SIERER,

MR. FARMER!

> . I would like to call your attention to a few FACTS. Every man likes to have good looking horses and stock about his farm; and he also knows that a horse must be in good health, first of, all, to be looking good. I have two kinds of Stock Food, namely :-- NUTHIO-TONE and S. A. FOUTZ'S. Now both of these are good, and to feed a little of either one along with other grain, will keep the stock in a good healthy condition; and in a little time, will improve any horse,

Try a package on at least, one horse, and see for yourself the results which, might save you the loss of your best horse.
