review of Trade says: The advancing season has broadened retail trade in staple lines, notably heavy-weight clothing and footwear, while wholesale and jobbing departments make satisfactory returns, and there is definite improvement in the promptness with which mercantile collections are made. Current distribution is scarcely more general than the demand for instant delivery, indicating that confidence in the future remains unshaken.

Industrial operations are on an unprecedented scale, with especial pressure at steel mills, car shops and shipyards. Prices are well maintained, the general level showing a net gain since the month opened. Many voluntary advances in wages are noted, and it is hoped that the security of labor will be less disturbing when farm work is finished. Railway blockades still delay shipments, but earnings for October thus far surpassed last year's by 7.5 per cent.

Aside from the advance of \$4 per ton in the price of pipe at the close of last week, quotations of iron and steel remain steady, but notably firm. Some mills can promise small deliveries in a few weeks, but as a rule contracts already on hand assure activity far into next year, even with the increased production that will follow the opening of new plants.

Liabilities of commercial failures thus far reported for October amounted to \$4,561,211, of which \$2,291,177 were in manufacturing, \$1,871,332 in trading and \$69,701 in other commercial lines. Failures this week numbered 186 in the United States, against 233 last year.

girl Caddies in Demand.

Young women addicted to golf are securing young girls as caddies. So there's another masculine occupation changing hands. The players say they never had a boy attendant yet who didn't either fidget, laze, exclaim or criticize when the golfer made an off hit. The boys, too, were apt to run off after stray squirrels, or else were too busy to come at the very time their services were most desired. According to Good Housekeeping, those who have tried girls find them more respectful, more companionable and more conscientious. Their strength seems equal to that of the boys, while their manners are decidedly more soothing.—Philadelphia Record.

Deadness Cannot Be Cured.

Dr. Doan's Backache Kidney Pills cured Lydia E. Pinkham's backache, and this is a true story. Lydia E. Pinkham's backache was cured by Dr. Doan's Backache Kidney Pills. She writes: "I tried many different remedies to build up my system, which had become run down from loss of proper rest and unreasonably long hours, but nothing seemed to help me. Mother is a great devotee of Lydia E. Pinkham's Vegetable Compound for female troubles, having used it herself some years ago with great success. So I began to take it, and in less than a month I was able to get out of bed a lot of doors, and in three months I was entirely well. Really, I have never felt so strong and well as I do now."

Postal facilities in China are reported to be improving through the service on fast trains between Peking and Hankow. These are expected to make the run in thirty-six hours.

A Good Record.

Out of all the external remedies on the market we doubt if there is one that has the record of that world-renowned porous plaster—Allopathy. It has been used in use for sixty years, and still continues to be as popular as ever in doing its great work of relieving our pains and sores. It is the remedy we all need when suffering from any form of ache or pain resulting from taking cold or over-stress.

Suffered Severely With Eczema All Over Body—At Home Thanks to Cuticura Remedies.

"For over thirty-five years I was a severe sufferer from eczema. My eruption was confined to my neck and face. It was all over my body, limbs, and even on my head. I am sixty years old and an old soldier, and have been examined by the Government Board over fifteen times, and they said there was no cure for me, I have taken all kinds of medicine and have spent large sums of money for doctors, without avail. A short time ago I decided to try the Cuticura Remedies, and after using two cakes of Cuticura Soap, two boxes of Cuticura Ointment, and two bottles of Cuticura Resolvent, two treatments in all, I am now well and completely cured. A thousand thanks to Cuticura. I cannot speak too highly of the Cuticura Remedies. John T. Rowe, Richmond, Va., Ross Co., Ohio, July 17, 1905."
