### The Evolution of Household Remedies.

The modern patent medicine business is the natural outgrowth of the old-time household remedies.

In the early history of this country, EVERY FAMILY HAD ITS HOME-IADE MEDICINES. Herb teas, bitters, laxatives and tonics, were to be found in almost every house, compounded by the housewife, sometimes assisted by the apothecary or the family doctor. Such remedies as picra, which was aloes and quassia, dissolved in apple brandy. Sometimes a hop tonic, made of whiskey, hops and bitter barks. A score or more of pop-ular, home-made remedies were thus compounded, the formulae for which were passed along from house to house, sometimes written, sometimes verbally communicated.

The patent medicine business is a natural outgrowth from this wholesome, old-time custom. In the begin-ning some enterprising doctor, impressed by the usefulness of one of these home - made remedies, would take it up, improve it in many ways, manufacture it on a large scale, advertise it mainly through almanacs for the home, and thus it would be come used over a large area. LAT-TERLY THE HOUSEHOLD REMEDY BUSINESS TOOK A MORE EXACT AND SCIENTIFIC FORM.

Peruna was originally one of these old-time remedies. It was used by the Mennonites, of Pennsylvania, before it was offered to the public for sale. Dr. Hartman, THE ORIGINAL COMPOUNDER OF PERUNA, is of Mennonite origin. First, he prescribed it for his neighbors and his patients. The sale of it increased, and at last he established a manufactory and furnished it to the general

Peruna is useful in a great many climatic ailments, such as coughs, colds, sore throat, bronchitis and catarrhal diseases generally. THOU-SANDS OF FAMILIES HAVE LEARNED THE USE OF PERUNA and its value in the treatment of these ailments. They have learned to trust and believe in Dr. Hartman's judgment, and to rely on his remedy, Peruna.

#### Protective Paint

Pure White Lead Paint protects property against repairs, replacement and deterioration. It makes buildings look better, wear better—and sell better. Use only Pure Linseed Oil and Pure White Lead made by the Old Dutch Process, which is sold in kegs with this Dutch Boy trade mark the side. This trade mark protects you

against fraudu-lent White Lead adulterations and

and Beautifying the Skin, Scalp, Hair, and Hands.

· Waited For The Other Boot. The nervous patient is hard to please. The man who, occupying the room next to one of these, was asked to make as little noise as possible when he came home at night, really did try to carry out these instructions. When he took off his boots he placed them both at once on the floor, instead of flinging them separately in opposite directions, as was his wont; he crept noiselessly about the room; he said nothing when he got into bed and found he had forgotten to put out the gas; he might have been the traditional mouse that no one has ever met. As ie closed his eyes a growl came from the next room: earth are you going to put down the other boot?"—London Chronicle.

Burning Street Refuse.

At Buenos Ayres, the capital of the Argentine Republic, they are using the system of burning house and street refuse instead of dumping it into the estuary of La Plata River. The department of public works has just ordered that the construction of the building for the refuse burning of the Flores parish, or district shall be hastened as much as possible. The method used is base upon what is known as the Backe system, with slight modifications, recommended by a special commis-sion, which had made some prelimi-nary experiments. It is calculated that about 80 tons of refuse can be burned daily in the single establish-

Submarine Propulsion.

The four large submarines recently laid down for the French fleet raise an interesting question as to propelling power, in respect of which these vessels appear to have reached a turning point in their history. All four are neither of the same type nor of the same tonnage, Two are of 800 tons, one of 650, and another of 450 tons. This last is the most interesting of the four. It has been designed by M. Maurice, a naval engineer, entirely from his own ideas, and it is propelled by heat accumulating boilers, which for equal conditions of speed and radius of action are stated to offer many advantages over electrical accumula-

Mouse Tried To Rob Jewelry. "Are you aware that an attempt being made to rob this store?" was the startling question put by s customed in a jewelry store on Boylston Street. The attendant gave a quick glance along the line of customery, but saw nothing suspicious, and then asked the young lady questioner what she meant.

Calling his attention to a hand-

ome turquoise pendant in the corner of a large show window, she asked him to watch it. He did so, and saw it being pulled toward a hole by a small mouse.-Boston Her-

Ready For A Good Time. "Are you making any plans for

next summer?' 'Yes," replied Mrs. Subbubs, "we have eaten all of our chickens, my husband has promised not to try to do any gardening, and we have sold our cow, so we really feel that we are justified in hoping to be able to pull through without any serious trouble."-Chicago Record-Herald.

Outclassed.

Lawyer—So you want a divorce from your husband, eh? What ground?

Fair Client—He's a prizefighter? Lawyer—Does he beat you? Fair Client—Oh, no; but he insists on doing all the taiking.—Chi-

Argo Red Salmon is just the thing for unexpected company. There is: nothing better to serve from the can. At all grocers.

A Growler.
"Many a man," said Brother Williams, "growls 'kaze he ain't got nuttin' ter growl 'bout. I once knowed a man what growled 'kaze de spots on de sun wuzn't big enough ter be a shady umbreller fer him while he wuz ploughin' in July.

