

On the twentieth day of last month, a pair of fine twin boys were born to Mr. and Mrs. C. W. Lawyer, of Licking Creek township. One of the boys died on the day of his birth, and on Monday of this week the other died.

Reuben R. Sipes is nothing if he is not progressive, and this fall he has been busy hauling limestone from the Cove to burn another kiln on his farm in Licking Creek township. Mr. Sipes knows that after all no other fertilizer pays quite so well as lime.

B. T. Bence, of Three Springs, telegraph operator for the Pipe Line company at that place, has been transferred to the pumping station at Aughwick, where he will manipulate the keys of the new line and at a considerable advance of salary. Edgar Stevens succeeds Mr. Bence at Three Springs.

Robert N. Shimer, of this place, narrowly escaped an accident last Friday that might have proven very serious. He was in the cellar at his home on West Walnut street, splitting some wood, when the axe struck a joint and came down on Mr. Shimer's head, inflicting an ugly cut.

HIDES WANTED.—Highest market price paid for beef hides, horse hides, wildcat skins, and all kinds of greases, at Paul Wagner's Tannery, McConnellsburg.

There is said to be a general movement among sportsmen throughout the State for better protection of game, by means of a shorter hunting season. To this end November 1 is advocated for the beginning of the open season for squirrels, rabbits, pheasants and turkeys.

Grand Masonic Fair, at Hancock, November 25-26-27-28, benefit of Masonic Temple Fund. Band and Orchestra Concerts every night. Thursday, November 26 will be Pennsylvania night. There will be something done all the time. Meet your friends on the Appian Way—they will all be there.

The Chief Burgers of Waynesboro, who is also Director of the Wayne Band, gave orders to enforce the law about cleaning snow from sidewalks. He had the police make returns of those who disobeyed the law and fined each property holder \$1. In the list was himself, for he had forgotten a lot he owned. He paid up like a major.

HIDES.—James Sipes & Sons pay the highest market price for beef hides at their butcher shop in McConnellsburg, also highest price paid for calf skins, sheepskins and tallow.

The annual union Thanksgiving service in this place will be held in the Methodist Episcopal church at ten o'clock, Thursday morning, and the sermon will be delivered by Rev. Bryner. If you think the Almighty has not done enough for you during the past year to make it worth your while to go to church and show by your presence, at least, that you have a grain of gratitude in your heart, then don't waste your time but go ahead with your usual work.

N. E. Hoover of the Extract Company here, whose home is in Hustontown, according to the Fulton County News, was obliged to wheel John E. Jones of that town about 1 1/2 miles in a wheelbarrow because of Bryan's defeat. We think Hoover has got enough exercise to last awhile, this stunt in addition to the one he was compelled to fulfill here in Mount Union. Hoover is a good fellow and is true to his Democratic principles.—Mount Union Times.

Through the earnest efforts of Geo. A. Comerer, Mrs. Warrick Johnston, and Albert K. Nesbit, a Union Sunday school was conducted at Rockhill school house during the summer months, and while the area covered by the community adjacent to the school is somewhat restricted, the attendance and interest was more than ordinarily good during the entire summer, and has been productive of excellent results, as the following summary from the report will show: Total attendance for the term, 949; average attendance each Sunday, 43; Present every Sunday—Mrs. A. W. Johnston, Mr. A. K. Nesbit, Manie Unger, Bess Tritle, Virginia Tritle, Bertha Tritle, Cora Nesbit, Jeannette Nesbit, and Nettie Cooper.

The Pennsylvania Legislature will have a Republican majority of 177 on joint ballot. The Senate will be made up of 39 Republicans and 11 Democrats. This is a gain of one for the Democrats. In the House there will be 176 Republicans and 81 Democrats. In the last House there were 156 Republicans, 50 Democrats and one Independent.

An ice manufacturing and cold storage company has been organized in Bedford. The company proposes to manufacture ice from filtered and distilled water, thus making the ice absolutely pure. The greatest benefit so far as the county is concerned will be the cold storage end of the concern, for ample provisions are being made for the storing of eggs, apples, and such other articles as may be desirable or profitable to place in storage. The stock is issued in shares of \$50 each, and is taken up by the leading citizens of Bedford. An ice plant in McConnellsburg is a proposition worth considering. The supply from natural sources is somewhat uncertain, and then it sometimes happens that it is full of weeds, mud, to say nothing of other things that are not very conducive to the health of those who drink soda water, ice tea, lemonade, and other such drinks during the hot months.
