## LAWS FOR SCHOOL ROOMS

Provisions Are to be Made For the Comfort of Teachers and Pupils.

In connection with the opening of the school term, it is desirable that both parents, directors and teachers should know that the state laws require that certain provisions be made for the health and comfort of pupils. The law is as follows—

Whereas, Many schoolhouses of this commonwealth have been constructed without provision for proper heating and ventilation, and the health and comfort of many school children are greatly endangered thereby, therefore,

Section 1. Be it enacted, etc., That on and after the first day of December, nineteen hundred and seven, it shall be unlawful for any board of school directors, within this commonwealth, to use a common heating stove for the purpose of heating any school-room, unless every such stove shall be in part enclosed within a shield or jacket, made of galvanized iron or other suitable material and of sufficient height and so placed as to protect all pupils, while seated at their desks, from direct rays of heat.

Be it further enacted, That every school room in this commonwealth shall be provided with ample means of ventilator, and that, when windows are the only means in use, they should be so constructed as to admit of ready adjustment, both at the top and bottom, and some device shall be provided to protect pupils from currents of cold air.

A thermometer shall be placed in every schoolroom in this commonwealth by the directors in charge, and this provision shall be complied with even when standard systems of heating and ventilation are in use.

Any school board neglecting or refusing to comply with the provisions of this act may, by proper course of law, be dismissed from office; Provided, That when one or more members shall vote to comply with the provisions of this act, such member or members shall not be subject to dismissal.

## VALUE OF WALKING.

Benefits to Be Derived From This Form of Exercise.

There is hardly an instance of a long lived man who has not been for the best part of his life a brisk walker, and for some reason or other has had to take exercise pretty well every day.

Riding is all very well and so are other exercises, but there is nothing like a good walk, because it stimulates the blood and the muscles and necessitates being in the open air.

If those who complain of being stout would only think of this and never omit a daily constitutional they would be amply rewarded. It will keep them young and their figures presentable.

It is simply a remedy that no one needs to. Sitting about in the open air is all very well and is far better than sitting in the house, but it does not keep you in good health.

It is quite another thing to overfatigue oneself. There is nothing better than to get into a healthy perspiration by walking. It is just like drinking a glass of cold water in the morning. It is so simple no one believes in it.

This may not suit everybody, but those it does suit it will keep in health.—Pittsburg Press.

## Attention, Comrades.

The 6th Annual Reunion of the Southern District Association of the Grand Army of the Republic will be held at Newville, Cumberland county, Pa., on October 17th, and to this Reunion every comrade who wore the blue in the Civil War is earnestly invited and a welcome is extended to their friends as well.

## M'KIBBIN—LYLE.

Owing to Serious Illness of Bride, Quiet Wedding Was Had. At Home in Missouri.

On Wednesday evening, September 18th, the home of Mrs. Mary Frances Fraker, Fort Littleton, was the scene of a very impressive, although quiet, wedding, when her grand daughter, Miss Emma Lyle, became the bride of Mr. Herbert Lee McKibbin, of McConnellsburg.

The beautiful ring ceremony of the Methodist Episcopal church was performed by Rev. Charles Bryner.

Owing to the serious illness of the bride, the large number of invitations which had been issued for the wedding were recalled, and only the immediate relatives of the young couple were present.

Mrs. McKibbin is one of Dublin township's most estimable young ladies, who by her amiable disposition and lovely Christian character, is endeared to a wide circle of friends, while Mr. McKibbin is one of McConnellsburg's capable young men.

The happy couple were the recipients of a large number of useful and costly presents.

Upon the recovery of the bride, Mr. and Mrs. McKibbin will take up their residence in Clayton, Mo., where the groom has a lucrative position, and we bespeak for them a future of happiness and prosperity in their distant home.

## TRITTE—SNOW.

Miss Lydia R., daughter of Luther Tritte, Married at Omaha, Nebraska.

From the Spirit Lake (Iowa) Herald. Saturday evening, September 7, 1907, at the home of Rev. Geo. MacDougall, in Omaha, Nebraska, in the presence of only the pastor's family occurred the quiet and pretty ceremony that united the lives of two of Spirit Lake's best and most popular young people. Rev. Mac Dougall, who performed the ceremony, is an old time friend and an old pastor of the groom and now pastor of the Olivet Baptist church in Omaha.

