There's a reason for that ache in your back—right where it "stitches" every time you bend over, turn around or walk any distance. It's your kidneys. Take DeWitt's Kidney and Bladder Pills. During the heavy thunderstorm Tuesday evening of last week lightning struck the barn on the farm of Frank Hade, about three miles south of Greencastle along the Williamsport pike. The stock and machinery were removed but the crops of this year and the brilliant light in the sky could be seen for miles around. This is the third barn on Mr. Hade's farm one having been torn down to make a new one, which was struck by lightning and burned down several years ago.

There are a great many people who have slight attacks of indigestion and dyspepsia nearly all the time. Their food may satisfy the appetite but it fails to nourish the body simply because the stomach is not in fit condition to do the work it is supposed to do. It can't digest the food you eat. The stomach should be given help. You ought take something that will do the work your stomach can't do. Kodol for indigestion and Dyspepsia, a combination of natural digestants and vegetable acids, digests the food itself and gives strength and health to the stomach. Pleasant to take. Sold by Trout's drug store.

**Physiology Up To Date.**

After a lesson on digestion the teacher, anxious to know just how much her instruction had been understood, questioned the class. The first answer was rather discouraging, as the girl called upon made this startling statement:

"Digestion begins in the mouth and ends in the big and little testament."

It was the same teacher who received the following note.

"Please teacher do not let Mary any more about her incides it makes her so proud."—(School Education).
