KILLED BY DYNAMITE

Dee Hall, of Windsor, a drayman. An unknown tramp.

An unknown laborer. Yates and Dee Hall, the latter a were the most horribly though many received irayman, mangled, broken bones and were terribly cut. The injured were made up of the usual crowd commonly found about the railway station of the small town at train time. The explosion occur-red without warning, and the victims had no opportunity to escape. It was of such force that it tore a great hole in the ground where the car had stood and hurled pieces of the wrecked car and platform in all directions. The town was shaken

as if by an earthquake, and the explosion was heard from a radius of 50 miles. Most of the wreckage, fortunately, was sent in the opposite direction from the station, and to this fact alone may be laid the small sa of life

Unusual excitement followed the explosion, but as quickly as possible the dead and dying were carried to nearby houses and cared for. The telegraph wires were snapped by the explosion, cutting off communication by that means with outside points. As soon as the neighboring
