Harry Peck and Thomas Wink, two of our sportsmen, were among the lucky number that brought home some venison to their friends last week. They say they had about given up the chase, when suddenly there was a cry "there is a deer!" The deer was passing them (six in number) in an open wood, and I suppose such cannonading has not been heard since the 90's. A stray ball happened to strike the poor animal fatally. It proved to be a nice four-pronged buck. It is an old custom among hunters for the man who first punctures the hide to get it. In this case, we think the proper thing to do would be to cut it into shoe strings and pass it around; for, of course, each hunter on the job thinks it was his shot that did the work.

About Clocks

The origin of clock work is involved in great obscurity, it is thus stated in the statement by many writers. Striking clocks were invented in the 12th century. A clock was put in the tower of Westminster with some bells in 1228, out of a fine imposed on a corrupt chief justice. The present century has excelled all previous ones in clock construction. Switzerland still leads the world in the manufacture of accurate time measuring instruments—Germany a close second. In our North window we have on view the best examples of Swiss & German clocks, Cuckoo Clock, Cuckoo and Quail Clocks, Hand carved walnut clocks near the top of which a miniature soldier appears, trumpet in hand and with pleasing bugle notes announces the hours and half hours. Mahogany Clocks chiming the quarter hours on tubes and gongs. Inlaid Mahogany Clocks chiming the Westminster notes on the sweetest toned tubes, etc. Our collection of clocks surpasses all previous efforts.

Constipation

Baked sweet apples, with some people, being prompt relief for Constipation. With others, coarse all-wool bread will have the same effect. Nature undoubtedly has a vegetable remedy to relieve every ailment known to man. If physicians can't find Nature's way to health, and this is strikingly true with regard to Constipation.

The bark of a certain tree in California—Cascara sagrada—offers a most excellent aid to this end. But, combined with Egyptian Senna, Slippery Elm bark, Solid Extract of Prunes, etc., the same Cascara bark is given its greatest medicinal power to correct constipation. A Baltimore County Tablet, called Lax-ets, is now made at the Dr. Shoop Laboratories, from this ingredients and most effective ingredients. Its effect on Constipation, Biliousness, Sour Stomach, Bad Breath, Bloating, Colic, etc., is indeed prompt and satisfying.

No griping, no unpleasant after effects are experienced, and Lax-ets are put up in beautiful lithographed metal boxes at 3 cents and 25 cents per box.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Mr. D. Kishle of Nevada, O., says: "I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me."

Kodol Digests What You Eat and relieves the stomach of all nervous strain and the heart of all pressure.

Bottles only \$1.00 Size holding 2 1/2. Unless the trial size, which sells for 50c.
