Dr. West is over in Path Valley a few days this week. The Doctor is beginning to "pack up" with a view to severing his relations with the Presbyterian church here and at Greenhill on the first of next month.

The fellow who took S. A. Nesbit, the other day, for a wall paper agent, was a little surprised to find when he displayed the roll, that it was only a petition with a few yards of names, endorsing him for the nomination, next spring, for re-election to the office of county commissioner. Samuel is making an active canvass.

A tickling cough, from any cause, is quickly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly harmless and safe, that Dr. Shoop tells mothers everywhere to give it without hesitation even to very young babies. The wholesome green leaves and tender stems of a lung-healing mountainous shrub, furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sore and sensitive bronchial membranes. No opium or chloroform, no harsh used to injure or suppress. Simply a resinous plant extract, that helps to heal aching lungs. The Spaniards call the shrub which the Doctor uses, "The Sacred Hero." Demand Dr. Shoop's. Take no other. Dickson's drug store.

"DOUBLE HOLIDAYS"

For Two Years the Most Complete Trial Possible in the Calendar.

Next year Washington's Birthday, Memorial Day, and the Fourth of July all fall on Saturday, giving the public three double holidays. Ordinarily these three do not fall on the same day, but by the intervention of the 29th of February this year Washington's Birthday falls just fourteen weeks earlier than Memorial Day, which regularly comes five weeks before the Fourth. The advantage of having a holiday adjoin a Sunday, for people who desire to seize the opportunity to make trips out of town is very great. In creating the last holiday—Labor Day—advantage of this principle was taken in the selection of a first Monday instead of a numbered day of the month. In 1909, Washington's Birthday falls on Monday, the 30th of May, and the Fourth of July on Sunday, which will mean a Monday observance, so that for two years in succession double holidays are assured. In the latter year Christmas will also fall on Saturday, thereby affording the most complete trial of the "double holiday" possible in our calendar.

You can't be well if you have a weak, unhealthy, tired out stomach. Neither can you feel good if by some little irregularity in eating you have caused the stomach to get out of order. These little stomach troubles are signs of indigestion, which may, and very often does turn into a very bad case of dyspepsia. Don't allow this to go on a single day without doing something to overcome it. Take some good reliable and safe digestant like Kodol For Dyspepsia. Kodol is the best remedy known to day for heartburn, belching, and all troubles arising from a disordered digestion. It is pleasant to take and affords relief promptly. Sold by Trout's drug store.

No Need to Talk.

"Does the baby talk yet?" asked a friend of the family.
"No," replied the baby's disgusted little brother; "the baby doesn't need to talk."
"Doesn't need to talk?"
"No. All the baby has to do is to yell, and it gets everything there is in the house that's worth having."—Tit Bits.

Death to Trust Methods.

The best method of curbing the unjust, unfair methods of trusts, is to quit selling their goods. The American watch trust, composed of the Elgin and Waltham watch companies, the Keystone and Crescent watch case companies, deserve the censure of all Americans. An American manufacturer who will sell a certain article to foreign countries for \$2.00 and charge the American people \$4.50 for the same article, is unworthy of American support. We have concluded to close out all trust goods in stock, and will sell no more until the trust abandons present methods. Their goods are now on view in our window. Astonishing prices are attached to each watch; from 10 to 25 per cent. lower than Chicago prices. Come soon.
