Stomach troubles, heart and kidney ailments, can be quickly corrected with a prescription known to druggists everywhere as Dr. Shoop's Restorative. The prompt and surprising relief which this remedy immediately brings is entirely due to its restorative action up on the controlling nerves of the stomach, etc.

Carson McFadden was given a hearing Monday evening in Chambersburg before Magistrate Seiders on the charge of furnishing liquor to a minor. The minor in the case was Bentley Mellott, the lad who died from injuries received in falling from a wagon near Foltz. McFadden was held for court in \$300 bail, which he furnished.

The McConnellsburg band was down and played for the Sunday school picnic at Retoboth church in Thompson township last Saturday, and in the evening went to Hancock and treated the citizens of that city to some good music, after which they attended a "play" in the opera house. The boys say they had a good time and speak very kindly of their treatment by the Hancock people.

Six North American Articles Will Tell About The Athletics.

PROBABLE AMERICAN LEAGUE CHAMPIONS SUBJECT OF NOTABLE SERIES.

McDOUGAL DRAWINGS.

Cartoonist Will Illustrate Graham Stories of Mack's Famous Players.

In the most exciting race the American League ever saw the Athletics now look a sure winner. Until the end of the season they will be playing at home, while their rivals, Chicago, Detroit and Cleveland, are battling on the opposing grounds.

Apparently it is all over but the cheering, and everybody in this part of the country is discussing the Athletics and their famous manager, Connie Mack. The fans want to know all about the team, who the men are, where they came from, where they live, what their habits and peculiarities are.

The North American began, on Sunday, September 1, to publish a series of six articles, which will tell this whole story. They will be written by George M. Graham, sporting editor of The North American, who, having been with the team on the southern training trip, is familiar with every step by which the club was whipped into shape by Manager Mack and formed into the present invincible combination.

Every stage of this development will be covered, and there will be new stories about members of the team, which, with Rubie Waddell, Chief Bender, Topsy Hartel, Socks Seybold and such celebrities includes, perhaps, more famous baseball characters than any team in the country.

Walt McDougal, the North American's famous cartoonist, will contribute a series of drawings, which will illustrate the humorous side of the recital.

The articles will also be illustrated by photographs.

Order at once, and make sure that during the next six weeks you get every one of this series on the team that looks likely to bring Philadelphia its third pennant in seven years, and which, if victorious, will play the Chicago Nationals for the world's championship.

CROSSING YOUR LEGS.

The Constant Indulgence in This Comfortable Position, Produces Many Ills.

A most injurious habit, common alike to men and women, is that of sitting with one leg swung over the knee of the other. Headaches, cold feet, varicose veins, ulcers, and many other discomforts attendant on an imperfect circulation of the blood are directly traceable to this habit, says the September Delineator.

When the right leg is swung over the left knee, the whole weight is sustained by this knee, placing at the pressure against the under part of the right leg between the calf and the kneecap. At this very place are a great number of large veins, arteries, and nerves; the pressure on them crowds all the tissues together and materially interferes with the circulation of the blood, and the disturbance of nature's processes manifests itself in many bodily evils and inconveniences. Many who would not be guilty of crossing the legs in public, often surrender to the temporary comfort of the position in the seclusion of their own rooms. It is wrong and injurious because it defies nature, whose laws are more imperative than those of society.

There are a great many people who have slight attacks of indigestion and dyspepsia nearly all the time. Their food may satisfy the appetite but it fails to nourish the body simply because the stomach is not in fit condition to do the work it is supposed to do. It can't digest the food you eat. The stomach should be given help. You ought take something that will do the work your stomach can't do. Kodol for indigestion and Dyspepsia, a combination of natural digestants and vegetable acids, digests the food itself and gives strength and health to the stomach. Please try it to take. Sold by Trout's drug store.
