We have sold more low shoes this season than we ever did. One reason is, that we had them; another is, that we have the right shoes at the right price. We have the nicest ladies' white canvas Oxford you ever did see, at 95c.; also, some blacks; and in men's we have them made by the Walkover people. Or if you would rather have a nice pair of high shoes, we have them. There isn't a cent's advance on better goods, it is the cheap goods that has advanced some, but we can still sell you a good ladies fine shoe at \$1.00, and men's at \$1.25, so you see we haven't advanced ours any yet.

Look over this ad and our stock and see how much we have advanced goods, and you will find it very little. We can sell you wall paper as cheap as 3c. a bolt.

We have Clothing at prices that can't be matched by any one. In working garments we handle the Shippensburg goods. Come in and let us convince you that goods are not as high as some would try to make you believe they are.

Kodol For Indigestion.
Relieves sour stomach, palpitation of the heart. Digests what you eat.

Rev. E. L. Kennedy, pastor of the Presbyterian church in Everett, is "on the road" this week for a little summer outing. Not caring to be annoyed by the delays sometimes encountered in auto travel, he started out from Everett Monday morning on foot, and walked down to Salvia, spending the night in the home of Charley Mann, Tuesday morning he walked across the mountain to McConnellsburg in time for dinner at the Washington House and during the early afternoon called on Dr. West at the parsonage, called to see Mrs. Sarah Pittman and Mary, because Mr. Kennedy and Charlie Pittman had been college companions. Mr. Kennedy also called on Minnie Reiser and Mary Sloan, and with staff in hand struck Cove mountain about four o'clock expecting to reach Welsh Run, that evening. Wednesday he would go to Hagerstown and later to Antietam and be back home in time for his usual church services next Sunday.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.
