"Shall Militarism Run Rampant at Jamestown?"

How can any citizen of this great Republic, which has always, until recently, kept its military and naval establishments small and unobtrusive, which has led in the movement for international concord and the pacific settlement of disputes, which has prided itself on its freedom from the tyranny and the burdens of militarism, and has been beseechingly looked to by the war-burdened and suffering peoples of the world as their hope and their deliverance—how can any one, with any historic sense of the causes of our national greatness and progress, consent to see this "greatest military spectacle the world has ever seen," this attempted reinstatement of the dishonored and fast-perishing system of war, enacted on the very spot where the nation was born? It is hard to believe that a single man with American blood in his veins and American political ideals in his mind can be found who will deliberately and knowingly approve of it.

Let the people speak—the churches, the universities and colleges, the labor organizations, the commercial and industrial associations, the women's societies—let them all speak and the nation be saved from this national exhibition of amazing childish folly.

It's a pleasure to tell our readers about a Cough Cure like Dr. Shoop's. For years Dr. Shoop has fought against the use of opium, chloroform, or other unsafe ingredients commonly found in Cough remedies. Dr. Shoop, it seems, has welcomed the Pure Food and Drug Law recently enacted, for he has worked along similar lines many years. For nearly 20 years Dr. Shoop's Cough Cure containers have had a warning printed on them against opium and other narcotic poisons. He has thus made it possible for mothers to protect their children by simply insisting on having Dr. Shoop's Cough Cure. Sold at Dickson's drug store.

A sled load of boys and girls from Hustontown, spent Friday evening very pleasantly in the home of J. W. Ladig.

PENSIONS FOR ALL NOW.

President Signs Act Granting Service Rates From \$12 Up to \$20.

The Service Pension bill signed last Friday by President Roosevelt makes provision for nearly every Union soldier of the Civil War. It provides that any person who served ninety days or more in the military or naval service of the United States, who was honorably discharged, and who has reached the age of 62 years, shall, upon proper proof and application, without regard to rank, receive a pension at the rate of twelve dollars per month; those who have reached 70, fifteen dollars per month; 75 years or over, twenty dollars, each pension to begin after filing application in the Pension office.

All pensioners 62 years old or over receiving pensions under existing laws, or whose claims are pending, may receive the benefits of this act. No person shall receive a pension under any other law at the same time he becomes a beneficiary under the one just approved. No person who now or hereafter receives a greater pension under any other general or special law shall be entitled to a pension under this act.

A school boy assigned to prepare an essay on "Ducks" wrote: "The duck is a low, heavy set bird, composed mostly of meat and feathers. He is a mighty poor singer, having a hoarse voice, caused by getting too many frogs in his throat. He likes the water and carries a toy balloon in his stomach to keep him from sinking. The duck has only two legs and they are set so far back on his running gears by nature that they come pretty near missing his body. Some ducks, when they get big, have curls on their tails and are called drakes. Drakes don't have to set or hatch but just loaf, go swimming and eat. If I was to be a duck I'd rather be a drake every time."

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart or kidneys can't stand coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. It's safe even for the youngest child. Sold by E. R. McClain.

Prices Advancing. The printers throughout the country have been notified by the wholesale paper dealers of a general advance in the prices of all paper stock. This includes letter and noteheads, billheads, statements, envelopes, etc. The increase in price ranges from five to twenty per cent., which will, in a short time, increase the cost of all kinds of printed stationery. There is also in contemplation by the government, a raise in postage on newspapers. All these things mentioned will make it necessary for the papers to raise their subscription price if things keep on in this line.

You ought to know what you are giving your baby. You will know if you use Cascasweet and take the trouble to look at the wrapper. Every ingredient is shown there in plain English. Cascasweet is best corrective for the stomachs of babies and children. Sold by Trout's drug store.

Horses, cattle, hogs and sheep, are selling for almost double that of a few years ago. Pork, beef and all sorts of country produce are bringing high prices. The farmers should farm less wheat, and turn their attention to raising more live stock, also corn, potatoes and other country produce, such as butter, eggs, poultry, etc.

Any competent man up to 45 years of age can now obtain employment with the Pennsylvania Railroad Company, provided of course, there are any vacancies, a thing that has never been possible before. Since the organization of the company thirty-five years has been the age limit at which one might enter the service. The regulations have been changed. This raising of the age limit will necessitate some changes in the pension rules, the details of which will be worked out as soon as possible.
