## GAS TRAGEDY IN BRIEF.

Twenty-five persons were kill-od by an explosion of gas in Brooklyn.

Nineteen workmen were crushby the debris or burned to

death. One woman and five children were killed. Samuel W. Trout, foremass

met death trying to save the Four men escaped by crawling through a connecting sewer line. Residents in the vicinity were

thrown into a panic by the force of the explosion. The bodies of the victims are being recovered with great diffi-

New York (Special) .- Twentyfive persons are believed to have lost their lives in an explosion of gas which tore up a great section of Gold Street, Brooklyn, It is definitely known that 15 persons were buried under the hundreds of tons of earth and timber that were thrown into the air by the explosion, and 10 more persons are reported as missing. The exact number of dead cannot be determined, for those working to recover the entombed bodies must dig through 50 feet of dirt, rock and a tangle of pipes and tim-

The explosion occurred in a fiftyfoot deep excavation that had been made in Gold Street between York and Front Streets, where a water main was being laid. The gas main recently sprung a leak, and in a manner unknown a spark came in contact with escaping gas. Immeditately there was a terrific explosion that lifted the surface of the street for half a block in both directions and hurled dirt, paving stones and dobris into the air.

When the smoke and dust cleared away it was seen that the street had been opened from doorstep to door- ago from Teheran. It was the step over an area of nearly a block.

Woods, the ex-president of the bank, and his associates immediately assumed con-troi, having recently gained control of a majority of the stock of the institution.

# SAYS MAN CAN

# of Life Can Be Cultivated.

New York (Special). - Charles Brodie Patterson, who has made a special study of longevity, told the Medico-Legal Society at the Waldorf-Astoria that, in his opinion, men and women may be able to live for-ever. He supported his contention by citing many authenticated cases of long life and arguing that it it is possible to increase the length of

life by 10 or 20 years, it is possible to increase it indefinitely. "There is," said Mr. Patterson, "a spirit of life which must be culti-

vated. Without paying the greatest attention to this inner world it is impossible for us to five indefinitely."

Miss Jessie Fowler said she know a man who was now 105 years old and who intended to walk from San Francisco to New York. She said that she had received corroborative proof of the death of a man in England a few weeks ago at the sge of 130 years, and that her investigations had convinced her that persons who live with care may arrive at almost any age they desire. Miss Fowler continued that one trouble with persons who set out to live long lives is that they indulge in

stimulauts. "Men who drink a quart of beer a day," she said, "may not feel the effects of that quart for many years, but sooner or later it will count

against them in their effort to obtain unusually long life."
Dr. U. O. B. Wingate, of Milwaukee, in discussing expert medical witnesses in court said: "Unless the court decides they are qualified they shoud not be permit ted to testify, but having gone the witness stand they should protected from lawyers.

#### WANTS PERSIAN PROVINCE. Turkey Reported As Planning To Seize Azerbalian.

London (By Cable). - A special dispatch received here from Teheran, Persia, says that the Turkish Am bassador to Persia, has left secretly for Constantinople. His departure is attributed, the dispatch continues to the rumored plan to bring about the annexation of the Persian prov-

ince of Azerbaijan to Turkey. The intimation contained in this dispatch is offset by the fact that the departure of the Turkish Am-
