W. R. Ward, of Dyersburg, Tenn., writes: "This is to certify that I have used Foley's Orino Laxative for chronic constipation, and it has proven without a doubt to be a thorough practical remedy for this trouble, and it is with pleasure I offer my conscientious reference." Trout's drug store.

Elder C. H. Mann, of the Presbyterian church at Greenhill assisted Elders Alexander and Sloan in the communion services at the Presbyterian church in this place last Sunday morning. Mr. Mann was accompanied to town by his daughter Miss Anna.

Mrs. S. L. Bowen, of Wayne, W. Va., writes: "I was a sufferer from kidney disease, so that at times I could not get out of bed, and when I did I could not stand straight. I took Foley's Kidney Remedy. One dollar bottle and part of the second cured me entirely." Foley's Kidney Remedy works wonders where others are a total failure. Trout's drug store.

Mrs. Emily Kelly, of Latrobe, Pa., spent a few days during the past week, in G. Newton Hoke's family, West Water street. She had been attending the Commencement exercises at Mercersburg, where her son was a student at the Academy. Mrs. Kelley is a grand-daughter of the late William Hoke, formerly of this place.

Stomach troubles are very common in the summer time, and you should not only be very careful about what you eat just now, but more than this, you should be careful not to allow your stomach to become disordered, and when the stomach goes wrong take Kodol. This is the best known preparation that is offered to the people today for dyspepsia or indigestion or any stomach trouble. Kodol digests all foods. It is pleasant to take. It is sold here at Trout's drug store.

O. L. King and F. R. King who are engaged in the job printing business at Salemville, Bedford county, spent last Thursday night in town enroute to Franklin county.

Nature has provided the stomach with certain natural fluids known as the digestive juices, and it is through these juices that the food we eat is acted upon in such a way as to produce the rich, red blood that flows through the veins of our body and thereby makes us strong, healthy and robust, and it is the weakening of these digestive juices that destroys health. It is our own fault if we destroy our own health, and yet it is so easy for any one to put the stomach out of order. When you need to take something take it promptly, but take something you know is reliable—something like Kodol For Dyspepsia and indigestion. Kodol is pleasant to take, it is reliable and is guaranteed to give relief. It is sold by Trout's drug store.

JAIL FOR SUPERVISORS

Who Fail to Do Duty is Suggestion of Judge.

"It might do some good for better roads in Butler county if some of the supervisors who fail of their duty were punished under the law and sent to jail," said Judge James M. Galbreath from the bench while giving instructions to constables to use vigilance in reporting sections of road needing repairs.

The court's words are the result of the threat of the Postoffice Department that unless more attention is given to the keeping of roads in condition rural mail service will be dispensed with in many parts of the county.

It came to the attention of Judge Galbreath that not in a single township in Butler county have the road supervisors obeyed the law by letting the contract for the removal of the loose stones from the roadways four times a year—May, June, August and October.

Loss on Postage Stamps.

The post office profits slightly by the destruction of stamps which have been paid for, and the treasury gets the benefit of bills which are lost and never found. A large source of irregular profit lies in the failure of bondholders to present their bonds for redemption. Unclaimed money in the treasury due to bondholders amounting to nearly a million dollars in 1861, and the sum is much greater now. Of a loan which fell due in 1900, the sum of thirty-two thousand dollars remains unclaimed. Nearly a hundred thousand dollars are still unpaid of the five per cent. bonds which were due in 1904. This year over a hundred million thirty-year four per cent. bonds came due on July 1. Special inducements were offered to secure early redemption. Yet at the end of the month thirteen million dollars still stood in the treasury on this account, although interest has ceased.—The Youth's Companion.

Produce England Gets.

Consul F. W. Mahin of Nottingham reports that the value of refrigerated produce annually imported into Great Britain is now close to \$200,000,000, about half of which comes from the British colonies. The United States and South America each contribute some \$30,000,000 worth, Russia about \$13,000,000 worth, the remainder being distributed among several countries. The greatest value is of butter and cheese, about \$75,000,000. Beef is next, nearly \$50,000,000; mutton, \$30,000,000; eggs, over \$10,000,000.

THE BOTTLE-FED BABY—The bottle fed baby, especially in summer, is a source of great care and anxiety to the mother. The preparation of its food requires great judgment and patience. In the first place, there is the outfit to be considered. There should be bottles sufficient in number for a fresh one for every feeding during the twenty four hours, for it is generally best to prepare that amount of food at one time, though some may prefer to do it twice in the day. As a general thing, the milk has to be heated to destroy the germs. When it is boiled it is said to have been sterilized; when it is brought to a temperature less than boiling (150 to 170) it is said to have been pasteurized, so that a kettle to hold the bottles is necessary and a thermometer which registers 212 to show the amount of heat applied. A double boiler can be used, but it is better to get one of the sterilizers, which come for the purpose and which are not expensive. A measuring glass is essential. One is convenient which has marked on it the amounts of the different ingredients which are used to "modify" the milk. The word "modify" is employed to describe the treatment of cow's milk to make it resemble human milk. As it is less sweet than human milk, it needs the addition of sugar. Milk sugar is usually used. As it is acid and not alkali, lime water is put in. Human milk is also richer in fats, so to make up for this lack in cow's milk "top milk" is used or cream is added. The upper third of a quart bottle of milk that has stood in the refrigerator four hours is considered to contain the right amount of fat, and is called "top milk."—"The Care of Children" in the Ladies' World for June.

Gladdys Gracey has been spending the past week at New Grenada.

Leroy Edwards who has been spending his vacation for the past few weeks in "Old Fulton" expects to leave for his home at Johnstown this week.

There will be Children's Day Service held at Mt. Tabor, U. B. church at 10 o'clock Sunday morning, June 14th. Everybody welcome.

GROOMING COUNTS
But it cannot make a Fair Skin or a Glossy Coat.

Women with good complexions cannot be homely. Creams, lotions, washes and powders cannot make a fair skin. Every horseman knows that the satin coat of his thoroughbred comes from the animal's "all-right" condition. Let the horse get "off his feet" and his coat turns dull. Currying, brushing and rubbing will give him a clean coat, but cannot produce the coveted smoothness and gloss of the horse's skin, which is his complexion. The ladies will see the point.

Lane's Family Medicine

Is the best preparation for ladies who desire a gentle laxative medicine that will give the body perfect cleanliness internally and the wholesomeness that produces such skins as painters love to copy.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only treatable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time the delicate but vital organ becomes diseased.

Mr. D. Kauble, of Nevada, O. says: "I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me."
