District Sunday School Convention.

A very interesting Sunday School convention was held at Siloam Church in Licking Creek township, last Saturday.

The afternoon session was spent in considering how the Home Department can be made helpful.

The devotional exercises at the opening of the evening session, were conducted by E. H. Kirk.

The following persons were elected as officers of the Siloam school: Superintendent, Mrs. Clara Decker.

Representatives from other Sabbath Schools promised to do what they could to establish these departments in their respective schools.

A vote of thanks was given to the organist, Miss Edna Deshong, and to Mr. E. H. Kirk.

How to Avoid Pneumonia.

You can avoid pneumonia and other serious results from a cold by taking Foley's Honey and Tar. It stops the cough, heals the lungs, and expels the cold from the system.

It would be well enough for persons passing through Big Bill Wink's pine field in Belfast township, after night, to look a leetle out, for it is said to be infested with foxes and bears.

When your Watch Stops

You cannot make it go by shaking it. When the bowels are constipated you can disturb them with cathartics but, like the watch, they will not be able to do their allotted work until they are put into proper condition to do it.

Lane's Family Medicine

is the method adopted by intelligent people. Headache, backache, indigestion, constipation, skin diseases—all are benefited immediately by the use of this medicine.

NORTH DAKOTA.

William King Says They Have Had a Nice Fall and Winter so Far. Dry Last Summer and Light Crops.

William King, formerly of this county, but who now is proprietor of the Fairview Dairy Farm at Cando, North Dakota, in remitting the coin necessary to advance his subscription to the News, well into the year 1908, says they are having a very nice fall and winter thus far—very little wind, and just snow enough to make the ground white, but not enough for sleighing.

Seven Years of Proof.

"I have had seven years of proof that Dr. King's New Discovery is the best medicine to take for coughs and colds and for every diseased condition of throat, chest or lungs," says W. V. Henry, of Panama, Mo.

Birthday Social.

As last Sunday was a birthday anniversary of Mrs. James W. Rummel, of this place, and she being one of the most faithful workers in the Lutheran church, the Missionary society of that church felt that they would give Mrs. Rummel a pleasant surprise.

So, on Saturday evening, with arms full of baskets well filled with good things to eat, and lots of packages of nice presents, the society marched to Mrs. Rummel's home, and what followed may easily be guessed by those who have taken part in those pleasant occasions.

Two Unwelcome Visitors Here.

At this season La Grippe and Pneumonia cause more deaths than consumption. Foley's Honey and Tar cures La Grippe coughs in it may result in pneumonia over night. Do not take chances with a cold when Foley's Honey and Tar will quickly cure it.

Like Water With Their Hay.

It is said in Norway a bucket of water is always placed within reach of a horse when he is taking his allowance of hay. "It is interesting," says the writer of the incident, "to see with what relish he takes a sip of one and a mouthful of the other alternately, sometimes only moistening his mouth as any rational being would do with a dinner of such dry food." A broken winded horse is seldom ever seen in Norway and the question is whether this mode of feeding has not a beneficial effect in preserving the animal's respiratory organs.

Pennsylvania has been awarded a gold medal by the Jamestown Exposition for the excellence of its historical exhibit at the fair. It was stated by the judges to have been the best on the grounds.

BUSINESS IS BETTER.

Encouraging Reports Tell That Mills and Factories Resume Operations.

Reports from many cities and industrial centers indicate a revival of business with the advent of the New Year. Conditions are much improved and indications are that the iron, steel, coke and coal industries will soon be going full time.

The Bank of England, owing to improved financial conditions in the United States, reduced the rate of discount from seven to six per cent; the Frick Coal Company posted notice that 7,000 coke ovens in the Pittsburgh district are to go back to work at once; the Susquehanna Coal Company reported a bright outlook with an increased output; the Lackawanna Steel Company decided to resume operations; the Pittsburgh Plate Glass Company, works No. 4, will go back to work on double turn with many orders ahead, and many smaller concerns posted orders of resumption.

MIND YOUR BUSINESS!

If you don't nobody will. It is your business to keep out of all the trouble you can and you can and will keep out of liver and bowel trouble if you take Dr. King's New Life Pills. They keep biliousness, malaria, and jaundice out of your system.

Millions Cross the Ocean.

Statistics of the trans-Atlantic passenger travel, East and West, during the year ended on Tuesday, show the enormous total of 2,957,328, as many persons as the combined population of St. Louis, Boston, Baltimore, Cleveland, Buffalo, San Francisco and Cincinnati.

During the year 972,640 more persons crossed the ocean between Europe and America than during the year 1906 and 1,541,151 more than in the year 1904.

Coming westward during the year were 1,699,340 persons, 200,000 more than the combined East and West travel in 1904.

During 1907, 1,257,328 persons went from America to Europe. During the year the number of foreigners resident in the United States was not increased as much as during the year 1906, although 150,536 more arrived from abroad.

WATCHED FIFTEEN YEARS.

"For fifteen years I have watched the working of Bucklen's Arnica Salve; and it has never failed to cure any sore, boil, ulcer or burn to which it was applied. It has saved us many a doctor bill," says A. F. Hardy, of East Wilton, Maine. 25. at Trout's drug store.

All Serene.

The trust president pushed the button and the general counsel stood before him.

"Have the books been burned?" "They have."

"Has the mortgage been erased, the bonds stolen, and the safe burned?" "It has been done."

"Then announce to the government that we have nothing to conceal."—Life.

Rev Robert F. McClain will preach in the Presbyterian church at this place next Sabbath morning and evening.

We have been requested to say that the primaries for the coming spring election will be held under the rules heretofore governing the party.

Cassawappa Tribe, No. 497, I. O. R. M., hunting grounds of McConnellsburg, had a very interesting council fire on last Thursday sleep. A number of pale faces were adopted, the warriors' braves' and chiefs' degrees being conferred. The council brand was kept burning until a late run. The boys are sharpening their scalping knives for some pale faces this Thursday run.

Feeding Skim Milk.

The secret in successfully feeding skim milk to calves is always to remember that it is not poor or weak food, but has all the nutriment of new milk except the fat and in a growing animal that is used to keep the system open or active rather than to make fat. If the skim milk is fed warm it does not seem to matter if it is a little turned, but do not give too much.

SIMPLE REMEDY FOR LA GRIPPE.

La grippe coughs are dangerous, as they frequently develop into pneumonia. Foley's Honey and Tar not only stops the cough but heals and strengthens the lungs so that no serious results need be feared. The genuine Foley's Honey and Tar contains no harmful drugs and is in a yellow package. Refuse substitutes. Trout's drug store.

FOR SALE BY J. A. ALLER, Knobsville, Pa.

All orders by mail promptly filled.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, no organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, putting it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Mr. D. Kauble, of Nevada, O., says: "I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me." Kodol Digests What You Eat and relieves the stomach of all nervous strain and the heart of all pressure. Bottles only, \$1.00. Size holding 2 1/2 times the trial size, which sells for 50c. Prepared by E. O. DAWITT & CO., OHIO.
