MISERY IN STOMACH

And Indigestion Vanishes in Five Minutes and You Feel Fine.

Why not start now—to-day, and forever rid yourself of Stomach trouble and Indigestion?

Pape's Diapepsin costs only 50 cents for a large case at any drug store here, and will relieve the most obstinate case of Indigestion and Upset Stomach in five minutes.

There is nothing else better to take Gas from Stomach and cleanse the stomach and intestines, and besides, one trianngle will digest and prepare for assimilation into the blood all your food the same as a sound, healthy stomach would do it.

When Diapepsin works your stomach rests—gets itself in order, cleans up—and then you feel like eating when you come to the table, and what you eat will do you good.

Absolute relief from all Stomach Misery is waiting for you as soon as you decide to begin taking Diapepsin.

Corn Greatest of Them All.

Corn fed pork furnishes our tables with millions of hams and sausages, besides bacon and lard. Corn produces the best of poultry and eggs, of which alone we as a nation, consume more (when measured by dollars) than we do of wheat.

It will only be a short time until Inauguration time, and, of course, that will be a great event in this City. Therefore, I advise all that have the means, to spend at least 4 or 5 days in this Capitol City.

I am sorry I have written so much concerning myself, but hope you will please remember that in all my daily tasks I am laboring among those who are in great need of both physical and spiritual strength.

Let us remember that the best and sweetest flowers of Paradise, God gives to his people when they are upon their knees.

CHRISTMAS IN WASHINGTON.

Miss Viola Hixson. Formerly of Brush Creek Valley, Tells How She Spent the Day in the Capitol City.

MY DEAR FRIENDS:—As the "Holiday Season" is over, I feel justified in writing a few lines to the readers of the good "FULTON COUNTY NEWS" again.

I trust each of you had a very Merry Xmas and a Happy New Year, and resolved at the close of '08 to make '09 the best year of your lives.

As for me, I can truthfully say that it was a grand privilege for me to be able to spend the "Holiday Season" in this World famed City, and I know that an education is best obtained by actual experience.

It was my duty, which delighted me very much, to visit hospitals, and obtain the number of patients which had no one to care for them, or to give them a gift for Xmas.

Xmas was observed by the people in general and many entertainments were rendered in the different churches. I came to the place where I did realize what a gift God gave when he gave us his only Begotten Son, etc. John 3:16.

Santa Claus was seen at the church entertainments, private homes, and on the streets; thus many children were made happy. Everything in general was made beautiful for the season.

We, as students did not receive any lectures during the Holidays; therefore, we had a more pleasant season than otherwise.

As the last hours of '08 came rolling by, watch-night meetings were held, bells were rung, etc., and it seemed that everybody began '09 with joy and thanks giving.

On New Year's day, President Roosevelt gave a public reception and therefore, I had the opportunity of shaking hands with him and seeing a large number of our country's noted men—such as sailors, soldiers, G. A. R. men and others.

It is only a short time until Inauguration time, and, of course, that will be a great event in this City. Therefore, I advise all that have the means, to spend at least 4 or 5 days in this Capitol City.

It was my privilege to sit in the pew in which President McKinley sat, when he attended church in the City, and at this time the same pew is occupied by Vice-President Fairbanks.

I am sorry I have written so much concerning myself, but hope you will please remember that in all my daily tasks I am laboring among those who are in great need of both physical and spiritual strength.

Let us remember that the best and sweetest flowers of Paradise, God gives to his people when they are upon their knees.

The Charm Worked.

The "new girl" paused, and glanced at her recently acquired mistress. This business of polishing silver in profound silence was getting on her nerves.

"Ain't it nice to get the laugh on people?" she inquired cheerily. All her life the mistress had been accused of being too easy with her "girls."

"Oh, yes," she continued blithely, "me an' my sister have the laugh on all the people in Elizabethtown (that's where my sister lives.) You see, her little girl had whooping cough an' every body said she'd have it 12 weeks."

The mistress remembered hearing a voice, singularly like her own, that had lifted itself up, and proclaimed: "If the employers of domestic help would remember that their maids are human beings and not machines, the servant problem would solve itself."

"No, she didn't; a lady gave her a cure," she says, "Get up every morning for three days just at dawn. Then pull a hair from the very middle of the baby's head; after that split open a piece of meat and put in the hair. Then tie the meat to a piece of bread an' feed it all to a big black dog. In three days the dog will have the whooping cough an' the baby will be better."

"And was she?" meekly inquired the owner of the silver. "Sure she was," returned the teller of strange tales.

"And the dog?" "He coughed so the man in the next house poisoned him."

Better Not Get Dyspepsia

If you can help it. Kodol prevents Dyspepsia, by effectually helping Nature to Relieve Indigestion. But don't trifle with Indigestion.

A great many people who have trifled with indigestion, have been sorry for it—when nervous or chronic dyspepsia resulted, and they have not been able to cure it.

Use Kodol and prevent having Dyspepsia. Everyone is subject to indigestion. Stomach derangement follows stomach abuse, just as naturally and just as surely as a sound and healthy stomach results upon the taking of Kodol.

When you experience sourness of stomach, belching of gas and nauseating fluid, bloated sensation, gnawing pain in the pit of the stomach, heart burn (so-called), diarrhoea, headaches, dullness or chronic tired feeling—you need Kodol. And then the quicker you take Kodol—the better. Eat what you want, let Kodol digest it.

Ordinary pepsin "dyspepsia tablets," physics, etc., are not likely to be of much benefit to you, in digestive ailments. Pepsin is only a partial digester—and physics are not digesters at all.

Kodol is a perfect digester. If you could see Kodol digesting every particle of food, of all kinds, in the glass test-tubes in our laboratories, you would know this just as well as we do.

Nature and Kodol will always cure a sick stomach—but in order to be cured, the stomach must rest. That is what Kodol does—rests the stomach, while the stomach gets well. Just as simple as A, B, C.

Our Guarantee. Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say, that it has not done you any good, return the bottle to the druggist and he will refund you the money without question or delay.
