Does not contain Opium, Morphine, or any other narcotic or "habit-forming" drug.

Hard Times in Kansas. The old days of grasshoppers and drought are almost forgotten in the prosperous Kansas of today.

What is it that tastes as pleasant as maple sugar and which relieves coughs and colds? Mothers who have used it will quickly answer: "Kennedy's Laxative Cough Syrup."

Letter to G. A. Harris.

Dear Sir: You may like to know what you pay for the paint in a gallon of "paint," assuming the pure paint part of all "paints" to be all alike; which it isn't; and worth \$1.75 a gallon.

Of a paint adulterated 10 per cent, the pure paint part brings \$1.94 a gallon.

15 per cent brings \$2.06 a gallon.

25 " 2.33 "

33 1/2 " 2.62 "

50 " 3.50 "

75 " 7.00 "

The average adulteration of paint in this country is about one third; so, you see, the average price the American people are paying for paint is about \$2.02 a gallon.

It is a game of wits. Adulterators are always too sharp for the bulk of consumers. People won't pay \$1.75 a gallon for paint. So they pay \$2.02 a gallon for paint and something that looks like paint mixed with it. (They pay the painter, besides, from \$2 to \$4 for painting those useless gallons.)

Why do they do it? They don't know Devoe.

Yours truly, F. W. DEVOE & CO.

P. S. F. C. Bare, Fort Littleton, and J. A. Boyd, Merce s burg, sell our paint.