-Atlanta Constitution.

Argo Red Salmon readily adapts itself to the requirements of breakfast, luncheon, dinner, or supper, and gives seasonable variety to every meal.

Then They Mixed. "Yaas, de beauty an' chivalry ob Smoketown mingled in de ballroom."

"Mingled, yo' say?"
"Mingled till 'bout 'leven o'clock.
Den dey mixed."—Houston Chroni-

#### Do You Open Your Mouth

Like a young bird and gulp down what-ever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to insist upon such knowledge. So he publishes, woodcast and on each bottle-wrapper, what his medicines are made of and verifies immigreed This he feels be can well afford to do because the more the ingredients of which his medicines are made are studied and understood the ore will their superior curative virtues

are made are studied and understood the more will their superior curative virtues by appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, ofttimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painfail periods, in giving strongth to nursing mothers and in preparing the system of the expectant mother for baby's coming thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strongthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating mervine and cures nervous exhaustion, hervous prostration, neuralgia, hysteria spasms, chores or St. Vitus's dance, and other distressing nervous symptoms attendant upon touctional and organic discases of the distinctly feminine organs.

A host of redical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the disances for which it is claimed to be a cure. You may read what they say for peurself by sending a postal card request for a free booklet of extracts from the leading authorities, to Dr. E. V. Pierca, invalida Hotel and Surgical Institute, Buffalo, N. Y., and it will come to

## NEW YORK DAY BY DAY.

Some of the Things Done Daily in the Metropolis

Free Demonstration. Tempted by the presence of a brong of handsomely gowned women among whom he was being led by his sisters to an insane asylum, Daniel Knott, suffering from the delusion that he is a famous opera singer, could not resist making his debut in the heart of Brooklyn's shopping district.

The sidewalk at Fulton Street and The sidewalk at Fulton Street and Flatbush Avenue was his stage. He selected the most stately of the women shoppers as soloists and others as chorus girls and supernumeraries. He ran from his three sistes to a tall, handsome woman, and throwing an arm about her waist, selzed her gloved hand and sang "I love thes. I love thes. I love thes.

love thee, I love thee, I love"-With a respounding smack the woman's hand fell on the man's open mouth. Knott seemed to consider the slap a part of the perform-ance. He found compensation for the blow by pressing his bruised lips against the cheek of a pretty little woman with blue eyes and fair hair. She screamed and ran.

The scream attracted a great crowd of women. Knott ran among them, kissing, hugging and singing. The performance lasted just two min-utes, but in that brief space the man hugged eighth women, kissed five and terrified several scores. Police-man John J. O'Connor appeared. Knott was only a play actor, but the policeman was a stern reality. was thrown to the ground. The two struggled desperately and the policeman was the victor, despite the maniacal strength of Knott.

Finds A New Sun Spot. Dr. S. A. Mitchell, an instructor

In astronomy at Columbia University, announced that he had discovered a new sun spot which he says is as large as that discovered by Professor Brashear of Allegheny on February 13. According to Dr. Mitchell, the sun spot is more remarkable because the period of frequency of spots is long past. As soon as he discovered the spot Dr. Mitchell made several observations of its spectrum and came to the conclusion its temperathe other parts of the sun. This, he said, was the case with all of these peculiar phenomena. This spot, which is one of a number with which the surface of the sun seems to be dotted, is near the meridian. It is much larger than any of the others and seems to be the centre of an anusual solar activity. A small elescope disclosed numerous other spots with which the larger one was surrounded. Dr. Mitchell does not took for any very violent atmospheric

New Cure For Snoring.

Henry D. Archer, a White Plains nerchant, in an answer, to his wife's livorce suit, which he just filed there declares that he has been the worst treated husband in the world. Mrs. Archer accused her husband, among other things, of having turned her mother's picture to the wal

That may be so," says Archer 'But it's not a circumstance to what the has done. She has driven me almost insane by keeping me awake at night. As soon as I get to sleep she blow a tin whistle and keeps at t until I wake up. The excuse she gives is that I have been snoring and she wants to break me of the

Archer says this is not his only defense to his wife's action, but he believe it is sufficient to convince any jury that he is the wronged

Will Now Have His Way.

Mayor McClellan signed the Bingnam police bill, and it was sent back at once to Albany, where it will be signed by Governor Hughes, Police Commissioner Bingham will be clothed with the powers to organize the force according to his own ideas. The hearing on the bill was held in the old Council Chamber and lastad less than two minutes. General Bingham, who is in Atlantic City, was represented by First Deputy O'Keeffe. It is believed the following inspectors are likely to retire: Cort-right, Nally, McLaughlin, Schmitt-berger, Wiegand, Murphy, Baldwin and Grant

Immigration Streamer Quarantineo. The Russian steamer Petersburg, from Libau and Rotterdam with 981 steerage passengers, was detained at Quarantine because of a case of smallpox in the steerage. The patient was transferred to a hospital ashore and 150 passengers who oc cupied the same compartment were sent to Hoffman Island for observa tion. The steamer will be disinfect ed and released later.

