The Confederate Organizations.

Recent events at Richmond have centered attention on the surviving Confederate veterans. As the years go by, their ranks are thinning. According to the best available figures, the number of separate enlistments in the Confederate army was from 1,239,000 to 1,400,000. But many of these were reenlistments, and the terms of service were varied. Reduced to enlistments for a three years' term of service the estimated number is 1,082,119. There is a lack of data upon which to base any trustworthy estimate of the number of survivors.

The principal association of the surviving soldiers is the United Confederate Veterans, organized at New Orleans on June 10, 1880. This body is divided into the Army of Northern Virginia Department, the Army of Tennessee Department, and the Trans-Mississippi Department, each under a department commander. State organizations are authorized, and are called divisions. The number of separate camps is about 1,900, and the number of members about 75,000. There were 1,259 camps represented at the Richmond reunion. Permanent headquarters of the association are at New Orleans, La.—From "The South's Care for Her Confederate Veterans," by William A. Glasson, in the American Monthly Review of Reviews for July.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, the Heart or the Kidneys. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—mean Stomach weakness, always. And the Heart, and Kidneys as well, have controlling or inside nerves. Weaken these nerves, and you inevitably have vital organs. Here's where Dr. Shoop's Restorative has made its fame. No other remedy ever claims to treat the "inside nerves". Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me to day for samples and free Book. Dr. Shoop, Racine, Wis. The Restorative is sold by Dickson's drug store.

CHINESE GENTLEMAN'S WIFE

She is Not to be Mentioned or Seen by His Friends.

The law requires a man in China to mourn three years for the death of his father and 100 days for the death of his mother, but, strange to say, a man would be ostracized if he gave any signs whatever of grief on the death of his wife. Two intimate friends engaged in conversation would never think of even mentioning the name of any female relative. The most common question of "How's your wife?" is never heard in China, and would be considered gross and most unpardonable insult even between most intimate friends. Chinese "gentlemen" never mention, look at or speak to members of the fair sex, except those of their own family. In order to prevent the embarrassing chance meetings with the visitor always heralds his approach by coughing as he nears the house, thus giving the objectionable but "eternal feminine" time to escape.—Baltimore Sun.
