Dr. W. F. Teeter will be at the Washington House, December 17th to 20th. Crown and Bridge work. Fillings that save your teeth. Artificial teeth that look natural and fit to perfection. Painless extraction.

It is a mistake to use a violent cathartic to open the bowels. A gentle movement will accomplish the same results without causing distress or serious consequences later. DeWitt's Little Early Risers are recommended. Sold at Trout's drug store.

The Philadelphia (Pa.) Journal says that J. M. Edwards, formerly of Wells Valley, and Miss Effie M. Woods, of Osceola, Pa., were married last Thursday evening by Rev. C. T. Dunning. The News joins in best wishes.

For chapped and cracked hands nothing is quite as good as an application of DeWitt's Witch Hazel Salve. Put it on before going to bed, use an old pair of gloves and see what a difference the morning will bring. Sold at Trout's drug store.

Martin Bishop, of Thompson township, although his hair is whitened by the frosts of seventy-nine winters, is one of those men who do not propose to grow old as long as the good Master gives them a reasonable amount of health and strength. During the season just closed, he husked ninety-eight shocks of corn, and it took a pretty brisk young man to make the "nubbins" fly any faster than Martin. We hope the life of our old friend may be spared many years to come.

Back ache, cold hands and feet, rheumatism, and kindred ailments caused by improper action of the kidneys, yield readily to a short treatment of DeWitt's Kidney and Bladder Pills. They quickly drive the poisons from the system and thus afford relief. A week's treatment for 25c. Recommended and sold at Trout's drug store.

Fulton county has a Fire Insurance Company of its own. It is duly incorporated under the laws of Pennsylvania, and its officers are bonded according to law. It is called the Fulton County Mutual Fire Insurance Company; its president is James R. Sharp, one of Bethel township's substantial citizens, and his postoffice is Dott. The Company is now carrying \$300,000.00 risks, is well on the second year of its existence, and last year sustained but two losses, aggregating a total of \$12.75. No losses, means nothing to pay for your insurance.

E. C. DeWitt & Co., of Chicago, at whose laboratory Kodol is prepared, assure us that this remarkable digestant and corrector for the stomach, conforms fully to all provisions of the National Pure Food and Drug Law. The Kodol laboratory is a very large one, but if all the sufferers from indigestion and stomach troubles could know the virtues of Kodol, it would be impossible for the manufacturers to keep up with the demand. Kodol is sold here at Trout's drug store.

C. A. Stoner, a member of the firm heretofore known as Miller & Stoner, corner of Washington avenue and Tenth street, has purchased the interest of his partner, Thomas Miller, and will continue the grocery business at the old stand on a larger scale, inviting to his place of business former customers as well as all in need of anything in his line. We congratulate Mr. Stoner on this mark of enterprise on his part, he having come here from Akersville, Fulton county, where he was engaged in the general store business.—Tyrone Times.

AN ALARMING SITUATION

frequently results from neglect of clogged bowels and torpid liver, until constipation becomes chronic. This condition is unknown to those who use Dr. King's New Life Pills; the best and gentlest regulators of stomach and bowels. Guaranteed by Trout's the druggist. Price 15c.

Didn't Care For the School Law.

James Beckley of Northumberland, bitterly denounces the compulsory educational law, and due to defying this Act of Assembly he is now serving forty-eight hours in the Sunbury jail. Beckley and his wife were brought before Justice of the Peace Carpenter on Tuesday evening Nov. 29, charged with not sending their daughter to school. The testimony produced showed that the girl had been absent from school thirty-four days out of fifty. Beckley said he would govern his own household and that he did not give a rap for the law. When fined two dollars he refused to pay and became the guest of Warden McDunnell, of Sunbury.—Ex.

DEATH FROM LOCKJAW

never follows an injury dressed with Bucklen's Arnica Salve. Its antiseptic and healing properties prevent blood poisoning. Chas. Oswald, merchant, of Rensselaersville, N. Y., writes: "It cured Seth Burch, of this place, of the ugliest sore on his neck I ever saw." Cures cuts, wounds, burns and sores. 25c at Trout's drug store.

Ban On Drunks.

The Pennsylvania has revived an old order about hauling intoxicated persons on its passenger trains. The order was issued several years ago and was to the effect that any person found to be under the influence of liquor should not be allowed to enter a train. Whether the order had gradually been forgotten or whether some accident is not known, but it has recently been re-issued. Intoxicated men are often boisterous and the railroad officers fear that not only will annoyance be caused to the conductor and trainmen, by the person by the person insisting on going from coach to coach, but there is annoyance to other passengers and there is danger to such men being thrown from the platform or stepping from it at a station or attempting to board the train after it had started.

If taken at the "Sneeze Stage," Preventives—a toothsome candy Tablet—will surely and quickly check an approaching cold or la grippe. When you first catch cold—or feel it coming on—take Dr. Shoop's Preventives, and the prompt effect will certainly surprise and please you. Preventives surely supply the proverbial "ounce of prevention." Sold in 5 cent and 25 cent boxes at Dickson's drug store.

A Good Ruling.

Every applicant for a license to practice medicine in Pennsylvania will hereafter be required to present with his application for examination by the State Medical board a photograph of himself certified by the dean of the college from which he graduated and signed by the candidate himself.

This rule was adopted by the State Medical Council at a meeting at Harrisburg for the purpose of making more difficult impersonations of these examinations and it will become operative at the examinations next June. Owing to the small number of applicants registered for the December examinations it was decided not to endorse it at that time.

A similar rule has been adopted by the State Dental examining board which has been imposed upon by impersonators. The medical council is suspicious that certain applicants have obtained licenses by having some one else take the examination for them.

Supervisors Organize.

If the plans of Joseph W. Hunter, State Commissioner of Highways, are successful, more than 4000 road supervisors in the sixty-seven counties of the State will be organized into separate organizations in each county, the object being to "get them together" for the advancement of the good roads idea. In Erie county an organization has already been effected, and Commissioner Hunter believes it only a question of a short time until the same conditions prevail in each county.

Speaking of the plan at his home at Jenkintown, Mr. Hunter said: "School directors have their organizations, where they talk over the latest ideas in educational matters, with resultant advantages to the public school system. If the supervisors in every county are organized along similar lines, all the new things in road building and road improving will be thoroughly disseminated and discussed. The work of the State Department will be facilitated and aided."

On Monday while selecting lumber for a set of ladders at the lumber yard of Mr. J. W. Mellott, in this place, Mr. Walter Lynch was so unfortunate as to step on a plank which contained a spike, the spike, after passing through the thick gum and felt sole of his boot entered his foot a considerable distance.

Mrs. Thos. Walker, of Mercersburg, spent last week with her parents, Mr. and Mrs. W. A. Sloan, in this place, and on Friday Mr. Walker drove over and remained until Saturday, when they returned home. While here Mr. Walker purchased the lumber for a new barn which he intends erecting in the spring.
