Same Good Advice for Care for the Hair at Putting the hair to bed is some thing certain women never do, and other women do too much. The hair should always be taken down and combed until all the caugles have disappeared. By the way, in order to comb out the snarls, begin at the ends of the

hair and proceed upward, says Published Weekly. \$1.00 per The Designer for May. Many women do not know this, and by beginning at the scalp manage to comb a timid, moffensive tangle into a very pronounced and victous snarl. When you have made your hair feel "comfy," do your little nightly massage and braid your hair into two big, loose braids, one on each side of your head. Braid it loosely so the hair is fully ventilated (as it needs that, if going to grow), but tight enough so it won't come unbraid and proceed to acquire a million Dear Sir : A bank messenger or so tangles while you are blissbed knowing that you look pretty