The bride and groom spent a couple of days in Omaha and then went to Des Moines where they spent a day as guests of Mr. and Mrs. Dodge. They returned home Wednesday evening. The bride is a daughter of Mr. and Mrs. Luther Tritte and has lived in Spirit Lake for the past six years. She has won an enviable reputation as a kind hearted and industrious young lady and will be a fitting companion for the man of her choice.

The groom has been a resident of this county for more than 15 years and is an industrious and popular young man. For the past few years he has conducted a machine shop in Spirit Lake and has fitted his shop for automobile repairing, in which line he has a large patronage throughout the summer season.

Mr. and Mrs. Snow will make their home at the Snow residence on Court street where they are now pleasantly located. The Herald joins their many friends in extending congratulations.

## Kelso—Hamil.

On Tuesday evening, September 17th, at the McConnellsburg M. E. parsonage, Mr. Albert Kelso and Miss Margaret Hamil, both of Knobsville, this county, were made one, when the pastor, Rev. C. W. Bryner, declared: "Those whom God hath joined together, let no man put asunder."

This happy young couple will go to housekeeping in the near future in their own cosy and attractive home in Knobsville. May they have a long, happy and prosperous journey through life.

Mrs. Irvin Mellott, of Richland, Iowa, Mrs. G. B. Hockensmith, of Ollie, Iowa, and Mrs. G. W. Decker, of Harrisonville, spent last Friday in the home of William Fix.

## STRUCK IT RICH.

A Former McConnellsburg Editor Strikes a Ten-Million Gas Well in Indian Territory.

Our townsman, "Uncle Jimmy" Rummel, showed us a copy of the Kane Daily Republican, of the 21st inst., in which was a marked paragraph saying that H. R. Hardenberg, who has been drilling a well for Harry E. Shafer, F. E. Ulf, and H. J. James, at Morris Oil Field, near Ocmulgee, Indian Territory, on the 18th of this month, "brought in" a three-million gasser, and that Mr. Hardenberg has since drilled it one foot deeper, and that it is now showing up a ten-million gasser. The lucky editor mentioned above is Harry E. Shafer, a former resident of McConnellsburg, who owned and edited the Fulton Republican in the early '70's." The only thing possible for an editor to strike would be a gas well.

## APPLES AS MEDICINE.

Valuable From Scientific Point of View. Says N. Y. Popular Science Monthly.

Chemically, the apple is composed of vegetable fiber, albumen, sugar, rum, chlo. ophyll, malic acid, gallic acid, lime and much water. Furthermore, the German analysts say that the apple contains a larger percentage of phosphorus than any other fruit or vegetable. The phosphorus is admirably adapted for renewing essential nervous matter, leucine, of the brain and spinal cord. It is, perhaps, for the same reason rudely understood, that old Scandinavian traditions represent the apple as the food of the gods, who, when they felt themselves to be growing old and feeble and infirm, resorted to this fruit for renewing their powers of mind and body. Also, the acids of the apple are of signal use for men of sedentary habits, whose livers are sluggish in action, those acids serving to eliminate from the body noxious matters, which, if retained, would make the brain heavy and dull, or bring about jaundice or skin eruptions and other allied troubles.

Some such an experience must have led to our custom of taking apple sauce with rich pork, rich goose, and like dishes. The malic acid of ripe apples, either raw or cooked, will neutralize any excess of chalky matter engendered by eating too much meat. It is also the fact that such fresh fruits as the apple, the pear, and the plum, when taken ripe and without sugar, diminish acidity in the stomach rather than provoke it. Their vegetable salts and juices are converted into alkaline carbonates, which tend to counteract acidity.

A good, ripe, raw apple is one of the easiest of vegetable substances for the stomach to deal with, the whole process of its digestion being completed in eighty-five minutes.

## DUBLIN MILLS.

Very little seeding is done yet on account of wet weather.

Our thresherman, William Henry, has come back into this community.

Will Kerling and Foster Bolinger made a business trip to McConnellsburg, last Friday.

Isaac Bolinger is on the sick list.

John Cohlck, of Three Springs, passed through our town Sunday.

There will be a festival and preaching in the grove Saturday evening, 28th. Come one and all. Martin Bollinger was the guest of Ed Black last Sunday.

Some of our young people attended the festival at Center.

Elmer Knepper was seen in our town Tuesday evening.

John Grissinger made a business trip to Saxton last week.

