

HEALTH NOTES FOR

August is the month of Internal The mucous mem catarrh. The mucous mem-branes, especially of the bowels, are very liable to congestion, causing sammer complaint, and catarrh of the bowels and other Internal organs. Pe-ru-na is an excellent remedy for all these nditions.

American Fisheries.

According to the figures given in the statistical abstract for the latest reported years the annual product of American waters, fresh and salt, has a value of about \$50,000,000 exclusive of the salmon, seal and other products of Alaska. This includes fish of all kinds, oysters and clams, frogs, sponges, terrapin, whale-bone and alligator hides. Nearly one-quarter of the total is represented the clams and oysters of the New York market. Another quarter is represented by New England's sup-ply of fish of all kinds, oysters, eels ind whale oil included. The Great Lakes produce nearly \$3,000,000 worth of fish, principally trout, whitefish and lake herring. The Paofie Coast States are credited with \$3,400,000 worth of salmon (1904) and \$1,000,000 worth of oysters. The cod and the mackerel of the Eastern Coast for the years quoted show a value of about \$3,500,000 .--New York Sun.

as a rock.

Power Of The Waves.

The power of the waves, says M. Brounin in La Nature, is the sum of two efforts, one dynamic and due to the orbital movement of the water particles, the other static, and dependent on the height of the center of gravity of the mass raised above its normal position. Theory and ob-servation seem to show that the to-

Mistress and Maid.

"The root of the domestic tri to dies which make matter for conversation over so many cups of tea is that the mistress has never tried to do what she expects her servant to do," says an observing housekeeper. The mistress says to the maid, 'Do this,' and she does it, and then she goes on saying, 'Do something else,' until the girl takes her for a br. ic whereas she is only stupid --- ignorant. If she had only learned by toilful experience how much trouble it takes to keep a household in running order she would be more careful about the needless labor she caused. -New York Tribune.

A New York woman, who has a summer home in the Catskills, was delighted a few days ago when some of the native children brought her a flower which appeared to be a rare orchid. She promptly offered the children three cents apiece for each plant of the kind that they would bring her.

I'll bet she converses in Sanskrit, and ing sixty plants of the desired va-riety. The second day the force of laborers, was augmented by small every child for miles around, bring in all three hundred orchids.

pains and aches disappeared. I have been well now for nine years since using Doan's Kidney Pills." Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

Manila Hemp.

Manila hemp is the most valuable cordage fiber in the world. It has been an important article of commerce for over 100 years. The first shipment to the United States was made about 1824. It is interesting to note that the pioneers in the export of hemp from the Philippines were American houses that were es tablished in Manila about that time and that for 50 years thereafter the American houses of Russell & Sturgis and Peele, Hubbard & Co. con trolled this trade, making advances to the growers and stimulating the production. It is therefore largely owing to American enterprise that Manila hemp is an article of world commerce today.

Manila hemp cannot, apparently, be successfully grown in any other part of the world. It is mainly raised on the Islands of Luzon, Sa mar, Leyte and Mindanao. The Province of Albay, in Luzon, usual-The produces over one-fourth of the total crop.

Annual Marriage Fair.

The recent annual marriage fair at Ecaussines, Belgium, resulted in 27 matrimonial engagements, and it is probable that about a dozen more bachelors will shortly make up their minds to enter the state of wedlock. Every year this fair is held, so that instead of emigrating the young men may may settle down at home. Maidens and bachelors lunch together, and opportunities are thus afforded for forming acquaintances. The young women wear their best dresses, and the bachelors are encouraged by mottoes posted in the market place, such as "A bachelor is only bull a man."

Sidewalk Of Mahogany.

William H. Tripp, of Janesville, Wis., is believed to be the only man in America who can boast of having a mahogany sidewalk in front of his home

Recently he had a consignment of goods from the West Indies. The goods came in mahogany barrels The from which he had a sidewalk built
