When you think of indigestion think of Kodol, for it is without doubt the only preparation that completely digests all classes of food. And that is what you need when you have indigestion or stomach trouble—something that will act promptly but thoroughly; something that will get right at the trouble and do the very work itself for the stomach by digesting the food that you eat, and that is Kodol. It is pleasant to take. It is sold at Trout's drug store.

Hon. H. K. Markley, of Warfordsburg, spent last Friday night at the County Seat. Notwithstanding the iron bridges across the creeks in the lower end of the county, Harry was compelled to go around by Hancock to reach McConnellsburg, on account of the waters being so high as to make it impossible to get to the bridges.

A great many people imagine they have heart trouble when the fact is that the whole trouble lies in the stomach. The pains in the side around the region of the heart are not necessarily heart trouble. We suggest that you start with the stomach and whenever you feel a depression after eating or whenever your food seems to nauseate take Kodol. It will not be very long until all these "heart pains" will disappear. Take Kodol now and until you know you are right again. There isn't any doubt about what it will find the truth of this statement verified after you have used Kodol for a few weeks. It is sold here by Trout's drug store.

DON'T BEGIN SCHOOL TOO EARLY

Nine Years Is The Right Age For Your Child To Begin Its Education.

Taking their inherited tendencies into consideration, as well as the demand made upon the vitality of every one, even children, nowadays, we find that the best preparation for life is a care-free childhood, and at the age of eight or nine regular occupation at the best school we can afford. Long before its eighth year however, the child's mind has begun to operate, and mothers should realize the importance of their position, as the first to drop into the little brains seeds that will be immortal. The beginning of any work is of the utmost importance, says the June Designer, and the time to give impressions in the right direction is when the child's sensibilities are tender. The mother, then, is the child's first teacher, and she must be careful what she writes upon that most delicate upturned page—its mind. Mothers frequently say, "Little children must not ask questions." How else are they to progress? Every healthy mind should feel that it is impelled onward to search for knowledge. "I want to know," is the best indication that the child is growing mentally.

Good For Everybody.

Mr. Norman R. Coulter, a prominent architect in the Delbert Building, San Francisco, says: "I fully endorse all that has been said of Electric Bitters as a tonic medicine. It is good for everybody. It corrects stomach, liver and kidney disorders in a prompt and efficient manner and builds up the system." Electric Bitters is the best spring medicine ever sold over a druggist's counter; as a blood purifier it is unequalled. 50c. at Trout's drug store.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, putting it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Mr. D. Kaube of Nevada, O., says: "I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Digestive Care for about four months and it cured me."
Kodol Digestive Care
and relieves the stomach of all nervous strain and the heart of all pressure. Sufferers only \$1.00 Size holding 2 1/2 times the normal size, which sells for 50c. Prepared by S. G. SWIFT & CO., CHICAGO.