D. Ruby expects to leave our town in the near future.

A. Staines spent Sunday very pleasantly in the home of his brother Peter.

## ON LAKE TAHOE.

O. R. Cline Aboard Steamer 6,400 Feet above Sea Level.

Mr. O. R. Cline, formerly of Burnt Cabins, in directing us to change the address of his paper to Long Beach, California, has this to say: "We are now aboard steamer Tahoe, on Tahoe Lake 6400 feet above sea, surrounded by snow-capped mountains yet it is like a beautiful May day.—ladies in full (or rather in scant) summer attire. This is said to be the most beautiful lake in the world. It occupies the crater of an old volcano,—is 23 miles long, 13 miles wide sounded to depth of 2000 ft. no bottom found at some points. So clear is its waters the pebbly bottom is already discovered at 100 ft. It is full of trout, and is surrounded by numerous fine summer resorts of surprising magnitude and equipment. Forests of great pines border it, and the most beautiful stream, of rather cataract, carries its overflow in a raging torrent for 20 miles into the Truckee Valley to irrigate desert lands and be lost, like the Humboldt, in the Carson Sink.

## The Pennsylvania Game Laws.

The table contained in the digest of the game, fish and forestry laws, compiled by Dr. Joseph Kabis, secretary of the game commission, and just issued, gives the following information, which is printed for the benefit of those who have asked as to the time for killing certain game birds and animals:

## DAVID P. BISHOP DEAD.

Fell from Wagon Last Thursday and Sustained Fatal Injuries.

From the Valley Spirit, Chambersburg, we learn that David P. Bishop, well known in this county, met his death last Thursday, through an accident that occurred on Wednesday, while on his way home from Mercersburg in company with Joshua Stephens. The story is that Stephens and Bishop had been in Mercersburg on a business trip, and that on their way home Bishop fell from the wagon and was fatally injured.

Stephens did not know that his partner had fallen from the wagon, and continued on his way. Later in the evening some people who came along the road found Bishop and rendered what aid they could. He was injured internally and had hemorrhages at different times. He was taken to Kasiesville. The people wanted to get a physician, but he would not have one because he said he was going to die anyway, and it was no use.

On Wednesday evening, although he seemed much better, he was left near his home by those who found him. He was unable to find his home and it is said wandered around all night. The next morning he was so weak, that he died a few hours later.

David Bishop was a well known resident of that section of the county, and made his home with his niece, Mrs. Ledy, from whose home the funeral was held on Sunday with interment in Mercersburg.

Mr. Bishop was aged about 58 years, and was a veteran of the Civil War, he having enlisted in the service when he was but fifteen years of age.

## DR. WEST RESIGNS.

Was Active Minister of Carlisle Presbytery During 50 Years.

At his urgent request the resignation of Rev. Dr. William A. West, pastor of the Presbyterian church at this place, was accepted at a congregational meeting last Friday evening, and at the meeting of the presbytery in Harrisburg Tuesday the pastoral relations were dissolved. Dr. West is the oldest minister in the presbytery of Carlisle and has been in the active ministry for fifty-five years, the last seven of which has been at this place.

## Chance For a Home Run.

A clever teacher who has the power of calling out originality in her pupils, says that she would have no use for text books if she took time to answer all the startling questions asked in the classroom. One day the attraction of gravitation was under discussion when one of the boys said that he didn't see any need of it, anyway.

"It seems to me," said he, "there's no particular use in having the earth attract things. Now when the apple fell and made Newton think out the reason for it, that apple might just as well have stayed where it was until somebody gathered it."

"You play ball, don't you?" asked the teacher. "Well, suppose you knock the ball very high, what happens?"

"It falls."

"But if there were no attraction toward the earth it wouldn't fall. Don't you think that might prove inconvenient?"

"My," cried the boy, "what a bully chance for a home run!"—Chicago News.

Communion services at the Reformed church next Sunday morning, 10:30 o'clock; preparatory services Friday evening at 7 o'clock. Down the Cove at Hebron, communion at 2:30 Sunday afternoon; preparatory services Saturday afternoon at 2:30. Rev. G. E. Fisher, of Martins, will hold these services. All are welcome.

## THE MISS'S DICKSON ENTERTAIN.

Grand Reception Monday Evening to Mr. and Mrs. Wilson H. Elder.

