It is a pity to see a person neglect indications of kidney or bladder trouble that may result in Bright's disease when Foley's Kidney Remedy will correct irregularities and strengthen these organs. Take Foley's Kidney Remedy at the first sign of danger. Trout's drug store.

Worn out turnpikes in Blair county aren't worth much. A recent Blair county jury awarded the Hollidaysburg and Bedford Turnpike Company \$4,000 for the road. Fifty years ago when it was built it cost \$25,000 a mile to build it. It was the last of the old toll roads in Blair to be abandoned and made free from toll.

It is just as often bad management as ill luck or misfortune that is responsible for a fellow's not getting ahead in the world. We have in mind the case of an acquaintance who does not seem to appreciate the financial inconsistency involved in laying himself and his team off a job at which he realizes \$3 per day to haul a \$50 jag of hay. It does not require an expert financial accountant to make an accurate estimate of this man's financial status.

A great many people imagine they have heart trouble when the fact is that the whole trouble lies in the stomach. The pains in the side around the region of the heart are not necessarily heart trouble. We suggest that you start with the stomach and whenever you feel a depression after eating or whenever your food seems to nauseate take Kodol. It will not be very long until all these "heart pains" will disappear. Take Kodol now and until you know you are right again. There isn't any doubt about what it will find the truth of this statement verified after you have used Kodol for a few weeks. It is sold here by Trout's drug store.

Among those who are pushing ahead with the new pavement ordinance is Liveryman John Sheets. John has one of the finest properties in town. But all good things come high, and by the time he gets his nearly three hundred feet of pavement down, he will find that it takes cash. The new pavement will be a great improvement to his property, and a great convenience to the residents of the east side of South First Street.

Charles Besore, aged 34 years, a heman of the C. & G. trolley company, met almost instant death in Fayetteville, Franklin county, while at his work last Friday morning. He was up on a pole in front of the Lutheran church doing some repair work and it is supposed lost his hold. He slipped and came down the pole very rapidly with his arms and legs clasping the pole but not having sufficient grip to check his descent enough to break the shock. He struck the ground so hard that the prints of both feet were made deeply in the soft earth, and died in a few minutes.

As to Advertising.

The chief thing about successful advertising—of machinery or of any other thing—is that the advertised article must have in the world will not bring success unless the selling article has merit. The second essential is to select a good medium and advertise consistently and persistently. Every time your "ad" is read it makes an impression, the impression grows stronger and stronger with each repetition, and all in good time the buying point is reached. It may even take months and months of continuous advertising, but sooner or later the publicity your selling article has received is bound to bear fruit, and whether the fruit shall be tenfold or a hundredfold depends entirely on the advertiser himself. This is the unanimous opinion of men of widest experience in the advertising business.

Sweeping the Field

What The New 1908 De Laval Cream Separators are Doing.

Reports are arriving in every mail from Maine to California and Canada to Florida, telling of how the New Improved De Laval Cream Separators are sweeping all would-be competitors aside. Cow owners and separator users everywhere cannot say enough in praise of the new De Laval. Even competitors are admitting its vastly increased superiority and marvelling at its many conveniences, perfect skimming qualities, ease of running, great simplicity, durability and beauty of design. The new De Laval is ten years in advance of any other separator made to-day. Nothing like it has ever been produced before and to have done so now is only possible after three years of constant experimenting by our thirty best engineers and mechanical experts backed up by our thirty years of experience in the manufacture and sale of nearly a million separators. Improvements have been made in every feature and several brand new styles and capacities introduced. There is a machine for every size dairy from the smallest to the largest and at a price that will fit every pocket, while you may buy for cash or on terms so liberal that the machine will actually pay for itself.

If you own one or more cows you can make no more profitable investment than to purchase a De Laval machine at once. It will save its cost in less than a year and after a week's use you will prize it as the most valuable implement on your farm. Ask for a free demonstration at your own home and send for our handsome new catalogue illustrating and describing De Laval machine in detail. Your only regret will be that you didn't do so sooner. Write to-day for Catalogue or call on

Bad Breath.
A well-known physician, who undoubtedly knows, declares that bad breath has broken off more matches than bad temper.

There are ardent lovers who must sometimes wish that their sweethearts presented sweet mouths to be kissed. Good teeth cannot prevent bad breath when the stomach is disordered.

The best cure for bad breath is a cleansing out of the body by use of

Lane's Family Medicine
the tonic laxative.

This is a herb medicine, sold in 25c. and 50c. packages by drug-gists and it is saving more doctor's bills than any other medicine has ever saved.

It cures headache, backache, indigestion, constipation and skin diseases.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, pushing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Mr. D. Kauble, of Nevada, O., says: "I had stomach trouble and was in a bad state as had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me."

Kodol Digests What You Eat
and relieves the stomach of all nervous strain and the heart of all pressure.

Bottles only \$1.00. Size holding 2 1/2 times the first size, which sells for 50c.
