WITH THE FESTIVE GRIPPE.

Written by One Who Evidently Has "Been There."
The gripple is the most vicious of diseases. It begins in the night and sleeps not by day. Nor will it let its victim sleep. Where it comes from is not known, but everyone is aware when it gets there, that it has come to stay. It takes off its things and puts its trunk in your best room. It seems to be on an indefinite leave of absence from home to make life as uncomfortable for its host as possible. It puts its feet on your best furniture, uses your best linen towels to clean its shoes, and takes especial delight in leaving its dirty linen about for you to pick up. It assaults you from the front and from the rear. It pounds away at your head until you can stand it no longer; it runs up and down your spinal column; puts your legs out of commission and destroys your appetite. The gripple is the most unfeeling and thoughtless of all diseases. Where some diseases are content with affecting certain organs or certain portions of the human frame, and letting it go at that, the gripple comes in and lays siege to the entire system of human economy. It knows no feelings of decency or consideration. It laughs you to scorn, and when you are alone it mocks your groaning. Of all diseases spare me from gripple.—Detroit Free Press.

Piles get quick relief from Dr. Shoop's Magic Ointment. Remember it's made alone for Piles—and it works with certainty and satisfaction. Itching, painful, protruding, or blind piles disappear like magic by its use. Try it and see! Sold at Dickson's drug store.

THINKS POOR GET ENOUGH.

Chancellor Day Attacks Charity and Philanthropy.
New York, January 18.—The Rev. Dr. James Roscoe Day, chancellor of Syracuse University, in his address to the Syracuse Alumni association at the Hotel Astor to night, attacked the arguments in favor of the poor, and charitable and philanthropic movements, which had been advanced a few moments before by J. G. Phelps Stokes and Rose Pastor Stokes, his wife.
"What is all this cry that is being made about the poor wage earner," asked Day. "The wage earners get enough for what they do, and a great many of them get more. I know the poor. I have been among them and have studied them. I know that they are the chief support of upwards of 10,000 saloons in this city; I know that they are the chief causes of intemperance and shiftlessness, and then the blame is put on the hard hearted corporations. We should cease some of the philanthropy which we practice, and help the poor to learn their duty and to make them help themselves."
"I once asked a contractor why he asked so high a price for a building. He said: 'I cannot get mechanics,' and it's no wonder he could not. They won't allow mechanics to be made nowadays; every man climbing over the other to assist his own progress. I believe there is not a greater piece of despotism that rules today, than labor unions."

Piles of people have Piles. Why suffer from piles when you can use DeWitt's Carbolized Witch Hazel Salve and get relief. Nothing else so good. Beware of imitations. See that the name is stamped on each box. Sold at Trout's drug store.

The Country Girl.
It is true, and more's the pity, that some country girls are adopting city airs and habits, and refusing to work, and to do things to help others. Normally she is the most unselfish of women, but when she acquires the habit of posing, primping and playing for a husband with a fat pocketbook, she is not better than others who think that is the proper thing to do.

The country girl who has shared the cares and labors of the home with her mother, may have larger hands, feet, and ears than some of her city cousins, but that is creditable rather than otherwise, for students of human science say that small hands, feet and ears indicate small souls.
It is the greatness of soul that makes a woman great and good, and not the greatness of her dowry, nor the smallness of her feet, hands and ears.
You may be fooled in a country girl, but your chances of getting a woman who will keep your home comfortable and not spend more money than you can make honestly, are better in the country than in the city.
Of course there are many girls in the city who would make excellent wives, but there is no doubt that the average city girl is looking for the fellow with money rather than for one who has been trained in some honorable calling and is ambitious to win out.
But after all, you look them over pretty closely before taking your pick, or you may get something different from what you want.—Ex.

Local Institute.
The second local institute of Bethel township was held at Alpine school last Friday evening. The institute was called to order by the teacher, Orpha Snyder and Albert Bivens was elected chairman. The topics were well discussed by the teachers present. The school gave a number of interesting recitations and songs, which showed careful preparation. Owing to the bad weather, there were only three teachers present.—Thos. E. Wink, sec'y.

It's a pleasure to tell our readers about a Cough Cure like Dr. Shoop's. For years Dr. Shoop has fought against the use of opium, chloroform, or other unsafe ingredients commonly found in Cough remedies. Dr. Shoop, it seems, has welcomed the Pure Food and Drug Law recently enacted, for he has worked along similar lines many years. For nearly 20 years Dr. Shoop's Cough Cure containers have had a warning printed on them against opium and other narcotic poisons. He has thus made it possible for mothers to protect their children by simply insisting on having Dr. Shoop's Cough Cure. Sold at Dickson's drug store.

Aside from ministrations to material wants, the training of a young life is a serious matter, demanding constant attention. Ill-behavior in a child is frequently based purely upon ill-health, and too severe punishment will breed fear and distrust, laying the foundation for an insurmountable barrier between parent and offspring. I have always demanded absolute obedience and at all times: good conduct, and I have succeeded in making my children realize that their own welfare as well as their own comfort depend upon obeying me and behaving properly. Once a child is brought to realize this, it will fall into proper ways. I have made it a rule never to punish my children severely, but for wrongdoing I deprive them of some pleasure. This subjects them to no indignity, as thrashings sometimes do with sensitive children, and the lesson is better learned. I find. I require the truth at all times and in all circumstances, and I will not punish a child that will admit its transgressions. Children, I have found, are very sensible, and even at an early age are open to conviction, if one will only take the time and pains to explain. But alas, so many mothers are too busy!—Mme. Schumann-Heink, in the Ladies' World for February.

Not a grain of real coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart or kidneys can't stand coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. It's safe even for the youngest child. Sold by E. R. McClain.

The Thrice-a-Week World, now that a great Presidential campaign is foreshadowed, hopes to be a better paper than it has ever been before, and it has made its arrangements accordingly. Its new service covers the entire globe, and it reports everything fully, promptly and accurately. The Thrice-a-Week World is fair in its political reports. You get the truth from its columns, whether you are Republican or Democrat, and that is what you want.
A special feature of the Thrice-a-Week World has always been its serial fiction. It publishes novels by the best authors in the world, novels which in book form sell for \$1.50 apiece, and its high standard in this respect will be maintained in the future as in the past.
THE THRICE-A-WEEK WORLD'S regular subscription price is only \$1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and THE FULTON COUNTY NEWS together for one year for \$1.75. The regular subscription price of the two papers is 2.00.

Rheumatism
I have found a tried and tested cure for Rheumatism. Not a remedy that will straighten distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and rid you of this deplorable disease.
In Germany—with a Chemist in the City of Darmstadt—I found the last ingredients with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many cases of Rheumatism; but now, at last, it is uniformly cured in all curable cases of this horrid, maddening, chronic disease. Those same like granular wastes, found in Rheumatic blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, those poisonous wastes and their cause, Rheumatism, is gone forever. There is now no real need of any other sufferer longer without help. We sell, and in confidence recommend

**Weak
Hearts**
Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach, which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.
Mr. D. Kastle of Breida, O., says: "I had stomach trouble and was in a bad state as had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me."
Kodol Digests What You Eat
It relieves the stomach of all nervous strain and the heart of all pressure.
