Everything taken into the stomach should be digested fully within a certain time. When you feel that your stomach is not in good order, that the food you have eaten is not being digested, take a good, natural digestant that will do the work the digestive juices are not doing. The best remedy known to day for all stomach troubles is Kodol, which is guaranteed to give prompt relief. It is a natural digestant; it digests what you eat, it is pleasant to take and is sold here by Trout's drug store.

We notice in the Everett Republican that a happy crowd of Everett young people enjoyed a sled ride down to Brezewood on Monday evening of last week where they participated in a fine supper at the hospitable home of Mr. and Mrs. J. A. Truax. The editor of the News knows from experience that he never misses a good meal when he stops at Truax's.

At times when you don't feel just right, when you have a bad stomach, take something right away that will assist digestion; not something that will stimulate for a time but something that will positively do the very work that the stomach performs under ordinary and normal conditions, something that will make the food digest. To do this you must take a natural digestant like Kodol for Dyspepsia. Kodol is a scientific preparation of vegetable acids with natural digestants and contains the same juices found in a healthy stomach. Each dose will digest more than 3,000 grains of food. It is sure to afford prompt relief; it digests what you eat and is pleasant to take. Sold by Trout's drug store.

Report of Institute.
The meeting for farmers held at McNaughton's school house last Saturday, 8th inst. was quite a success. The full program was carried out. The old officers were retained for another year. It was thought best to defer any decision on the Road Question until the 22nd inst. Attention is called to the Supervisor's notice in another part of this issue of the News. The taxpayers of the township should attend the meeting in full force; or acquiesce in whatever decision is arrived at. W. C. PATTERSON, Secretary.

Modern Farming Pays Well.
Reports of standing committees of the state board of agriculture showed that the farmers of Pennsylvania are generally using the improved methods of farming and are operating their farms at a profit. The reports also showed that the feeding stuffs law was being vigorously enforced by the state department of agriculture; that the profits of dairy products were smaller than one year ago and that there was comparatively little tuberculosis among cattle in this state.
