Delaware is one of the oldest and most thickly settled counties of the state, and yet if the Chester Republican is to be credited, the women of that county are exposed to such danger from roaming tramps and drunkards that many of them have obtained permission to carry revolvers and are engaged in practicing daily. Some scenes of violence have occurred in the county during recent years and it was only the other day that a woman made a narrow escape from a violent death while another woman was brutally treated. The disposition of women who are alone for any considerable period of the day or night to arm themselves and to gain experience in the use of their weapons is not to be wondered at.

The Best Tonics. Fruit Trees.

Every one must have tonics occasionally; there are times when nothing will pick us up but medicine. In such cases go to a doctor without delay. In ordinary circumstances, the best tonics are to be found in sunshine, pure air, regular exercise, a healthful diet, and above all, plenty sleep.

These are medicine's great rivals in building up nerve power; without them it is helpless to do more than stimulate for the time. They are remedies which cause no reaction and build up by stealing into the system to restore its strength and tone.

The pity is that most of us would much prefer to take the doctor's medicine than to depend for our well-being on the regularity of self, that air, exercise, diet and early hours demand.

We pack in lined boxes, and pay all freight. We Label all trees, "Stark Bros.," Entomologist's certificate attached to all shipments. We Guarantee trees to be free from disease, when shipped, and grow or replace at half "each price."

CURED HAY FEVER AND SUMMER COLD. A. S. Nusbaum, Batesville Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." Trout's drug store.

Weak Hearts Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased. Mr. D. K. Kuhn, of Nevada, O., says: "I had stomach trouble and was in a bad state of mind. I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me. Kodol Digests What You Eat and relieves the stomach of all nervous strains and the heart of all pressure. BOTTLES ONLY. \$1.00 One bottle \$1.00. Three bottles \$2.50. Prepared by E. C.