Sighted Four Huge Icebergs. Four huge leebergs, one of which esembled a church in general appearance, with a lofty steeple-like pinnacle towering 300 feet above the surface of the sea, were sighted by the stramer Vaderland off the Grand Banks of Newfoundland. The Vader-land arrived here Wednesday from Antwerp and Dover after a rough passage.

Egos vs. Brainstormers, Two teams, the Exaggerated Egos and the Brainstormers, have arranged for a game of baseball at Kings-iand, N. J. Lemons will be used in place of the ordinary balls, and the bats (not the players) will be light sticks. The game will last 23 min-utes and the side shead at the end of that time will be dealed. utes and the side shead at the end of that time will be declared the winners. Each player and the winning team will receive a piece of lemon pie and a giass of lemonade at the expense of the losers.

New York's Fire Record. Records of fire losses in Manhat-an and Brooklyn from January 1 to March 21, 1907, shows that \$3,006,-\$90 has gone up in smoke in those boroughs in that "The. This gives an average less for the 90 days of

The ampliest railroad in England is the Garstang & Knott End (Laucashire) railway, which in the last six months earned a not revenue of 22,380. The half-yearly meeting of proprietors was attended by one person, the secretary.

# THE CHANGE OF LIFE

Sensible Advice to Women from Mrs. Henry Lee, Mrs. Fred Certia and Mrs. Pinkham.

MRS HENRY LEE

MRS. FRED CERTIA

Owing to modern methods of living not one woman in a thousand approaches this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms.

This is the most critical period of

her whole existence and every woman who neglects the care of her health at this time invites disease and pain. When her system is in a deranged condition or size is predisposed to apoplexy or congestion of any organ, the tendency is at this period likely to become active and with a host of nervous irritations make life a burden. At this time also cancers and tumors are more liable to form

and begin their destructive work. Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, melancholia, dread of impending evil, palpitation of the heart, irregularities, constipation and dizziness are promptly heeded by intelligent women who are approaching the period of life when this great change may be expected.

Mrs. Fred Certia, 1014 So. Lafayette Street, So. Bend, Ind., writes:

Dear Mrs. Pinkham:—
"Lydia E. Pinkham's Vegetable Com-pound is the ideal medicine for women who

are passing through Change of Life. For several months I suffered from het flashes, extreme nervousness, headache and sleep-leaness. I had no appetite and could not sleep, I had made up my mind there was no help for me until I began to use Lydia E. Pinkhau's Vegetable Compound, my bad symptoms ceased, and it brought me safely through the danger period, built up my system and I am in excellent health. I consider Lydia E. Pinkham's Vegetable Compound unsurpassed for women during this trying period of life."

Mrs. Henry Lee, 60 Winter Street Mrs. Henry Lee, 60 Winter Street, New Haven, Conn., writes;

New Haven, Conn., writes;
Dear Mrs. Piakham:
"After suffering untold misery for three years during Change of Life I heard of Lydia E. Pinkham's Vegetable Compound. I wrote you of my condition, and began to take Lydia E. Pinkham's Vegetable Compound and followed your advice, and to-day I am well and happy. I can now walk anywhere and work as well as anyone, and for years previous I had tried but could not get around without help. I consider your medicine a sovereign balm for suffering women."

Women passing through this critical period should rely upon Lydia E. Pinkham's Vegetable Compound. If there is snything about your case you don't understand write to Mrs. Pinkham, Lynn, Mass. for advice. It is free and has guided thousands to health.

FITS, St. Vitus' Dance: Nervous Diseases per-manently cured by Dr. Rline's Great Nerve Restorer. \$3 trial bottle and treatise free. Dr. H. R. Kline, Ld., 981 Arch St., Phila., Pa.

It's a great comfort to a woman to think how lonesome her husband would be if she were dead. At Westville it is reported that meetings are being held nightly and prayers offered. These reports come from the smaller towns and rural

SKIN SORE FOR EIGHT YEARS

Spent \$300 on Doctors and Remedies. But Got No Relief-Cuticura Cures in a Week. "Are you aware that the man you have challenged is an expert swords-man?" said one Parisian.
"Certainly," answered the other.
"The fact gives me confidence. He

"Upon the limbs and between the toes my skin was rough and sore, and also sore under the arms. I had to stay at home several times because of this affection. Up to a week or so age I had tried many other remedies and several doctors, and spent about three hundred dollars, without any about three hundred dollars, without any success, but this is to-day the seventh day that I have been using the Cuticura Remedies (costing a dollar and a half), which have cured me completely, so that I can again attend to my business. I went to work again to-night. I had been suffering for eight years and have now been cured by the Cuticura Remedies within a week. Fritz Hirschlaff, 24 Columbus Ave., New York, N. Y., March 29 and April 6, 1906."

If a man is a loafer he has but little to live for.

hard coating on axle, and reduces friction. If you want your outfit to last and earn money while it lasts—grease the axies with Mica Axle Grease.
