Nature has provided the stomach with certain natural fluids known as the digestive juices, and it is through these juices that the food we eat is acted upon in such a way as to produce the rich, red blood that flows through the veins of our body and thereby makes us strong, healthy and robust, and it is the weakening of these digestive juices that destroys health. It is our own fault if we destroy our own health, and yet it is so easy for any one to put the stomach out of order. When you need to take something take it promptly, but take something you know is reliable—something like Kodol For Dyspepsia and indigestion. Kodol is pleasant to take, it is reliable and is guaranteed to give relief. It is sold by Trout's drug store.

An Orbisonia girl who was silly and gay for a nice home and husband did pray; she besought an old gypsy her fortune to tell, and the gypsy this bit of advice gave as well: "Always be cheerful and happy and bright; be gentle and modest and all will come right; learn how to cook and do things at home, from a house that's kept cosy a husband wont roam. She replied, I have always been cheerful, happy and bright, and gentle and modest and stayed in of nights; I know how to cook and do things at home, but I'm past twenty five and yet he don't come. If I get a home once I'll keep the house cosy. I'll feed him and love him and kiss him sub rosa. But what I'll do "if" is not worth a fig. What I want is a man be he little or big.

Stomach troubles are very common in the summer time, and you should not only be very careful about what you eat just now, but more than this, you should be careful not to allow your stomach to become disordered, and when the stomach goes wrong take Kodol. It is sold here at Trout's drug store.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased. Mr. D. Kuehle of Nevada, O., says: "I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me." **Kodol Digests What You Eat** and relieves the stomach of all nervous strain and the heart of all pressure. Bottles only \$1.00 Size holding 2 1/2 times the ordinary amount, which sells for 50c. Prepared by E. C. SWEET & CO., CHICAGO.
