There is one preparation known to-day that will promptly help the stomach. This is Kodol. Kodol digests all classes of food, and it does it thoroughly, so that the use of Kodol for a time will without doubt help anyone who has stomach disorder or stomach trouble. Take Kodol today and continue it for the short time that it is necessary to give you complete relief. Kodol is sold by Trout's drug store.

It is a common sight to see a driver bring down the lash upon a horse with merciless severity without the slightest excuse for so doing. Often when he wants the horse to quicken its pace, and could do it just by a word, he uses the whip. Perhaps he prefers at the moment to swing his arm rather than exercise his vocal cords, and the horse must suffer for his whim. Man's treatment of the horse is barbarous beyond measure. It is the finest animal in the entire brute creation as well as the most useful, and because it is not revengeful, and because there is no law making it an assault and battery to whip a horse, unfeeling, unthinking and cowardly man treats it as though it had no sense of feeling.

This is what Hon. Jake Moore, State Warden of Georgia, says of Kodol For Dyspepsia: "E. C. De Witt & Co., Chicago, Ill.—Dear Sirs—I have suffered more than twenty years from indigestion. About eighteen months ago I had grown so much worse that I could not digest a crust of corn bread and could not retain anything on my stomach. I lost 25 lbs; in fact I made up my mind that I could not live but a short time, when a friend of mine recommended Kodol. I consented to try it to please him and was better in one day. I now weigh more than I ever did in my life and am in better health than for many years. Kodol did it. I kept a bottle constantly, and write it is hoping that humanity may be benefited. Yours very truly, Jake C. Moore, Atlanta, Aug. 10, 1901." Sold by Trout's drug store.

Dr. Charles R. Grissinger, of Bedford, spent last Saturday and Sunday in the home of F. G. Mills in this place.

Arthur Cunningham, of Mount Union, spent a couple of days here last week on business.

Kelferle and Kearns, musical instrument dealers in Lewistown and Mount Union, were in this vicinity last week. While driving in Taylor township, their buggy pole broke, and the sharp end of a piece of the pole ran into one of the horses, inflicting such serious injury that they were obliged to leave the animal at W. S. Gracely's, get a pair of shafts and continue their journey with one horse. While here, brother Kearns took a hand in a ball game with the boys, and using his straw hat for a back stop, the ball went on and so did the top of his hat.

Dr. R. B. Campbell attended last Sunday, the dedication of the new 27,000-dollar Presbyterian church at Mount Union. Guess his purse was lighter when he got through with that job—or when they got through with him.

The attraction here on the Fourth seemed to be toward Saltillo. Those who stayed at home decorated Bethel, getting ready for Childrens Day.

The Children's service Sunday evening was a success in every way—a full house, and the best of order and harmony prevailed. The children did nicely, and proved the saying that "in union there is strength." This world would be dreary and desolate without the children.

Since the establishment of the Rural Free Delivery service from Three Springs to New Grenada, and from Hopewell to Wells Tannery, our mail service has been badly crippled in many ways. For instance: Gracey postoffice and Enid postoffice are about five miles apart as the crow flies. Mail a letter at Enid in the morning, and that day it goes to New Grenada—about two miles, and remains in the New Grenada post office until 3 o'clock next afternoon, when it is taken to Three Springs, where it remains until noon of the following day; then it is conveyed by another of Uncle Sam's carriers to Waterfall, and placed in the care of Postmaster Witter, in whose custody it remains until the following day, when it is placed on the Saltillo route, and reaches its destination about noon of the fourth day out—or 78 hours from the time of its departure from Enid. Uncle Sam means to give the people service, but the changing of routes upon petition without careful examination of the "lay of the land," often makes matters worse as is exemplified in this case. The Saltillo carrier, instead of resting two hours at Waterfall, should come up to New Grenada, bring our County mail, and take what we have in return. As it is now, it takes two days to get a letter from here to the County Seat—a distance of twenty miles.

To overcome climate affections, lassitude, malaria, jaundice, biliousness, fever and ague, and general debility, the most effective remedy is Electric Bitters, the great alterative and blood purifier; the antidote for every form of bodily weakness, nervousness, and insomnia. Tree 1500 Years Old.

James Bergy, of Foreman township, Juniata county, inspector of fruit trees, has returned from Huntingdon county, where he was making an examination of fruit trees the past week. Mr. Bergy says that he found a swamp oak on the Joseph Oburn farm near Neff's Mill, in West township, Huntingdon county, that measured 38 feet in circumference at the ground, and 35 feet in circumference 2 feet above the ground. The tree is in perfect condition and is still growing and is believed to be about 1500 years old.—Orbisonia Dispatch.

When the Nose Bleeds.

When the nose is bleeding never hold it over a basin or hold the head down in any way. This only causes further rush of the blood to the broken tissues in the nose. The head should be held up and back, the flow being caught in handkerchiefs or cloths. One of the most effective and simple means of checking a nose-bleed is to press on the upper lip. Near the undersurface of the lip runs the artery that supplies the interior nasal passages where the ruptures occur. If this is pressed, the flow of blood is mechanically checked, thus allowing the blood around the broken tissues to coagulate and seal up the opening. If merely pressing with the finger does not succeed, place a wad of paper under the lip and fold the lip over it, holding it down tight. Again, if this does not succeed and a drug store is near get some adrenalin saturate a piece of cotton with it and apply to the interior of the nose from where the blood flows.
