When the Stomach, Heart, or Kidney nerves get weak, then these organs always fail. Don't drug the Stomach, nor stimulate the Heart or Kidneys. That is simply a makeshift. Get a prescription known to Druggists everywhere as Dr. Shoop's Restorative. The Restorative is prepared expressly for these weak inside nerves. Strengthen these nerves, build them up with Dr. Shoop's Restorative—tablets or liquid—and see how quickly help will come. Free sample sent on request by Dr. Shoop, Racine, Wis. Your health is surely worth this simple test. Dickson's drug store.

Are You Interested in Livestock?

When The New York Tribune Association six years ago decided to establish the New York Tribune Farmer, a non-political, national journal, to be devoted to every branch of agriculture and other interests of the farmer and his family in every part of the country, men of the highest authority in every branch of farm work and farm experiences were consulted as to writers, whose services it would be most desirable to secure.

When the late Dr. J. C. Currier of Minnesota, the author of "Horse Sense," was asked to name the best writers on horses and on veterinary practice, he named only one: "Dr. C. D. Smead, living in Logan, N. Y., is just the one you want—if you can get him." Dr. Currier's opinion proved him as good a judge of men as of horses.

Dr. Smead undertook the work of answering not only veterinary questions, but all reasonable queries in regard to the breeding, the care and the feeding of all domestic animals; he taught how to keep them well; and that beasts seldom need medicine if properly looked after. Not the questions alone profited by Dr. Smead's department, the value of which received immediate and extended recognition. There is good reason for this.

Dr. Smead didn't take up his profession as an easy way of earning a living. He has been a practical farmer and livestock breeder from his youth. He loves animals and is unhappy when they suffer or fall in health, so many years ago he decided to learn how to care for and cure them; he dropped work, took a course and became a doctor himself—not for the money he might earn, but for the sake of the neglected and suffering animals. And he didn't stop study when he left the school; he has studied books, reports and, better still, the animals themselves, every day since. No wonder he succeeds and is to-day, largely on account of his work in the New York Tribune Farmer, the best known veterinary surgeon in America.

The subscription price of the New York Tribune Farmer is one dollar a year, but to those of our subscribers who are paid up or who pay up to date, we will furnish the News and the Farmer one year for \$1.00. To those who are paid at least a year ahead to the News, we will send the Farmer one year for sixty cents. Sample copies furnished upon request. Send all orders to

A NARROW ESCAPE.

G. W. Cloyd, a merchant of Plunk, Mo., had a narrow escape four years ago, when he ran a jimson bur into his thumb. He says: "The doctor wanted to amputate it but I would not consent. I bought a box of Bucklen's Arnica Salve and that cured the dangerous wound." 25c at Trout's drug store.

Six passenger conductors on the middle division of the Pennsylvania Railroad have been discharged without ceremony and several more have been threatened with dismissal. For a long while the conductors have been watched by detectives, as complaints had been made to the officials of the road that certain passengers have been in the habit of riding over the road without paying fare. One of the discharged conductors had been in the employ of the company for 42 years.

My Best Friend.

Alexander Benton, who lived on Rural Route 1, Fort Edward, N. Y., says: "Dr. King's New Discovery is my best earthly friend. It cured me of asthma six years ago. It has also performed a wonderful cure of irritable consumption for my son's wife. The first bottle ended the terrible cough, and this accomplished, the other symptoms left one by one, until she was perfectly well. Dr. King's New Discovery's power over coughs and colds is simply marvelous." No other remedy has ever equalled it. Fully guaranteed by Trout's drug store. 50c. and \$1.00. Trial bottle free.

To relieve the worst forms of Rheumatism, take a teaspoonful of the following mixture after each meal and at bedtime.

Fluid Extract Dandelion, one half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

These harmless ingredients can be obtained from our home druggists, and are easily mixed by shaking them well in a bottle. Relief is generally felt from the first few doses.

This prescription, states a well-known authority in a Cleveland morning paper, forces the clogged up, inactive kidneys to filter and strain from the blood the poisonous waste matter and uric acid, which causes Rheumatism.

As Rheumatism is not only the most painful and torturous disease, but dangerous to life, this simple recipe will no doubt be greatly valued by many sufferers here at home, who should at once prepare the mixture to get this relief.

It is said that a person who would take this prescription regularly, a dose or two daily, or even a few times a week, would never have serious Kidney or Urinary disorders or Rheumatism.

Cut this out and preserve it. Good Rheumatism prescriptions which really relieve are scarce, indeed, and when you need it, you want it badly. Our druggists here say they will either supply these ingredients or make the mixture ready to take, if any of our readers so prefer.
