To Make Tough Steak Tender.

When meat is high priced it is not always possible to buy the most expensive cuts. The steak that is not porterhouse can be improved by treating it as the French chefs prepare their steaks to make them tender.

Receives Congratulations.

You will soon receive the congratulations of your friends upon your improved appearance if you will take Foley's Kidney Remedy and imparts new life and vigor.

When your Watch Stops

You cannot make it go by shaking it. When the bowels are constipated you can disturb them with cathartics but, like the watch, they will not be able to do their allotted work until they are put into proper condition to do it.

One cannot mend a delicate piece of mechanism by violent methods, and the use of pills, salts, castor-oil and strong cathartic medicines is the violent method. The use of the herb tonic laxative,

Lane's Family Medicine is the method adopted by intelligent people. Headache, backache, indigestion, constipation, skin diseases—all are benefited immediately by the use of this medicine. Druggists sell it at 25c. and 50c.

Walk Around World.

Joseph Mikulec, of Croatia, Austria, arrived in town yesterday from Chambersburg. He arrived via the pike and Shank's mare, as he is on a walking trip around the world.

Mikulec pays his expenses by selling postal cards. He is an affable young man, and speaks five languages. He has worn out fourteen pairs of stout shoes already, but keeps hiking on.

After spending the night here, he pushed vigorously on across the mountains toward Pittsburg.

Candidate for Congress.

Some voter in Northumberland county, on primary election day, while in playful mood, voted the name of J. E. Wolfe for Congress under the Prohibition party name. There was no avowed Prohibition candidate for the Congressional nomination in the district, and when the votes were counted it showed that Mr. Wolfe had received the only vote for that office cast by a Prohibitionist, and he is therefore a candidate for Congress by one vote.

CLEAR RIDGE.

We are having spring showers. Miss Lillian Fleming has been visiting relatives in Shade Valley during the past two weeks.

Miss Ethel Kerlin has gone to live in the home of Lemuel Cline at Burnt Cabins, for some time. Dandelion is now in bloom.

Jas. Carmack is improving, after an illness. He is able to walk around.

Mr. Nauss stopped at the Mowers House recently.

Curtis Starr, of Three Springs, and J. K. Reeder, of Laidig, were here Saturday, on business.

Mrs. Sarah Fields, an octogenarian of this place, is not very well at this writing.

Rainfall Estimate.

An acre contains 6,272,640 square inches of surface, an inch of rain means, therefore, the same number of cubic inches of water. A gallon contains 277.27 cubic inches of water, and an inch of rainfall means 22,622 gallons of water to the acre, and, as a gallon of water weighs 10 pounds, the rainfall of an acre is 226,220 pounds.

KEEPING OPEN HOUSE.

Everybody is welcome when we feel good; and we feel that way only when our digestive organs are working properly. Dr. King's New Life Pills regulate the action of stomach, liver and bowels so perfectly one can't help feeling good when he uses these pills.

Her Market Order.

Little Mrs. Hunter had heard so many jokes about the brides who couldn't market successfully that she made up her mind that the first request she made of the market man would show her to be a sophisticated housewife.

To Condemn Pike.

A movement is now on foot to abolish the tollgates on the Waynesboro, Greencastle and Mercersburg turnpike. First steps for condemnation are now being taken.

Dr. D. A. Fisher and son, of Needmore, were among the visitors at the County Seat yesterday.

Mrs. Buggins—"Before we were married you used to pay me compliments." Mr. Buggins—"Yes, but that was before I had to pay your bills."

Rev. Will Correll of Ironton, Ohio, has just concluded a very successful series of revival services in his church in that city. He preached 120 consecutive days; 265 persons publicly confessed Christ in one service.

SHIPS TO MAKE 42,000 MILES.

One Lap of Fleet's Journey to Be Recorded for War Vessels.

Washington, D. C., April 27.—A total of approximately 42,500 miles will have been covered by the Atlantic battleship fleet when it arrives at Hampton Roads on February 22 next, according to the estimates made by the naval officials. The distance to be covered, according to an itinerary made public to-day for the voyage of the fleet from San Francisco to the Philippines, thence to China and Japan and back to Manila, is 16,218 miles. The longest lap of this distance is that from Honolulu to Auckland, 3850 miles, said by naval officials to be the greatest steaming distance ever made by any battleship fleet in the American Navy without stopping for coal.

