One-haif column.... One Column....

Letter to W. H. Greathead, McConnellsburg Pa.

Dear Sir: A new word has come into use in paint; it is strong. Strong paint is paint as strong as paint can be. Weak paint not so strong.

If one paint takes 10 gallons to do a job and another 15, the 10 gallon paint is the stronger.

It one paint wears 10 years, and another 5, the 10 year paint is the stronger.

The strongest paint is the one that takes least galions and wears

longest. But do such differences exist? Yes and greater. Devoe is the strongest of all. A job that takes 10 gallons Devoe takes more than 20 of some. And a job of Devoe wears several times as long as a job of some paints.

O. E. Perry, East 8th St, Erie, Pa, painted two houses same time; with two paints same price; took 3 gallons Devoe to 4 of the other; and in three years Devoe was the better looking job.

There are strong and weak paints; we all want the strongest; paint can't be too strong.

Yours truly F. W. DEVOE & Co. P. S. J. A. Boyd, Mercersburg

and Norman O. Huber Chambers burg, sell our paint.

Town Lot for Sale.

### How Cough Germs Multiply.

When you have a cold the mucous membrane is inflamed and the disease germs which you breathe find lodgement and multiply, especially the pneumonia germ. Foley's Honey and Tar soothes and heals the inflamed expels the cold from your system. Refuse substitutes. Trout's drug store.

On Sabbath morning last, as Walter, the 13-year old son of Sarah Spriggs, colored, who makes his home with Mr. Amos Seville, west of town was so unfortunate as to break his right arm above the elbow. He was standing on the manger trying to put a bridle on a horse when he fell his arm catching in a crack between the boards of the stall breaking it.

### A NARROW ESCAPE.

Many people have a narrow es cape from pneumonia and con sumption as a result of a cold that hangs on. Foley's Honey and Tar cures coughs and colds no matter how deep seated and prevents pneumonia and con-sumption. Refuse substitutes. Trout's drug store.

Mr. Milton H. Snadle and family who have been living with Mrs. Shadle's father, John M. Kerlin, intend to move to Saltillo on the first of April.

Thomas H. Ramsey, president of the Wells township school board, represented his township officially in the Directors' Convention last Friday and paid the News office a friendly call.

Subject to the decision of the Democratic voters at the primary election to be held on Saturday, April 11 1908. Your support and horse from J. S. Mort, recently, influence solicited. I pledge myself to support the ticket nominated.

## Sweeping the Field

What The New 1908 De Laval Cream Separators are Doing.

Reports are arriving in every mail from Maine to California and Canada to Florida, telling of how the New Improved De Lavai Cream Separators are sweeping all would-be competition aside. Cow owners and separator users everywhere cannot say enough in praise of the new De Laval. Even competitors are admitting its vastly increased superiority and marvelling at its many conveniences, perfect skimming qualities, ease of running, great simplicity, durability and beauty of design. The new De Laval is ten years in advance of any other separator made to-day. Nothing like it has ever been produced before and to have done so now is only possible after three years of constant experimenting by the world's best engineers and mechanical experts backed up by our thirty years of experience in the manufacture and sale of nearly a million separators. Improvements have been made in every feature and several brand new styles and capacities introduced. There is a machine for every size dairy from the smallest to the largest and at a price that will fit every pocket, while you may buy for cash or on terms so I beral that the machine will actually pay for inself.

If you own one or more cows you can make no more profitable investment than to purchase a De Laval machine at once. It will save its cost in less than a year and after a week's use you will prize it as the most valuable implement on your farm. Ask for a free demonstration at your own home and send for our handsome new catalogue illustrating and describing De Laval machine in detail. Your on'yregret will be that you didn't do so sooner. Write to-day for Cata-
