There is no case of indigestion, no matter how irritable or how obstinate that will not be speedily relieved by the use of Kodol. The main factor in curing the stomach of any disorder is rest, and the only way to get rest is to actually digest the food for the stomach itself. Kodol will do it. It is a scientific preparation of vegetable acids containing the very same juices found in a healthy stomach. It conforms to the Pure Food and Drugs Law. Sold by Trout's drug store.

CITIZENS COMMITTEE.

Letter to Rev. C. W. Bryner, McConnellsburg, Pa.

Rev. Sir: We should like to ask your advice on a certain thing done: was it right or wrong? We shall have to state it, including the names.

D. F. Dreicorn is a painter in Holyoke, Mass. John J. Donohue is an architect, Springfield, near-by.

Donohue was building at Holyoke, the Holy Family Institute, letting the work by bids as usual. Dreicorn got the paint job; the paint was to be lead and oil.

But Dreicorn said to himself: "Lead and oil isn't half so good as Devco and it costs more money, what shall I do?" He painted Devco; and, after the work was done, told Donohue, saying: "if that isn't better than any lead and oil job, I'll make it so."

Was Dreicorn right or wrong in painting a lead and oil job Devco?

You ask how it turned out. This was six years ago. Now Donohue has another job there, a big addition to the Catholic Hospital; and he doesn't ask bids for the painting, but says to Dreicorn: "Go ahead Dreicorn and give me as good a job as you did on the Institute. That's the best paint job I ever saw."

The question is "Was Dreicorn right in painting Devco when he had agreed to paint lead and oil?"

That isn't quite all. Lead and oil is expected to last three years. If Dreicorn had used lead and oil, there would have been another job for him or somebody else three years ago.

Was he right in losing that job for himself or somebody else three years ago?

The Institute took 200 gallons Devco and cost \$1,000; the paint has worn six years, when Donohue says "it's the best paint job he ever saw." If he had used lead and oil, it would have cost about \$2,200 for the two paint jobs (six and three years ago) and be hungry for paint again.

Dreicorn lost \$1,200 of business and took the risk of making Donohue mad and losing his business, forever: all to save the Holy Family Institute \$1,200 besides the fuss of a paint job.

Was Dreicorn right or wrong as a painter; and which would you paint your church, lead and oil or Devco?

Yours truly, F. W. DeVoe & Co.

P. S. F. C. Bere, Fort Littleton, and J. A. Boyd, Mercersburg, sell our paint.

Badly Mixed Up.

Abraham Brown, of Winterton, N. Y., had a very remarkable experience; he says: "Doctors got badly mixed up over me; one said heart disease; two called it kidney trouble; the fourth blood poison, and the fifth stomach and liver trouble; but none of them helped me; so my wife advised trying Electric Bitters; which are restoring me to perfect health. One bottle did me more good than all the five doctors prescribed." Guaranteed to cure blood poison, weakness and all stomach, liver and kidney complaints, by Trout's drug store, 50c.

What is Wrong?

Surely the weather man has gotten twisted in his calculations this spring. Stoves and overcoats have been the rule of the day for some time past when we should have been enjoying the balmy days of Spring.

Are you like the weather man? Have you been doing the opposite of what you should have done, that is, have you been buying elsewhere? We all, as well as the weather man are liable to get things twisted around once in awhile.

We all hope the weather man will get his bearings and give us good reasonable weather from now on; and we are just as hopeful that you will get your bearings too and trade with us if you haven't been.

May was the best month we have ever had in spite of the fact that it was too cool for Spring goods to sell well. June, with your help, will be even better.

Have you bought that summer dress yet? We are in a better position now than at any time last season to show you a complete line of Lawns, White Linen, Irish Linen, Dimities, Organdies, Wash Silks, and other summer dress fabrics.

Such lovely creations of the weaver's art are seldom found in such large variety, and at such reasonable prices as we are offering.

We miss our guess if we cannot please you when it comes to anything in summer dress goods. Try us.
