**Plain Words To a Young Man.**

Young fellow!  
The girl who works at your side—if you don't watch out—will forge ahead of you.

Honest, now—  
Girls are steadier, as a rule, than boys. They are more dependable. They do their work in best form. They are prompt and neat. They can be trusted. They do not loaf. They are conscientious. They are pleasant in their ways.

The girls do not smoke.  
They do not drink.  
They do not gamble.

In plain words, the moral character of girls, partly because society holds them to a severe standard, is higher than that of boys, as a rule. Is it not so?

Many a young man thinks character is an unimportant factor in business.

Don't you make that error.  
You cannot, must not, indulge bad habits, blow in your money, keep late hours, dissipate, and then fancy that because you show up on time in the morning, you will be none the worse for it.

In the long run you will lose out.

You may be perfectly honest.  
You may scorn to fish a cent of money from your employer. But you are so made that you cannot lose moral fiber and succeed. You are built that way.

All about you are the wrecks of men who shake their fists at society and say they have not had a fair show. Most of them have failed simply because they have lacked MORAL BACKBONE.

Remember, it is not simply "nice" to behave yourself. It is absolutely necessary.

What does that signify?  
It means that women are to be the cultured classes in the future. The boys stop in the grades and go out to make money. The girls stay in school and educate themselves. They do not stop there. Some go to colleges. Some join clubs and continue their studies.

Now—  
Do you suppose the cultured woman of the future can be dominated by a husband less cultured? In some cases maybe, but—

Unless present day tendencies of education are changed trouble lies ahead—for the men.

Oh, I know that well educated girl of yours will think little of this matter when you are first married, and you may think nothing of it, but the time may come when you will be notoriously unfitted for each other. That way may lie domestic trouble and divorce.

Get a hump on yourself, young man.  
Or the girl will distance you.

It is some comfort to know that the price of wooden legs has fallen to the lowest figure in years. Now is the time to saw your leg off and get the advantage of cut rates.
