Simple Home Recipe.

Get from any prescription pharmacist the following :

Fluid Extract Dandelion, one half ounce; Compound Kargon, one ounce; Compound Syrup Sar saparilla, three ounces.

Shake well in a bottle and take a teaspoonful dose after each meal and at bedtime.

The above is considered by an eminent authority, who writes in a New York daily paper, as the finest prescription ever writ ten to relieve backache, kidney ford. trouble, weak bladder, and all forms of Urinary difficulties. This mixture acts promptly on the eliminative tissues of the Kidneys, enabling them to filter and strain the urie acid and other waste matter from the blood, which causes Rheumatism.

Some persons who suffer with the afflictions may not feel inc.in ed to place much confidence in this simple' mixture, yet those who have tried it say the results are simply surprising, the relief being effected without the slightest injury to the stomach or other organs.

Mix some and give it a trial. It certainly comes highly recom mended. It is the prescription of an eminent authority, whose entire reputation, it is said, was established by it.

A druggist here at home, when asked, stated that he could either supply the ingredients or mix the prescription for our readers, Life Pills," writes Ella Slayton,

What might have been a serious accident, occurred at the home of B. F. Simpson in Thomp son township, last Thursday ev ening. Mr. Simpson and his son Reed and daughter Bess were driving down the hill near his residence in a huckster wagon drawn by two horses, when the tongue yoke broke, allowing the tongue to drop to the ground. This frightened the horses, and in attempting to run drew the wagon into a lock, throwing the minates out, breaking a rib for Reed, knocking some teeth out for Bess, and bruising Bennie about the head and face until his friends in town Monday told him he looked like he had been run through a Geiser separator and blown out through a cyclone

The first local Institute of the season was held last Thursday evening at Mt. Airy in Bethel township.

The meeting was called to order by the teacher Miss Sadie Kirk in a few well chosen remarks relative to the object of the meeting, when J. H. H. Lowis was appointed chairman, and proceeded at once to dispose of the program that had been carefully prepared for the occasion, consisting of songs and declamations by the school, with subjects of deep educational interest for the teachers and patrons present.

Let it be said that the attendance, deportment and interest manifested, speaks volumes for the educational interest that permeates the minds of our teachers, scholars and patrons, in Bethel township. The local institute undoubtedly is one of the important factors in educational advancement, cultivating a social influence and a practical use of knowledge-heing able to express orally your thoughts upon current events.
