**McClure's Summer Reading.**

The summer numbers of McClure's will contain an array of entertaining reading that is particularly adapted to the season. From an editorial announcement we find that there are to be several new features presented in early numbers. Among them the most noteworthy in promise, as shown by the first paper in the June number, are the Ellen Terry "Memories." This is no formal autobiography. The portions to be published from time to time deal with separate events of Miss Terry's life. Into the fifty years which have elapsed between her entrance on the stage to the wonderful jubilee celebration of last year, that crowned Miss Terry's fiftieth year on the stage, are crowded some of the most fascinating memories; but it is the peculiar merit of Miss Terry's recollections that, more than any description, they suggest her own delightful personality, her vivacity and the exquisite feminine quality which is inherent in every part she acts.

There could be no more fascinating reading than Walter Wellman's account of his preparation for a voyage to the pole in a flying machine to be made in July. Wellman's article is to be printed in June and July. It catches the imagination like a dream of the far distant future. Just conceive it—a vast cigar-shaped balloon, nearly two hundred feet long, whizzing through the air, suspended from it by threads that look finer than spun silk, is a long steel car. In it, as it hovers hundreds of feet above the earth, you can see four tiny figures—the crew—pushing this lever and that, dropping the lead, taking observations, and shifting ballast, doing the hundred things the complicated machine requires.

"The Fight of the Copper Kings," C. P. Connolly's amazing story of Montana, is to reach its climax in July with the narration of the sensational struggle for the Minnie Healy mine. In July, also, Carl Schurz' "Reminiscences" reach their climax in the "High Tide of the Rebellion" at Gettysburg. The whole panorama of Gettysburg stretched before General Schurz' eyes, and no spectator of the battle was better fitted that he to become its historian. Georgine Milne's "Life of Mary Baker G. Eddy and History of Christian Science," also continues with new phases of this remarkable woman and her cult.

The fiction for the summer promises to be a better feast than McClure's have ever before given. There are to be stories by three new writers, Mary S. Watts, Will Adams, and Lucy Pratt. There are, also, stories by such well-known writers as Joseph Conrad, Henry C. Rowland, Willa Sibert Cather, Viola Roseboro'. These stories will be illustrated by such artists as F. Walter Taylor, James Montgomery Flagg, Sigismund de Ivanowski, Arthur I. Keller, F. D. Steele, Blumenfeld and other successful illustrators.

I will mail you free, to prove merits, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, the Heart or the Kidneys. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—mean Stomach weakness, always. And the Heart, and Kidneys as well, have controlling or inside nerves. Weaken these nerves, and you inevitably have vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy ever claims to treat the "inside nerves". Also for blating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me to day for samples and free Book. Dr. Shoop, Racine, Wis. The Restorative is sold by Dickson's drug store.

**Weak Hearts**

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased. Mr. D. Kable, of Nevada, O., says: "I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me."