This will require slightly over 10 days and the battleship Illinois, which, under ordinary circumstances, cannot carry enough fuel to steam 4000 miles, will store coal in bags on deck and also take fuel in her fire-room.

The Jumping Off Place.

"Consumption had me in its grasp; and I had almost reached the jumping off place, when I was advised to try Dr. King's New Discovery; and I want to say right now, it saved my life. Improvement began with the first bottle, and after taking one dozen bottles I was a well and happy man again," says George Moore, of Grimesland, N. C.

Ed. Berkestresser, who formerly was employed at Pitcairn has been home for some time. He is now busily engaged at home painting and making other improvements. He contemplated purchasing a horse, but we think for all the farther he goes, walking would be good exercise.

SUFFERING AND DOLLARS SAVED.

E. S. Loper, of Marilla, N. Y., says: "I am a carpenter, and have had many severe cuts healed by Bucklen's Arnica Salve. It has saved me suffering and dollars. It is by far the best healing salve I have ever found."

Worth Knowing.

Have a pair of men's buckskin gloves a size too large for the hands to use when sweeping and some other kind of housework. They will slip on and off readily and protect the hands.

Soap well applied to drawer slides will keep the drawers in furniture and closets from sticking.

IMPORTANT DECISION.

It is important that you should decide to take only Foley's Honey and Tar when you have a cough or cold as it will cure the most obstinate racking cough and expel the cold from your system. Foley's Honey and Tar contains no harmful drugs. Insist upon having it Trout's drug store.

Amenities of the Fair Sex.

Mrs. A.—I thought Mrs. C. was a friend of yours. Mrs. B.—And so she is. Mrs. A.—Well, she isn't. She's a hypocrite.

Hemstitch On Machine.

Cut strips of newspaper one inch wide and full length of the paper; use eight thicknesses. Tear off your hem, put the strips of paper with edges even between the edge of hem and where you have torn it from, then sew down through paper and cloth just the width of the seam from the edge.

WATERFALL.

Is our former correspondent lost in the mountain? Here go some items direct from our town.

Miss Maud Cunningham, of New Grenada, was visiting friends at this place Saturday.

Dean Bergstrosser who has been teaching the advanced school at Broad Top City the past winter is home, and has been admitted as a full member to the Waterfall Gentlemen of leisure club for a short and well earned vacation.

Chas. Newman, who has procured employment from his brother-in-law, Samuel Ludwig of Shore Valley, is now seen only in our town once a week.

Clark Bergstrosser has added very much to the appearance of his dwelling house by having a large porch built to the side and end. Wm. Laidig and force of carpenters from Hustontown did the work.

Emma Bergstrosser spent Saturday and Sunday at her former home in Salltillo.

Our progressive bee hunters are already on the War-Pat. We trust they shall not capture anymore innocent Yellow-Jackets.

The back porch should not be overlooked; make it as pleasant as you can for those who work around the kitchen.

Cream 24 hours old and very cold always whips best.

Cutting onions, turnips and carrots across the fibre makes them more tender when cooked.

Weak ammonia water will clean hair brushes very rapidly and will keep the brushes white and stiff.

To clean a chiffon blouse cover the blouse with powdered ammonia, roll it up tightly and leave it for a day or two. Then shake out the blouse, which will look like new.

Too frequent wearing of rubbers and rubber overshoes is a frequent source of tender feet. Stout shoes with heavy soles are the best for out-of-door use, except in snow or slush.

Fried cabbage is particularly good at this time of year. First boil the cabbage until tender, and when cold cut into small pieces. Cut some slices of bacon into strips, and put them into the frying pan. When they have commenced to cook, and the bottom of the pan is well greased, add the cabbage and fry until a light brown. Season with salt and pepper.

Hot Stove—Cool Kitchen

How do you expect to endure the broiling days of summer if you prepare all the food over a glowing coal fire? You need a "New Perfection" Oil Stove that will do the cooking without cooking the cook. It concentrates plenty of heat under the pot and diffuses the room or none through the room. Therefore, when working with the

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

the kitchen actually seems as comfortable as you could wish it to be.

This, in itself, is wonderful, but, more than that, the "New Perfection" Oil Stove does perfectly everything that any stove can do. It is an ideal all-around cook-stove. Made in three sizes, and fully warranted. If not with your dealer, write our nearest agency.

The Rayo Lamp a substantial, strongly made and handsome lamp. Burns for hours with a strong, mellow light. Just what you need for evening reading or to light the dining-room. If not with your dealer, write our nearest agency.
