Everything taken into the stomach should be digested fully within a certain time. When you feel that your stomach is not in good order, that the food you have eaten is not being digested, take a good, natural digestant that will do the work the digestive juices are not doing. The best remedy known to day for all stomach troubles is Kodol, which is guaranteed to give prompt relief. It is a natural digestant; it digests what you eat, it is pleasant to take and is sold here by Trout's drug store.

Just as soon as you decide upon the date of your sale, send it to this office and have your sale entered in the Sale Register, thus you hold the date. Everybody reads the News, and the paper will do you more good in advertising your sale than the bills. You can send us the copy for your bills later. No charge for the place in the register when the bills are printed at the News office.

At times when you don't feel just right, when you have a bad stomach, take something right away that will assist digestion; not something that will stimulate for a time but something that will positively do the very work that the stomach performs under ordinary and normal conditions, something that will make the food digest. To do this you must take a natural digestant like Kodol for Dyspepsia. Kodol is a scientific preparation of vegetable acids with natural digestants and contains the same juices found in a healthy stomach. Each dose will digest more than 3,000 grains of food food. It is sure to afford prompt relief; it digests what you eat and is pleasant to take. Sold by Trout's drug store.

Wet Bad Corn. The cold unseasonable weather at the time the corn was maturing and the dampness of the Fall and Winter in general have combined to make the matter of keeping the crop a rather difficult one with many farmers. It was necessary to cut fodder before much frost had fallen and as a consequence much of the corn was put into shock before it was really ripe.

When husked and placed in the crib a great deal of the corn was wet and soggy and much of it has molded. The corn that fortunately had to be left in the shock on account of bad weather prevailing, is found to be far better condition. The fodder, too, that had to be left out in the fields until recently is much better than that was hauled in earlier in the Fall.

Marked for Death. "Three years ago I was marked for death. A grave-yard cough was tearing my lungs to pieces. Doctors failed to help me, and hope had fled, when my husband got Dr. King's New Discovery," says Mrs. A. C. Williams, of Bac, Ky. "The first dose helped me, and improvement kept on until I had gained 58 pounds in weight, and my health was fully restored." This medicine holds the world's healing record for coughs and colds and lung and throat diseases. It prevents pneumonia. Sold under guarantee at Trout's drug store. 50c and \$1.00. Trial bottle free.

Water Cure. Speaking of the dangers of excessive coffee drinking, an authority says nothing will so quickly and thoroughly take coffee from the system as to drink plenty of water through the day. A half an hour after breakfast a glassful should be drunk, and very soon another glassful. Three should be taken in this way through the morning, not drinking any later than half an hour before luncheon. Half an hour after luncheon the water cure may be begun again until, from breakfast to late dinner or supper, at least a quart has been taken. In this way the system is flushed and much deleterious matter is removed in natural ways.

A DANGEROUS OPERATION is the removal of the appendix by a surgeon. No one who takes Dr. King's New Life Pills is ever subjected to this frightful ordeal. They work so quietly you don't feel them. They cure constipation, headache, biliousness, and malaria. 25c at Trout's drug store.

What is a Man. A 150 pound man contains the constituents of 1,200 eggs. There is enough gas in him to fill a gasometer of 2,639 cubic feet. The iron in him would make four nails. Seventy-five candles and a large cake of soap could be made of the fat in him. He contains enough phosphorus to make 8,003 boxes of matches. There is enough hydrogen in him to fill a balloon and carry him up to the clouds. The remaining constituents of his body would yield, if utilized, six crates of salt, a bowl of sugar, and ten gallons of water.

THIS IS WORTH READING. Leo F. Zelinski, of 68 Gibson St., Buffalo, N. Y., says: "I cured the most annoying cold sore I ever had, with Bucklen's Arnica Salve. I applied this salve once a day for two days, when every trace of the sore was gone." Heals all sores. Sold under guarantee at Trout's drug store. 25c.
