Rev. John C. Grimes "re-opened" the Methodist Episcopal church at Carrick Furnace last Sunday, and the Reverend gentleman succeeded in raising more than enough money to pay for all bills and obligations, notwithstanding the inclemency of the weather on that day.

The special evangelistic services conducted in the Knobsville Methodist Episcopal church for the past five weeks, closed on Sabbath evening last, at which time the pastor, Rev. John C. Grimes received forty one persons on probation, six from probation, and three by church letter, making 50 accessions in all.

Back-ache, cold hands and feet, rheumatism, and kindred ailments caused by improper action of the kidneys, yield readily to a short treatment of DeWitt's Kidney and Bladder Pills. Bought a bank.

The following clipping from the Boone (Iowa) Daily News Republican, will explain a change of address of a former resident of McConnellsburg. Mrs. W. H. McNeill nee Miss Alice Pittman.

"Mr. and Mrs. W. H. McNeill will after January 1st, make their home in Searsboro, Iowa, where they have just purchased the private bank of Searsboro. Mr. McNeill takes possession Jan. 1st, and Mrs. McNeill and family will remove to that city as soon as possible. Mr. McNeill is now in that city and will remain there completing arrangements for the reception of his family.

The deal has been on for some time but was not made public until this afternoon. While the News-Republican wishes them every success in their new home, yet it voices the sentiment of the community when it expresses sorrow at the removal of this estimable family."

The many McConnellsburg friends of Mr. and Mrs. McNeill join in wishing them abundant success in their new business venture.

E. C. DeWitt & Co., of Chicago, at whose laboratory Kodol is prepared, assure us that this remarkable digestant and corrective for the stomach, conforms fully to all provisions of the National Pure Food and Drug Law. The Kodol laboratory is a very large one, but if all the sufferers from indigestion and stomach troubles could know the virtues of Kodol, it would be impossible for the manufacture to keep up with the demand. Kodol is sold here at Trout's drug store.

The roughening of the skin of the hands and arms is due to a like cause, the lack of oil. The cold deprives the skin of the oil; washing the hands and arms and not drying them properly gives rise to the same trouble. If you will grease the hands and arms after washing them, you will find that the skin will become smooth and supple. The dryer the skin, the more likely it is to crack and bleed, or to break out in a rash, an eczema. The latter is an inflammation of the skin. The long kid gloves which are worn with the short-sleeved jackets, are an insufficient protection to bare arms for the winter. Even large muffs, into which the arms can be plunged, leave the elbows without protection, which is why the skin at that part becomes roughened and chafed. When ever the skin feels rough and harsh, whether it is the skin of the face, arms or any other part of the body, it shows that the natural oil has not been sufficient to keep the skin in good condition, and this lack should be supplied at once by grease in some form or other.—From "Good Looks," in The Ladies' World for January.

If you like Coffee, but dare not drink it, try Dr. Shoop's Health Coffee. It is true that real Coffee does disturb the stomach, heart and kidneys. But Dr. Shoop's Health Coffee has not a grain of true coffee in it. Being made from parched grains, malt, etc., it forms a wholesome, food-like drink, yet having the true flavor of Old Java and Mocha Coffee. "Made in a minute." Call at our store for a free sample. Sold by E. R. McClain.

Owing to the fact that none of the other churches in town, except the United Presbyterian, had services that evening, the large audience room of the Presbyterian was filled to the limit of its seating capacity.