Society is reaping the aftermath of the Elder-Robinson wedding of last week, and its doings are of a very gay and delightful character. The latest event was the reception given on Monday evening at the home of Mr. Sam'l C. Dickson and sisters on Water street, to the bridal party on their return from a tour to Baltimore and other points.

The parlors were beautifully illuminated, the floral decorations being most brilliant in color, and tasteful in arrangement.

In the receiving line were the bride and groom, Mr. and Mrs. Elder; the matron of honor, Mrs. Horace U. Nace, and two of the bridesmaids, Misses Bess Trout and Mary Sloan.

About eighty guests were present to pay respect to this popular young couple, who will, after a week's longer stay, remove to their home in Morgantown, W. Va.

Under the spell of such charming hospitality—old and young associated most felicitously in conversation and music—a most delightful evening was the result.

In the art of making their guests thoroughly comfortable, these genial hostesses are able to give lessons a-plenty.

## Rev. J. A. Crawford Dead.

Rev. John Agnew Crawford, D. D., died at his home at Chambersburg last Thursday evening. He was born in Philadelphia in 1822 and was graduated from the University of Pennsylvania in 1841 and studied in the Reformed Presbyterian Seminary in Philadelphia and was licensed to preach in 1844. He was pastor in Milton, Pa., Xenia, Ohio, and Brooklyn; in 1867 he became pastor of the Falling Spring Presbyterian church and served until 1887 when he retired as pastor emeritus. He was a member of the faculty of Wilson College for years and stated clerk of Carlisle Presbytery.

## SALUVIA.

Mr. H. J. Mellott and little sons Herbert and Norman have returned to their home in Deshler, Ohio, after a two weeks' visit among friends and relatives in this place.

Miss Della Deshong spent Sunday with Ada and Lois Decker.

Miss Cora Strait is employed at Harrisonville.

Ray Decker, little eight year old son of F. Decker, met with an accident last week which might have proved serious.

While threshing timothy seed on the Clover Hiller, which was run by an old fashioned horse power the belt flew off. He picked it up, and it jerked his arm into the pulley up to the elbow. When he was released from his perilous position it was found that his wrist was out of place, and his arm considerably cut and bruised—one cut being about three inches in length. His father quickly put the boy's wrist back into place, and he is now recovering.

There will be a picnic at the Green Hill M. E. Church Saturday Sep. 28th also a Grab Social in the evening, to which all are invited.

## Jarred His Nerves.

A young lady in McConnellsburg is said to have gone into a dry goods store the other day and blushing asked a clerk if he "had any of those elastic bands, capable of being elongated and adjusted at pleasure, and used by the feminine portion of mankind for putting around the lower extremities of their locomotive members to keep in proper position and at the required height the habiliments of their sties." This was too much for the clerk. With a piercing yell, he leaped over the counter, sped out through the door and "look to the woods" and has not been heard from since.

## ABOUT PEOPLE YOU KNOW

Snapshots at Their Comings and Goings Here for a Vacation, or Away for a Restful-Outing.

## NAMES OF VISITORS AND VISITED

Miss Bertha Clevenger, of the Cove, spent a few days recently with friends in Chambersburg.

H. S. Daniels, Esq., and wife, of Harrisonville, spent Tuesday in McConnellsburg on business.

Miss Bossie Motter, of Chambersburg, spent a few days last week with her parents, near this place.

David Peightel and Mrs. R. G. Smith, of Altoona, are visiting the Misses Sue and Annie Peightel, of this place.

Rev. Calvin Fassold and family were visitors last Wednesday in the home of Mr. and Mrs. Daniel Mock in Tod township.

Mr. Blair W. Truax, of Danville, Ill., surprised his parents, Mr. and Stillvel Truax of Belfast township last Friday, by dropping in upon them for a short visit. Blair looks as though the world was using him well.

Mr. Robert Rodgers, of McKeesport spent a short time very pleasantly with his cousin, Miss Adda Motter of this place. Mr. Rodgers was accompanied home by his sister Miss Carrie Rodgers who has been visiting some time with relatives here.

Samuel Widney of Burnt Cabins during this summer traveled through twenty-four states, and at the same time, was looking after the best place, in his estimation where in to live the rest of his days. He says that in spite of the many beautiful spots he visited, he last week purchased a home Broad Street, Chambersburg, Pa., which city he has chosen for the most desirable place from every standpoint. He is a boost for Chambersburg.
