The advertising merchant is the one who does the business in these days of push and enterprise. There are more newspaper readers today than ever before in the history of the world. The newspaper places your business under the eyes of the buyer. He sees what he wants, and, knowing where to find it looks up the wide awake merchant who asked him to come and see him. Success in these days of sharp competition calls for eternal vigilance. You can't keep a husler down.

Rhoda Redinger, sixteen-year-old daughter of Thomas Redinger, was standing near the open fireplace at her home near Chaneyville, Bedford county, on Wednesday morning of last week, when her clothes took fire, and she ran into the yard screaming for help. Her father came to her assistance, but all the clothing was burned from her body, and in terrible agony she suffered until death came to her relief that evening.

Clarence Conrad accompanied by his sister Lois, and Paul Martin, by his sister Lydia, drove down and spent last Friday evening very pleasantly in the home of Mr. and Mrs. Tobie Glazier below Webster Mills. As there is always more or less danger connected with traveling after night, the girls, in order to protect themselves against the perils of fast driving, "swapped" drivers, and had the satisfaction of getting home in perfect safety.

Simple Recipe for Home-Made Rheumatism and Kidney Cure.

To relieve the worst forms of Rheumatism, take a teaspoonful of the following mixture after each meal and at bedtime:

Fluid Extract Dandelion, one half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

These harmless ingredients can be obtained from our home druggists, and are easily mixed by shaking them well in a bottle. Relief is generally felt from the first few doses.

This prescription forces the clogged-up, inactive kidneys to filter and strain from the blood the poisonous waste matter and uric acid, which causes Rheumatism.

As Rheumatism is not only the most painful and torturous disease, but dangerous to life, this simple recipe will no doubt be greatly valued by many sufferers here at home, who should at once prepare the mixture to get this relief.

It is said that a person who would take this prescription regularly, a dose or two daily, or even a few times a week, would never have serious Kidney or Urinary disorders or Rheumatism.

Cut this out and preserve it. Good Rheumatism prescriptions which really relieve are scarce, indeed, and when you need it, you want it badly.

Good Company for 1909.

You are careful what choice of friends the young people of your household make. You do not open wide the door to those whose speech and behavior betray ill-breeding and lax morals. Are you as careful to shut it against books and periodicals that present vulgar and demoralizing pictures of life and its purpose? Perhaps you are among those who have found that The Youth's Companion occupies the same place in the family reading that the high minded young man or woman holds among your associates. The Companion is good without being "goody goody." It is entertaining, it is informing. In its stories it depicts life truly, but it chooses those phases of life in which duty, honor, loyalty are the guiding motives.

A full description of the current volume will be sent with sample copies of the paper to any address on request. The new subscriber who at once sends \$1.75 for a year's subscription will receive free The Companion's new Calendar for 1909, "In Grandmother's Garden," lithographed in thirteen colors.

To Meet a Contingency.

Congressman Burke, of Pittsburg, has offered a resolution in the house providing an amendment to the constitution to meet a contingency never heretofore acted upon, which is the filling of the presidential chair if the president-elect should die at any time between the date his election and the day of his inauguration. Under the present laws great chaos would result should a president-elect die before March 4. There is no law under which the vacancy could be filled. It is held by some good lawyers that the vice-president elect would not be eligible to the presidency should the president elect die before inauguration. The proposed amendment to the constitution provides that congress should be authorized to devise a means of filling the presidential chair in the emergency referred to.

OPPORTUNITY
KNOCKS AT THE DOORS OF M'CONNELLSBURG.

Will the Citizens Pull Together, Open the Doors, and Let It In?

The wise man grasps opportunity on the wing; the sluggish and slow reach for it after it is gone.

Automobile Bus Lines

are to-day to this country what electric street cars are in comparison to the old-time horse-cars; or the water works of to-day to the old well and the windlass. Who would want to exchange the advantages of the water works of the modern city, and go back to the old well for his water.

Where is the man or the woman that would prefer to ride in the old style stage coach in preference to an automobile bus? We are safe in saying without fear of contradiction, that there is not one.

In ourselves our fortune lies, and life is just what we make it.

Just so with any town or city, it is just what its citizens care to make it. McConnellsburg, situated in a beautiful valley and surrounded by fertile farms, farmed by a class of farmers second to none in the world, must work out its own destiny if the people living in this beautiful little city in this beautiful valley—richer in dollars and cents than any other city of its size in the world—decide that the old stage coach is good enough for them, why, then stage coach it will be forever. But if they will say the best means of transportation procurable is not quite good enough for us then it will be

Automobile Service From McConnellsburg to Greencastle Via Mercersburg.

To make this line a success we must have the support of all the people on the line. We will give you the best service possible. We are confident that our service is a great deal better than an electric railway, as we are able to put you off at your door step, while an Interurban Car puts you off at certain stops, which may be a mile or more from your home, and which is very inconvenient. We also are able to carry freight of all kinds for you, which will be of great help to you when not desiring to take the time to go personally.

There are at the present time a number of similar lines running, giving the best of satisfaction, and

MAKING :: MONEY

for the stock holders. We have no road bed to build and this is why we can pay a bigger dividend on money invested than a Street Car Company can ever hope to pay, and besides

You Pay No Money

into this Company until the cars are in operation. So that your investment begins working for you immediately. You are not waiting two or five years for the track to be completed before you can hope for any returns on your money, but get results at once. Stocks are 80 PER SHARE FULLY PAID AND NON-ASSESSABLE.
