Thomas A. Edison, the great American inventor, says "Fully eighty per cent of the illness of mankind comes from eating improper food or too much food; people are inclined to over-indulge themselves." This is where indigestion finds its beginning in nearly every case. The stomach can do just so much work and no more, and when you overload it, or when you eat the wrong kind of food, the digestive organs cannot possibly do the work demanded of them. It is at such times that the stomach needs help; it demands help, and warns you by headaches, belching, sour stomach, nausea and indigestion. You should attend to this at once by taking something that will actually do the work for the stomach. Kodol will do this. It is a combination of natural digestants and vegetable acids and contains the same juices found in a healthy stomach. It is pleasant to take. It digests what you eat.

TYPEWRITING.

A Wonderful Work Went on There Last Week.

The House was Piled Full of People from One End to the Other.

The Whole Country was Awake to the Situation.

It Was a Carnival of Real Merchandise Such as Saltillo Never Saw Before.

We are on the second week of this gigantic Stock Reducing and Trade Increasing Carnival which is proving to be the most bountiful harvest for the people imaginable. They're coming from Woodvale, Robertdale, Petersburg, Orbisonia, Mt. Union, Three Springs, Mapleton and from every neck of the nearby country as well as good old Fulton County which has been so loyal to this store for many years; and would you believe it, even McConnellsburg knows that this is the place to get bargains, for our bargains are going there too.

They saw it advertised; they read the Newspapers; they saw the Bills. It was something they hadn't seen before.

They came and weren't disappointed; for instead of a few items that are usually baits they find hundreds—yes—thousands of bargains here.

Dress Goods!

Are you Keeping Your Eye on the Indicator, that is—Harry E. Huston.

It indicates that the people are packing out more dry goods and dress goods than was ever packed out of this store before. It would have done you good to see the crowds gathered around the Dress Goods Counter, looking over the latest weaves, the latest designs, and see them buying right and oft on all sides.

Everybody was Picking Out Dress Patterns.

The red ticket on each piece of goods meant a saving to them and it means a saving to every customer who will buy during this sale. We sold thousands of yards of calico at 2c. a yard and on Saturday, October 26, we are going to offer you something else so cheap you will wonder if we stole it.

Clothing! == Clothing!

The stranger you meet scans your clothing more than he does your face. They tell him more, if they're Harry E. Huston garments, they're right.

They are nobby and there is something about them that distinguishes them from other ready to wear clothes but the most attractive thing about them is the price. Our lowest priced man's suit is \$2.10. Is that low enough? and they go up to \$15.00 per suit.

It isn't cold yet but we have sold more Overcoats already during this sale than we did in two months last winter, but it is no wonder—the price does it.

Ladies' and Girls' Coats.

We told you something about our Coat stock in our previous advertisements, but little did we think that so many people would buy coats so early.

A woman in Robertdale bought a coat from us, she showed it to her neighbors, and down they came and the way they raved over our coats made us think that Huston gets the latest at 'out of style prices. Adams Express Company is bringing more coats to us and you will see new coats here when you come again. We are going to sell more coats this year than we did any two seasons before for people are finding out that this is the place to get coat satisfaction.

Merchants Can Not Buy These, But You Can.

- 5 Cakes Star Soap for 25c.
- 1 Gallon Syrup for 30c.

Look over the situation, make out your want list, and don't leave one item out, because you will get the whole shooting match here for considerably less money than you ever dreamed of before. With me it is see how many goods I can sell in 30 days. Drive up your buggies, bring in your wagons full of produce and we will load them full to the brim.
