At times when you don't feel just right, when you have a bad stomach, take something right away that will assist digestion; not something that will stimulate for a time but something that will positively do the very work that the stomach performs under ordinary and normal conditions, something that will make the food digest. To do this you must take a natural digestant like Kodol for Dyspepsia. Kodol is a scientific preparation of vegetable acids with natural digestants and contains the same juices found in a healthy stomach. Each dose will digest more than 3,000 grains of good food. It is sure to afford prompt relief; it digests what you eat and is pleasant to take. Sold by Trout's drug store.

We are pleased to note that Mrs. Mary J. Perkins has been reappointed postmaster at Hancock for four years more. Mrs. Perkins, who is the widow of the late Dr. W. H. Perkins, a man whom everybody respected, has been postmaster at that place for the past twelve years and so satisfactory has been her services and that of her assistant, Miss Nellie Perkins, that there was no opposition to her reappointment.—Morgan Messenger.
