PEOPLE'S MUTUAL LIFE INSURANCE ASSOCIATION

OF SYRACUSE, N. Y.

Most insurance companies pile up vast "Undivided Surplus" funds, ostensibly belonging to policy holders, yet as far beyond their reach as the moon. Statistics show that "Legal Reserve" companies now have

Two Billion, Five Hundred Million Dollars belonging to policy holders. It sounds good; in fact, it looks good in big black type—"Undivided Surplus," but what good is a surplus fund to you, if you can never get hold of your share of it?

We believe that the place for surplus is in the pockets of the policy holders; consequently, divide it every five years. Look this plan over, it will meet your needs. Four Certificates are issued, as follows:

Certificate No.	Cost Per Month	Weekly Benefit	Payment of Death Not to Exceed	Double Accident	Single Accident	Dividends Declared for 1917
1	\$1.00	\$ 5.00	\$100.00	\$100.00	\$ 50.00	\$100.00
2	2.00	10.00	200.00	200.00	100.00	200.00
3	3.00	15.00	300.00	300.00	150.00	300.00
4	4.00	20.00	400.00	400.00	200.00	400.00

In addition to the above cost each member is charged \$2. quarterly per capita tax. The plan is based upon the principle of benefit to the faithful. You have protection and the possibility of good returns for your investment.

Representatives of this Company, Messrs. Smith and Colgrove, who are located at the Fulton House, will be glad to thoroughly explain the contract.

The Decline of Bank Burglary.

Previous to 1893 there was seldom a year that the losses through bank burglaries did not amount to \$100,000, and in a number of years the losses amounted to several times that amount. The decline of professional bank burglary dates from 1895. In that year the American Bankers Association formed a protective committee for the extermination of bank burglars, and a contract was entered into with one of the leading detective agencies in the country.

In 1895 the banks of the country lost more than \$200,000 through burglaries. Of the 8,383 members last year, having an aggregate surplus, capital and deposits of more than \$12,000,000, only four members suffered losses from burglaries, the total loss of these four members amounting to only \$4,217. These four burglaries were committed by yeggmen, there not being a single professional bank burglary during the year. The extermination of these yeggmen is now the chief work of the protective committee.

DEATH WAS ON HIS HEELS.

Jesse P. Morris, of Slippers, Va., had a close call in the spring of 1906. He says: "An attack of pneumonia left me so weak and with such a fearful cough that my friends declared consumption had me, and death was on my heels. Then I was persuaded to try Dr. King's New Discovery. It helped me immediately, and after taking two and a half bottles I was a well man again. I found out that New Discovery is the best remedy for coughs and lung disease in all the world." Sold under guarantee at Trout's drug store. 50c and \$1.00. Trial bottle free.
